Dementia Care With Black And Latino Families A Social Work Problem Solving Approach:

Dementia Care with Black and Latino Families Delia González Sanders, Richard Fortinsky, 2011-12-20 Designated a Doody's Core Title The authors have created a book that comfortably combines substantial research findings with readable practical guidelines for assessment and intervention in the real world practice of social work This authoritatively researched well written volume will appeal to the multiple disciplines involved in assisting dementia patients and their families It will also be useful for academic health care collections Highly recommended Choice Current Reviews for Academic Libraries Understanding the role of dementia caregivers in different ethnic and cultural contexts is one of the most important skills that social workers should master This comprehensive volume provides practical guidance for social work professionals who work with Black and Latino families living with the daily challenges of Alzheimer's disease and other forms of dementia It is grounded in the interpretation and meaning of dementia in Black and Latino cultural heritages and based on both a solid theoretical framework and the substantial research and clinical expertise of the authors Detailed step by step guidelines to assessment and intervention in ethnic specific situations provide useful strategies that go beyond generic solutions The text presents an overview of the epidemiology and clinical course of dementia with a focus on those forms of the disease most common to Blacks and Latinos It addresses family care and role responsibilities in ethnic families and their theoretical ethnic and cultural foundations Self efficacy and cognitive behavioral problem solving theories are discussed as modalities of choice The text also considers financial and service delivery trends and use of technology and provides detailed forms documents and dementia care resources Numerous case studies will help readers to quickly put information into the context of real world situations Key Features Provides concrete targeted interventions for assisting ethnic family caregivers in confronting day to day issues Explains how and why self efficacy and cognitive behavioral problem solving theories are particularly useful for social work with ethnic family caregivers Offers detailed step by step guidelines to assessment and intervention Includes problem solving forms documents and additional dementia care resources Contains vivid supporting case studies in each chapter

Dementia Care with Black and Latino Families Delia González Sanders, Richard Harold Fortinsky, 2011-12-20 Print CourseSmart [Caring for Latinxs with Dementia in a Globalized World](#) Hector Y. Adames, Yvette N.

Tazeau, 2020-03-25 This volume provides a broad and critical presentation of the behavioral and psychosocial treatments of Latinxs with dementia in the United States U S and across a representative sample of Spanish speaking countries in the world The compendium of chapters written by researchers practitioners and policy analysts from multiple disciplines provides a deep exploration of the current state of dementia care for Latinxs in the U S and around the globe The volume is designed to increase and strengthen the collective scientific and sociocultural understanding of the epidemiological and biopsychosocial factors as well as the overlapping systemic challenges that impact diagnosis and symptom management of Latinxs with dementia The authors introduce policy options to reduce risk factors for dementia and present culturally

responsive interventions that meet the needs of Latinx patients and their caregivers Highlighted topics featured in the book include Contextual cultural and socio political issues of Latinxs with dementia New meta analysis of dementia rates in the Americas and Caribbean Dementia related behavioral issues and placement considerations Educational diagnostic and supportive psychosocial interventions Pharmacological non pharmacological and ethnocultural healthcare interventions Intersectionality as a practice of dementia care for sexual and gender minoritized Latinxs Prescriptions for policy and programs to empower older Latinxs and their families Caring for Latinxs with Dementia in a Globalized World Behavioral and Psychosocial Treatments is a resource that accentuates and contextualizes the heterogeneity in nationality immigration race sexual orientation gender and political realities It is a key reference for a wide range of fields inclusive of demography geriatrics gerontology medicine mental health neurology neuropsychology nursing occupational therapy pharmacology psychiatry psychology rehabilitation social work sociology and statistics all of which collectively bear on the problem and the solutions for better care for Latinxs affected by dementia

Suffering Narratives of Older Adults Mary Beth Quaranta Morrissey, 2014-08-13 In *Suffering Narratives of Older Adults* Mary Beth Quaranta Morrissey turns to the traditions of phenomenology humanistic psychology and social work to provide an in depth exploration of the deep structure of the suffering experience She draws upon the notion of maternal holding to develop an original construct of maternal affordances the ground of possibility for human development agency and relational practices The conceptual analysis is based on the life narratives of several elders receiving chronic care in facility environments Creating new fields of communication for patients their family members and health professionals in processes of reflection and shared decision making this book builds on knowledge about suffering to help guide ethical action in preventing and relieving chronic pain and improving systems of care It offers a phenomenological approach to understanding the maternal as a primary domain of moral experience in serious illness and suffering and implications for policy practice and research A series of applied chapters looking at individual experiences of suffering and care experiences present critical areas of ethical inquiry including pain and suffering maternal relational ethics evaluation and moral deliberation about care options decision making and moral agency end of life experiences of care Exploring how an ecological relational perspective grounded in phenomenology may provide fruitful alternatives to traditional frameworks in bioethics this is an important contribution to the ongoing development of an ecological ethic of care It will be of interest to scholars and students of bioethics and phenomenological methods in the health and human services as well as practitioners in the field

Latinos in Nevada John P. Tuman, Tiffany O Howard, Nerses Kopalyan, David F. Damore, 2021-06-01 Throughout history the Latinx population has contributed substantially to Nevada s mining railroad farming ranching and tourism industries *Latinos in Nevada* provides a comprehensive analysis of this fastest growing and diverse ethnic group exploring the impact of the Hispanic Latinx population on the Silver State in the past present and future This extensive study by a distinguished and multidisciplinary

team of scholars discusses the impact of the Latinx population from the early development of the state of Nevada and highlights their roles in society as well as the specific implications of their growing presence in the state. It also contemplates the future of the Latinx population and the role they will continue to play in politics and the economy. This in-depth examination of a large and relatively understudied population will be of interest to scholars and students who study disparities in health and education opportunities as well as the political and economic climate among Latinos and other groups in Nevada and beyond. A political economic and demographic profile. This book explores the history, growth, and diversity of the Latinx population. Draws on an array of census data, voter surveys, statistics, interviews, and health education employment wages and immigration statistics. Evaluates key trends in employment, education, religion, and health. Analyzes the dynamics of political participation, including implications of a growing Latino political electorate in a western swing state. Assesses key determinants of health disparities, educational inequities, and civic engagement among Latinos in the state. Demonstrates the impact of the Great Recession of 2008 and provides a preliminary assessment of the COVID-19 pandemic on Latino employment.

