Democracy In America:

Democracy in America Alexis de Tocqueville, 1900

Alexis de Tocqueville: Democracy in America (LOA #147)

Alexis de Tocqueville, 2004-02-09 An exclusive new translation of the most perceptive and influential book ever written about American politics and society the bible on democracy The Texas Observer This Library of America volume presents de Tocqueville's masterpiece in an entirely new translation the first to fully capture his style and provide a rigorous faithful rendering of his profound ideas and observations Alexis de Tocqueville a young aristocratic French lawyer came to the United States in 1831 to study its penitentiary systems His nine month visit and subsequent reading and reflection resulted in this landmark masterpiece of political observation and analysis In Democracy in America Tocqueville vividly describes the unprecedented social equality he found in America and explores its implications for European society in the emerging modern era His book provides enduring insight into the political consequences of widespread property ownership the potential dangers to liberty inherent in majority rule the vital role of religion in American life and the importance of civil institutions in an individualistic culture dominated by the pursuit of material self interest He also probes the deep differences between the free and slave states writing prophetically of racism bigotry and prejudice in the United States Brought to life by Arthur Goldhammer's clear fluid and vigorous translation this volume of Democracy in America is the first to fully capture Tocqueville's achievements both as an accomplished literary stylist and as a profound political thinker Democracy in

America Alexis de Tocqueville, 2001 A French aristocrat's account of the ways in which democratic ideals were applied in America during the nineteenth century **Democracy in America** Alexis Tocqueville, 2003-04-24 One of the most

influential political texts ever written on America and an indispensable authority on the nature of democracy In 1831 Alexis de Tocqueville a young French aristocrat and civil servant made a nine month journey through eastern America The result was Democracy in America a monumental study of the strengths and weaknesses of the nation's evolving politics Tocqueville looked to the flourishing democratic system in America as a possible model for post revolutionary France believing its egalitarian ideals reflected the spirit of the age This edition the only one that contains all Tocqueville's writings on America includes the rarely translated Two Weeks in the Wilderness an evocative account of Tocqueville's travels among the Iroquois and Chippeway and Excursion to Lake Oneida Translated by Gerald Bevan with an Introduction and Notes by Isaac Kramnick

Reconsidering Tocqueville's Democracy in America Abraham Seldin Eisenstadt, 1988

Democracy in America

Alexis de Tocqueville, 1998 Tocqueville examines the structure institution and operation of democracy and analyzes the lessons that Europe could learn from American successes and failures It continues to be an influential text on both sides of the Atlantic especially in the emerging democracies of Eastern Europe **Democracy in America** Alexis De

Tocqueville, 2003-07 For use in schools and libraries only A study of America's national government egalitarian ideals and character offers reflections on the effect of majority rule on the rights of individuals and provides insight into the rewards

and responsibilities of a democratic government

Best Work of Alexis de Tocqueville: Democracy in America — Volume 1 and Democracy in America — Volume 2 Alexis de Tocqueville, 2024-07-09 Explore the Definitive Works of Alexis de Tocqueville with Democracy in America Volume 1 and Democracy in America Volume 2 A Monumental Compilation Embark on a profound journey into the heart of democracy with this exceptional 2 Ebook combo showcasing the seminal works of Alexis de Tocqueville a visionary thinker whose insights continue to shape political discourse Book 1 Democracy in America Volume 1 by Alexis de Tocqueville A Comprehensive Study of Democracy s Foundations Step into the rich tapestry of American society as Tocqueville meticulously examines the principles that underpin democracy With keen observation and penetrating analysis Tocqueville explores the strengths and weaknesses of democratic governance offering invaluable insights into the nature of political participation individual liberty and the role of civil society Book 2 Democracy in America Volume 2 Alexis de Tocqueville s Continued Exploration of Democratic Institutions Continue your journey through the corridors of power with Tocqueville s second volume where he delves deeper into the intricacies of American democracy From the dynamics of majority rule to the challenges of reconciling equality with individualism Tocqueville s keen observations shed light on the complexities of democratic governance and its implications for society at large Immerse yourself in the profound wisdom and timeless insights of Alexis de Tocqueville whose visionary works continue to inform and inspire generations Join the Expedition through the Foundations of Democracy As you delve into the pages of Democracy in America Volume 1 and Democracy in America Volume 2 ponder this What are the enduring principles that sustain democracy and how can we navigate the challenges that threaten its foundations Let Tocqueville s seminal works guide you on a journey of discovery and enlightenment Don t miss this unparalleled 2 Ebook combo Your Exploration of Democracy s Essence Begins Now **Democracy in America - Volume 2** Alexis de Tocqueville, 2022-05-10 In the book Tocqueville examines the democratic revolution that he believed had been occurring over the previous several hundred years In 1831 Alexis de Tocqueville and Gustave de Beaumont were sent by the French government to study the American prison system In his later letters Tocqueville indicates that he and Beaumont used their official business as a pretext to study American society instead They arrived in New York City in May of that year and spent nine months traveling the United States studying the prisons and collecting information on American society including its religious political and economic character The two also briefly visited Canada spending a few days in the summer of 1831 in what was then Lower Canada modern day Quebec and Upper Canada modern day Ontario **Democracy in America - Volume 1** Alexis de Tocqueville, 2022-05-10 In the book Tocqueville examines the democratic revolution that he believed had been occurring over the previous several hundred years In 1831 Alexis de Tocqueville and Gustave de Beaumont were sent by the French government to study the American prison system In his later letters Tocqueville indicates that he and Beaumont used their official business as a pretext to study American society instead They arrived in New York City in May of that year and spent nine months traveling the United States studying the

