**Multiculturalism** Tariq Modood,2013-04-30 At a time when many public commentators are turning against multiculturalism in response to fears about militant Islam immigration or social cohesion Tariq Modood one of the world s leading authorities on multiculturalism provides a distinctive contribution to these debates He contends that the rise of Islamic terrorism has neither discredited

multiculturalism nor heralded a clash of civilizations. Instead, it has highlighted a central challenge for the 21st century: the urgent need to include Muslims in contemporary conceptions of democratic citizenship. In the second edition of this popular and compelling book, Modood updates his original argument with two new chapters. He reassesses the relationship between multiculturalism, cosmopolitanism, and assimilation, demonstrating that multiculturalism is crucial for successful integration. He also argues that while multiculturalism poses a significant challenge to existing forms of secularism, this challenge should not be exaggerated into a crisis. In so doing, Modood adds new vigor to the claim that multiculturalism remains a living force which is shaping our politics, even as its death is repeatedly announced. This book will appeal to students, researchers, and teachers of politics, sociology, and public policy, as well as to anyone interested in the prospects of multiculturalism today.
