Agonistic Democracy Marie Paxton, 2019-11-06 Agonistic Democracy explores how theoretical concepts from agonistic democracy can inform institutional design in order to mediate conflict in multicultural pluralist societies Drawing on the work of Foucault Nietzsche Schmitt and Arendt Marie Paxton outlines the importance of their themes of public contestation contingency and necessary interdependency for contemporary agonistic thinkers Paxton then delineates three distinct approaches to agonistic democracy David Owen's perfectionist agonism Mouffe's adversarial agonism and William Connolly and James Tully's inclusive agonism She demonstrates how each is fundamental to enabling citizens to cultivate better virtues for themselves and society Owen motivating democratic engagement Mouffe and enhancing relations of respect and understanding between conflicting citizens Connolly and Tully Situated within the context of a deeply polarised post Trump America and post Brexit Britain this book reveals the need to rethink our approach to conflict mediation through democratic institutions Pulling together insights from experimental research with deliberative democratic innovations Paxton explores how agonistic theory might be institutionalised further By discussing ways in which agonistic institutions might be developed to render democracy more virtuous more engaging and more inclusive this book provides a unique resource for students of contemporary political theory

Participatory Budgeting and Civic Tech Hollie Russon Gilman, 2016 Participatory budgeting is one of the most promising innovations in twenty first century democracy It was pioneered abroad but made its first appearance in the United States in 2009 in Chicago local government Participatory budgeting empowers citizens to identify community needs work with elected officials to craft budget proposals and vote on where and how to spend public funds It is effective at engaging citizens to be meaningful participants in democracy Unlike other forms of civic engagement participatory budgeting involves spending real public money on the priorities that the community identifies Participatory budgeting is catching on in cities across the United States such as Chicago New York Boston Detroit St Louis and San Francisco Hollie Russon Gilman has written a brief and accessible introduction to participatory budgeting in the United States This Digital Short will be ideal reading for students and practitioners

Why Citizen Participation Succeeds Or Fails Matt Ryan, 2021-07-15 Matt Ryan draws on ten years of research to deliver this

landmark comparative review of participatory budgeting or collective decisions on spending and taxation around the world With examples of both positive change and notable failure the book shows when and why citizens achieve this and how policy makers can foster democratic engagement *The Smart Enough City* Ben Green,2020-02-18 Why technology is not an end in itself and how cities can be smart enough using technology to promote democracy and equity Smart cities where technology is used to solve every problem are hailed as futuristic urban utopias We are promised that apps algorithms and artificial intelligence will relieve congestion restore democracy prevent crime and improve public services In *The Smart Enough City* Ben Green warns against seeing the city only through the lens of technology taking an exclusively technical view of urban life will lead to cities that appear smart but under the surface are rife with injustice and inequality He proposes instead that cities strive to be smart enough to embrace technology as a powerful tool when used in conjunction with other forms of social change but not to value technology as an end in itself In a technology centric smart city self driving cars have the run of downtown and force out pedestrians civic engagement is limited to requesting services through an app police use algorithms to justify and perpetuate racist practices and governments and private companies surveil public space to control behavior Green describes smart city efforts gone wrong but also smart enough alternatives attainable with the help of technology but not reducible to technology a livable city a democratic city a just city a responsible city and an innovative city By recognizing the complexity of urban life rather than merely seeing the city as something to optimize these Smart Enough Cities successfully incorporate technology into a holistic vision of justice and equity **Reimagining Democracy** Vincent Russell,2024-11-05 Reimagining Democracy Communication Activism Social Justice and Prefiguration in Participatory Budgeting presents findings from a multi year community based critical ethnography of two participatory budgeting PB processes in Denver Colorado Drawing on extensive fieldwork and in depth interviews with PB participants Vincent Russell argues that the PB processes served as sites of prefigurative communication activism where participants reimagined how government should operate and activists transformed social and power relations through their in group deliberations Participants from oppressed populations emphasized forging relationships and feelings of solidarity among each other as they struggled for liberation dignity and social justice Reimagining Democracy teaches important lessons about the state of democratic culture in the United States and offers alternative pathways for public decision making that hold the promise of restructuring practices processes and outcomes to be more socially just Written in an engaging style with a focus on narratives about social change this book is an important contribution for scholars practitioners and community members passionate about social justice activism Civic Power K.Sabeel Rahman,Hollie Russon Gilman,2019-08-29 What will it take to restore American democracy and rescue it from this moment of crisis Civic Power argues that the current threat to US democracy is rooted not just in the outcome of the 2016 election but in deeper systemic forms of inequality that concentrate economic and political power in the hands of the few at the expense of the many Drawing on historical and social science

research and case studies of contemporary democratic innovations across the country Civic Power calls for a broader approach to democracy reform focused on meaningfully redistributing power to citizens It advocates for both reviving grassroots civil society and novel approaches to governance policymaking civic technology and institutional design aimed at dismantling structural disparities to build a more inclusive empowered bottom up democracy where communities and people have greater voice power and agency