A Public Health Strategy for Living, Aging and Dying in Solidarity Mary Beth Morrissey, Melissa Lang, Barney Newman, 2018-06-27

With more people living longer lives, there is increased importance in the health care industry on improving services for the elderly. This comprehensive book gives an expert overview of the topics and challenges along with imperative ethical and legal frameworks. The book also details existing programs and benefits in relation to a realistic portrayal of population needs. Other important issues are covered such as long-term palliative care and hospice, other vulnerable populations, elder abuse, public-private collaboration, evidence-based policy making, and much more.

International Handbook of Occupational Therapy Interventions Ingrid Söderback, 2014-11-25

Advanced therapies and technologies, new service delivery methods, and care upgrades in underserved areas are translating into improved quality of life for millions with disabilities. Occupational therapy parallels this progress at the individual level, balancing short-term recovery and adaptation with long-term independence and well-being. This Second Edition of the *International Handbook of Occupational Therapy Interventions* builds on its ground-breaking predecessor by modelling current clinical standards rooted in scientific evidence-based practice. Its interventions are applied to a diverse range of client disabilities with many new or rewritten chapters on workplace and vehicle accommodations, smart home technologies, end-of-life planning, and other salient topics. New introductory chapters spotlight core competencies in the field from assessing client needs and choosing appropriate interventions to evaluating programs and weighing priorities. And for increased educational value, interactive case studies allow readers an extra avenue for honing clinical reasoning and decision-making skills. Of particular note is a new chapter providing a taxonomy of the Occupational Therapy Intervention Framework and a validation study of its categories and concepts delineating the occupational therapist's roles and the expected outcomes. Intervention areas featured in the Handbook include Adaptive interventions (OTs manage and facilitate clients' adaptations), Learning interventions (OTs teach

and the clients learn or relearn Enabling interventions OTs enable clients to be meaningfully occupied Preventing interventions OTs prevent ill health and promote clients ability to sustain health in daily life The Second Edition of the International Handbook of Occupational Therapy Interventions is career affirming reading for all members of rehabilitation teams including occupational and physical therapists and rehabilitation nurses Students intending to enter this growing field and professionals working toward its continued improvement will find it useful and inspiring

Human Behavior Theory and Social Work Practice with Marginalized Oppressed Populations Roberta R. Greene, Michael Wright, Melvin Herring, Nicole Dubus, Taunya Wright, 2019-04-29 Human Behavior Theory and Social Work Practice with Marginalized Oppressed Populations addresses what social workers can do to combat the increasingly complex social concerns that face the profession and explores how to incorporate the celebration of diversity and the protection of human rights into social work curricula and the helping process The authors combine human behavior theories with a narrative postmodern practice methodology that deals with both the client s or constituencies presenting problem and equity issues and as a result the book is both theoretical and applied Two major integrating themes throughout are at the forefront of the book the celebration of diversity and the equality of human rights The goal is to strengthen diversity and human rights components of the social work curriculum and to provide more practice guidelines for cross cultural practice

Social Work Practice with Families Mary Patricia Van Hook, 2019-10-22 Social Work Practice with Families uses resiliency a strength based perspective to frame a collaborative approach to assessment and treatment with families In so doing the text aims to help practitioners select a therapeutic model that effectively assists in addressing risk factors and promoting important resources The book provides clear examples of the elements in a strength affirming assessment and engagement process discusses resiliency in terms of families belonging to various cultural groups and family structures and identifies resiliency issues and implications for practice with families facing major problems Including current evaluation research from the United States Canada and around the globe the text serves as a helpful resource to undergraduate and graduate social work students and practitioners

Social Work Intervention Trevor Lindsay, 2013-03-19 Since launching in 2003 Transforming Social Work Practice has become the market leading series for social work students These books use activities and case studies to build critical thinking and reflection skills and will help social work students to develop good practice through learning Social workers need to have a sound working knowledge of intervention as they are often balancing complex and sometime stressful circumstances with the individual needs of the service users Also as there are a wide range of social work interventions in current practice students will benefit from knowing the advantages and disadvantages of each model and approach This book on effective social work intervention will help students apply and integrate this knowledge in practice to critically evaluate different methods and to choose the most effective in any particular set of circumstances Fully revised to include new material on value based practice and direct links to the new Professional Capabilities Framework for Social Work this second

edition is essential reading for all social work students Resources in Education ,1997 Journal of Human Services Abstracts ,1984 Bibliographic Index ,2007 **Biomedical Index to PHS-supported Research** ,1995 **Annual Review of Gerontology and Geriatrics, Volume 1, 1980** ,1980-01-15 The second volume in this long running series presents the usual critical and intensive review chapters divided into five sections but also addresses particular topics of special interest including drugs and their use and misuse among the aged the nonmedication orientation to treatment of various disorders the immune system and clinical procedures in the management of urinary incontinence As with all the volumes the contributors represent an international array of leading experts *Resources in Education* ,1996

Cumulated Index Medicus ,1994 **Sociological Abstracts** Leo P. Chall,2001 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers Comprehensive Dissertation Index ,1989