prisons and collecting information on American society including its religious political and economic character The two also briefly visited Canada spending a few days in the summer of 1831 in what was then Lower Canada modern day Quebec and Upper Canada modern day Ontario

Democracy in America Alexis de Tocqueville, 2017-03-30 Translated by Henry Reeve

Democracy in America Alexis de Tocqueville, 2023-08-27 Reproduction of the original The publishing house Megali specialises in reproducing historical works in large print to make reading easier for people with impaired vision

Democracy in America Alexis De Tocqueville, Henry Reeve, 2024-11-24 The Americans live in a democratic state of society which has naturally suggested to them certain laws and a certain political character This same state of society has moreover engendered amongst them a multitude of feelings and opinions which were unknown amongst the elder aristocratic communities of Europe it has destroyed or modified all the relations which before existed and established others of a novel kind The aspect of civil society has been no less affected by these changes than that of the political world The former subject has been treated of in the work on the Democracy of America which I published five years ago to examine the latter is the object of the present book but these two parts complete each other and form one and the same work I must at once warn the reader against an error which would be extremely prejudicial to me When he finds that I attribute so many different consequences to the principle of equality he may thence infer that I consider that principle to be the sole cause of all that takes place in the present age but this would be to impute to me a very narrow view A multitude of opinions feelings and propensities are now in existence which owe their origin to circumstances unconnected with or even contrary to the principle of equality Thus if I were to select the United States as an example I could easily prove that the nature of the country the origin of its inhabitants the religion of its founders their acquired knowledge and their former habits have exercised and still exercise independently of democracy a vast influence upon the thoughts and feelings of that people Different causes but no less distinct from the circumstance of the equality of conditions might be traced in Europe and would explain a great portion of the occurrences taking place amongst us I acknowledge the existence of all these different causes and their power but my subject does not lead me to treat of them I have not undertaken to unfold the reason of all our inclinations and all our notions my only object is to show in what respects the principle of equality has modified both the former and the latter Some readers may perhaps be astonished that firmly persuaded as I am that the democratic revolution which we are witnessing is an irresistible fact against which it would be neither desirable nor wise to struggle I should often have had occasion in this book to address language of such severity to those democratic communities which this revolution has brought into being My answer is simply

that it is because I am not an adversary of democracy that I have sought to speak of democracy in all sincerity Men will not accept truth at the hands of their enemies and truth is seldom offered to them by their friends for this reason I have spoken it I trust that my readers will find in this Second Part that impartiality which seems to have been remarked in the former work Placed as I am in the midst of the conflicting opinions between which we are divided I have endeavored to suppress within me for a time the favorable sympathies or the adverse emotions with which each of them inspires me If those who read this book can find a single sentence intended to flatter any of the great parties which have agitated my country or any of those petty factions which now harass and weaken it let such readers raise their voices to accuse me The subject I have sought to embrace is immense for it includes the greater part of the feelings and opinions to which the new state of society has given birth Such a subject is doubtless above my strength and in treating it I have not succeeded in satisfying myself But if I have not been able to reach the goal which I had in view my readers will at least do me the justice to acknowledge that I have conceived and followed up my undertaking in a spirit not unworthy of success A De T *Democracy in America?* Benjamin I. Page, Martin Gilens, 2020-04-02 Important and riveting The solution isn't to redistribute wealth from the haves to the have lesses It's to redistribute political power to everyone Robert B Reich America faces daunting problems stagnant wages high health care costs neglected schools deteriorating public services How did we get here Through decades of dysfunctional government In *Democracy in America* veteran political observers Benjamin I Page and Martin Gilens marshal an unprecedented array of evidence to show that while other countries have responded to a rapidly changing economy by helping people who've been left behind the United States has failed to do so Instead we have actually exacerbated inequality enriching corporations and the wealthy while leaving ordinary citizens to fend for themselves What's the solution More democracy More opportunities for citizens to shape what their government does To repair our democracy Page and Gilens argue we must change the way we choose candidates and conduct our elections reform our governing institutions and curb the power of money in politics By doing so we can reduce polarization and gridlock address pressing challenges and enact policies that truly reflect the interests of average Americans Updated with new information this book lays out a set of proposals that would boost citizen participation curb the power of money and democratize the House and Senate Brilliant indispensable and highly accessible New York Journal of Books *Democracy In America: Volume I & II* Alexis de Tocqueville, 2014-12-16 Over the course of nine months in 1831 Alexis de Tocqueville a French political thinker accompanied by Gustave de Beaumont travelled the United States under the pretext of studying the American prison system Over the course of his travels Tocqueville also studied American society religion politics and economics undertaking what would become one of the most comprehensive studies to that time of the practice of democracy in the United States First published in 1835 *Democracy in America* continues to be considered one of the foundational works of political science *Democracy in America* Volumes I and II includes both volumes of de Tocqueville's influential work Volume I explores the factors that