Activated Citizenship Marjan H. Ehsassi, 2024-08-14 To counter pervasive levels of citizen disengagement from political institutions this book examines democratic innovations that meaningfully engage with citizens to address some of the deficits of Western representative democracies Citizens assemblies provide one such innovation offering opportunities for more consistent participation between elections more meaningful input in government decision making and more impactful platforms for participation This cutting edge book introduces a new definition for an Activated Citizen along with a methodology to measure civic and political engagement Relying on a mixed methods approach and field research conducted in Paris Brussels Ottawa and Petaluma California as well as participant observations over 180 surveys 61 in depth interviews and storytelling the book provides case studies and in depth analysis of hotbutton topics including climate change unhoused populations democratic expression assisted suicide and euthanasia Each chapter weaves quantitative results with rich qualitative testimonies from participants government representatives and observers Based on empirical evidence the book explores the ways in which government led citizens assemblies can promote a more Activated Citizen To fully realize the transformative potential of deliberative platforms a final chapter offers a blueprint for impact outlining concrete measures along with recommendations for the design and implementation of future government initiated deliberative platforms Activated Citizenship urges the deliberative community to be more discerning and intentional to more positively impact participants knowledge sense of community enthusiasm political engagement as well as their sense of meaningful voice It will be required reading for all students and scholars interested in political participation and democratic innovation

Innovations, Reinvented Politics and Representative Democracy Agnès Alexandre-Collier, Alexandra Goujon, Guillaume Gourgues, 2020-04-07 This volume focuses on the issue of change in democratic politics in terms of experimental or actual innovations introduced either within political parties or outside the party system involving citizen participation and mobilization Including a wide and diverse range of alternatives in the organization of groups campaigning conducting initiatives and enhancing practices they not only question the relevance of traditional institutions in representing citizens values and interests but also share a common goal which is precisely and perhaps paradoxically to reshape and invigorate representative democracy This book is of key interest to scholars and students of party politics elections electoral studies social movement and democratic innovations and more broadly to comparative politics political theory and political sociology

Natural Language Processing: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources, 2019-11-01 As technology continues to become more sophisticated a computer s ability to understand

interpret and manipulate natural language is also accelerating Persistent research in the field of natural language processing enables an understanding of the world around us in addition to opportunities for manmade computing to mirror natural language processes that have existed for centuries Natural Language Processing Concepts Methodologies Tools and Applications is a vital reference source on the latest concepts processes and techniques for communication between computers and humans Highlighting a range of topics such as machine learning computational linguistics and semantic analysis this multi volume book is ideally designed for computer engineers computer and software developers IT professionals academicians researchers and upper level students seeking current research on the latest trends in the field of natural language processing

Universal Access in Human-Computer Interaction. Virtual, Augmented, and Intelligent Environments Margherita Antona,Constantine Stephanidis,2018-07-09 This two volume set LNCS 10907 and 10908 constitutes the refereed proceedings of the 12th International Conference on Universal Access in Human Computer Interaction UAHCI 2018 held as part of HCI International 2018 in Las Vegas NV USA in July 2018 The total of 1170 papers and 195 posters included in the 30 HCII 2018 proceedings volumes was carefully reviewed and selected from 4373 submissions The 48 papers presented in this volume were organized in topical sections named virtual and augmented reality for universal access intelligent assistive environments and access to the web social media education culture and social innovation

Crowdasset: Crowdfunding For Policymakers Oliver Gajda,Dan Marom,Timothy Wright,2020-06-03 Crowdfunding is already transforming the way many entrepreneurs and enterprises around the globe think about community engagement and fundraising for various causes This book puts forth the belief that policymakers public servants and various governments municipalities and regions can significantly benefit from crowdfunding through employing crowd related mechanisms within their frameworks and using their crowd as an asset a crowdasset Using real world examples this book explores the opportunities presented by crowdfunding and crowdfunded innovation and how major policymakers are already using crowdfunding and crowd mechanisms to accelerate innovation engagement and community transformation A guide for those involved in crowdfunding CrowdAsset brings readers through the journey of maximising crowd impact

Democracy Against Domination K. Sabeel Rahman,2017 How do realize democratic values in a complex deeply unequal modern economy and in the face of unresponsive governmental institutions Drawing on Progressive Era thought and sparked by the real policy challenges of financial regulation Democracy Against Domination offers a novel theory of democracy to answer these pressing questions

Rhetorical Criticism Sonja K. Foss,2025-07-28 This transformative text has taught the lively art of rhetorical criticism to thousands of readers becoming a revered standard With an unparalleled talent for distilling sophisticated rhetorical concepts and processes Sonja Foss provides an engagingly written practical guide delineating ten methods of doing rhetorical criticism Clear instructions describe the process for systematic investigation of symbolic acts and artifacts and the necessary ingredients for well reasoned explanations and analysis Accessible sample essays illustrate each

method and the same artifact is analyzed for nine of the methods to reveal the nuances and applicability of different approaches A deep understanding of rhetorical criticism equips readers to be engaged and active participants in shaping the nature of the world in which they live A chapter on feminist criticism features the disruption of conventional ideologies and practices The chapter on narrative criticism highlights storytelling in the digital world The emphasis on inquiry is invaluable for filtering meaning out of the communication encountered daily for example questions to ask processes to employ for interpretation assumptions to identify Understanding rhetoric helps readers judge the effectiveness accuracy and impact of symbols

The Oxford Handbook of Deliberative Democracy André Bächtiger, John S. Dryzek, Jane Mansbridge, Mark E. Warren, 2018-08-30 Deliberative democracy has been one of the main games in contemporary political theory for two decades growing enormously in size and importance in political science and many other disciplines The Oxford Handbook of Deliberative Democracy takes stock of deliberative democracy as a research field in philosophy in various research programmes in the social sciences and law and in political practice around the globe It provides a concise history of deliberative ideals in political thought and discusses their philosophical origins The Handbook locates deliberation in political systems with different spaces publics and venues including parliaments courts governance networks protests mini publics old and new media and everyday talk It engages with practical applications mapping deliberation as a reform movement and as a device for conflict resolution documenting the practice and study of deliberative democracy around the world and in global governance

Building Participatory Institutions in Latin America Lindsay Mayka, 2019-02-07 While prior studies have shown the importance of participatory institutions in strengthening civil society and in improving policy outcomes we know much less about why some participatory institutions take root while others do not This book explains the divergent trajectories of nationally mandated participatory institutions stickiness by highlighting the powerful and lasting impacts of their origins in different policy reform projects Mayka argues that participatory institutions take root when they are bundled into sweeping policy reforms which upend the status quo and mobilize unexpected coalitions behind participatory institution building In contrast participatory institutions created through reforms focused on deepening democracy are easy for entrenched interests to dismantle and sideline Building Participatory Institutions in Latin America draws on rich case studies of participatory institutions in Brazil and Colombia across three policy areas offering the first cross national comparative study of participatory institutions mandated at the national level

Beyond Bureaucracy Alois A. Paulin, Leonidas G. Anthopoulos, Christopher G. Reddick, 2017-04-22 This book examines the role of bureaucracy in modern technologically advanced societies the traditional models of governance and the potential of information technology to fundamentally change and improve governance In the area of public domain governance information and communication technologies ICTs have empowered public agencies to improve their activities and to strengthen the efficiency of their operations Technology has enabled optimized transfer of knowledge and information between government agencies more efficient supervision and

control of relationships with citizens and higher efficiency in law enforcement through better access to information Throughout the last decades technology has been used to strengthen the role of state bureaucracies and the relationship between the civil service and the citizens We have witnessed the transformative powers of ICTs in private sector enterprises in well structured technological landscapes which has produced new ecosystems comprised of software developers providers and consumers who provide and consume new products and services in ecosystems that are based on clear technological standards and shared modular generic artefacts which allow for distributed peer production ICTs will shape cultural and civic discourse and create products services and tools relying on the open toolsets technologies and exchange of knowledge between peers This book will be of particular interest to government CIOs IT IS managers researchers students and practitioners in technical sciences public administration business management public policy and IS management

Reviewing **Democracy Reinvented Participatory Budgeting Innovation**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing. Within the pages of "**Democracy Reinvented Participatory Budgeting Innovation**," an enthralling opus penned by a very acclaimed wordsmith, readers attempt an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.

Democracy Reinvented Participatory Budgeting Innovation Introduction

In today's digital age, the availability of Democracy Reinvented Participatory Budgeting Innovation books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Democracy Reinvented Participatory Budgeting Innovation books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Democracy Reinvented Participatory Budgeting Innovation books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Democracy Reinvented Participatory Budgeting Innovation versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Democracy Reinvented Participatory Budgeting Innovation books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Democracy Reinvented Participatory Budgeting Innovation books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Democracy Reinvented Participatory Budgeting Innovation

books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Democracy Reinvented Participatory Budgeting Innovation books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Democracy Reinvented Participatory Budgeting Innovation books and manuals for download and embark on your journey of knowledge?

FAQs About Democracy Reinvented Participatory Budgeting Innovation Books

1. Where can I buy Democracy Reinvented Participatory Budgeting Innovation books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Democracy Reinvented Participatory Budgeting Innovation book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