contributed to the success of democracy in the United States as well as the possible future of democracy in light of the unique religion and socio economic factors that existed in the United States at that time Volume II continues Tocqueville's exploration of the nature of democracy in the United States including an analysis of American civil society HarperTorch brings great works of non fiction and the dramatic arts to life in digital format upholding the highest standards in ebook production and celebrating reading in all its forms Look for more titles in the HarperTorch collection to build your digital library

The Making of Tocqueville's Democracy in America James T. Schleifer, 1980 It is impossible fully to understand the American experience apart from Alexis de Tocqueville's Democracy in America Moreover it is impossible fully to appreciate Tocqueville by assuming that he brought to his visitation to America or to the writing of his great work a fixed philosophical doctrine James T Schleifer documents where when and under what influences Tocqueville wrote different sections of his work In doing so Schleifer discloses the mental processes through which Tocqueville passed in reflecting on his experiences in America and transforming these reflections into the most original and revealing book ever written about Americans For the first time the evolution of a number of Tocqueville's central themes democracy individualism centralization despotism emerges into clear relief As Russell B Nye has observed Schleifer's study is a model of intellectual history an account of the intertwining of a man a set of ideas and the final product a book The Liberty Fund second edition includes a new preface by the author and an epilogue The Problem of the Two Democracies

Democracy in America Alexis de Tocqueville, 2015-06-02 Democracy in America Volume One is probably the most well known work of Alexis De Tocqueville a French author and philosopher It is the author's examination of the social and political systems of the United States Tocqueville's book was a major success upon its release and immediately became popular in both Europe and the United States It is still considered one of the greatest pieces of political science literature ever written about the United States and is a foundational text for the further study of the subject matter It is a well written and highly readable book The author had visited America on assignment to investigate the penal system and while conducting his assigned research Tocqueville took a great interest in the larger political system of America The book is divided into chapters which each focus on a different aspect of the American political and social system The author approaches his subject matter thematically highlighting major themes including the distinct spheres of American life the influence of the country's Puritan foundation and the importance of the Federal Constitution on daily life Tocqueville is largely complementary of the American system and frequently draws on his knowledge of the French system for comparisons Democracy in America Volume One remains an important piece of writing nearly two hundred years after its initial publication Students of political science particular in the United States owe it to themselves to become familiar with Tocqueville's work Anybody interested in the social and political history of the United States is encouraged to add this work to their library About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an

important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Democracy in America (Collector's Edition) (Laminated Hardback with Jacket)* Alexis de Tocqueville, 2024-12-03 This insightful work examines America's democratic spirit highlighting the powerful complex influence of equality and freedom on its institutions society and civic life **Democracy in America** Alexis De Tocqueville, 2020-08-22 I think that in no country in the civilized world is less attention paid to philosophy than in the United States The Americans have no philosophical school of their own and they care but little for all the schools into which Europe is divided the very names of which are scarcely known to them Nevertheless it is easy to perceive that almost all the inhabitants of the United States conduct their understanding in the same manner and govern it by the same rules that is to say that without ever having taken the trouble to define the rules of a philosophical method they are in possession of one common to the whole people To evade the bondage of system and habit of family maxims class opinions and in some degree of national prejudices to accept tradition only as a means of information and existing facts only as a lesson used in doing otherwise and doing better to seek the reason of things for one's self and in one's self alone to tend to results without being bound to means and to aim at the substance through the form such are the principal characteristics of what I shall call the philosophical method of the Americans But if I go further and if I seek amongst these characteristics that which predominates over and includes almost all the rest I discover that in most of the operations of the mind each American appeals to the individual exercise of his own understanding alone America is therefore one of the countries in the world where philosophy is least studied and where the precepts of Descartes are best applied Nor is this surprising The Americans do not read the works of Descartes because their social condition deters them from speculative studies but they follow his maxims because this very social condition naturally disposes their understanding to adopt them In the midst of the continual movement which agitates a democratic community the tie which unites one generation to another is relaxed or broken every man readily loses the trace of the ideas of his forefathers or takes no care about them Nor can men living in this state of society derive their belief from the opinions of the class to which they belong for so to speak there are no longer any classes or those which still exist are composed of such mobile elements that their body can never exercise a real control over its members

Yeah, reviewing a book **Democracy In America** could ensue your close connections listings. This is just one of the solutions for you to be successful. As understood, attainment does not recommend that you have astonishing points.

Comprehending as competently as harmony even more than additional will offer each success. bordering to, the declaration as skillfully as perspicacity of this Democracy In America can be taken as capably as picked to act.
