### **Demythologizing Celibacy Practical Wisdom From Christian And Buddhist Monasticism:**

*Demythologizing Celibacy* William Skudlarek, 2008 In light of the Christian understanding of marriage as an authentic indeed the ordinary path to holiness Skudlarek proposes a demythologized view of celibacy presenting it as an alternate and equally valid spiritual practice for those who choose not to accept the demands of a committed sexual relationship Drawing on the monastic interreligious dialogue Skudlarek considers the Buddhist view of celibacy their regard for it as simply and profoundly a path to freedom peace and happiness As Christians become aware of the benefits of celibacy for monks who observe it without reference to the Gospel they may be able to appreciate all the more its importance and value for those who wish to follow Christ as celibates and in this way come to share in the freedom of the children of God

**Demythologizing Celibacy** William Skudlarek, 2017-06-15 When St Benedict compiled his Rule for Monasteries in the early decades of the sixth century the Buddhist monastic code had already been in existence for about nine hundred years Since monastic life is shaped by spiritual practices that are very similar across different religious traditions it should not be too much of a stretch to suggest that Christians can learn from the accumulated wisdom of Buddhist monasticism For Buddhists celibacy accompanied by skillful reflection on their personal reactions to it is a means of letting go of attachment to sensory pleasure Buddhist monks do not marry they strive to relinquish the desire for sexual pleasure because this form of gratification obstructs the one pointed stillness that leads to insight For Christians celibacy like marriage is ultimately about love responding to God's love for us and expressing selfless love for others In light of the Christian understanding of marriage as an authentic indeed the ordinary path to holiness Skudlarek proposes a demythologized view of celibacy presenting it as an alternate and equally valid spiritual practice for those who choose not to accept the demands of a committed sexual relationship Drawing on the monastic interreligious dialogue Skudlarek considers the Buddhist view of celibacy which is not mythologized as a response to a divine call or as a superhuman way of life He examines their regard for it as simply and profoundly a path to freedom peace and happiness As Christians become aware of the benefits of celibacy for monks who observe it without reference to the Gospel they may be able to appreciate all the more its importance and value for those who wish to follow Christ as celibates and in this way come to share in the freedom of the children of God

**Catholicism Engaging Other Faiths** Vladimir Latinovic, Gerard Mannion, Jason Welle, O.F.M., 2018-12-08 This book assesses how Vatican II opened up the Catholic Church to encounter dialogue and engagement with other world religions Opening with a contribution from the President of the Pontifical Council for Interreligious Dialogue Cardinal Jean Louis Tauran it next explores the impact relevance and promise of the Declaration *Nostra Aetate* before turning to consider how Vatican II in general has influenced interfaith dialogue and the intellectual and comparative study of world religions in the postconciliar decades as well as the contribution of particular past and present thinkers to the formation of current interreligious and comparative theological methods Additionally chapters consider interreligious dialogue vis vis theological

anthropology in conciliar documents openness to the spiritual practices of other faith traditions as a way of encouraging positive interreligious encounter the role of lay and new ecclesial movements in interreligious dialogue and the development of Monastic Interreligious Dialogue Finally it includes a range of perspectives on the fruits and future of Vatican II's opening to particular faiths such as Judaism Islam Hinduism and Buddhism

**Thomas Merton's Encounter with Buddhism and Beyond** Jaechan Anselmo Park, 219-04-15 Thomas Merton recognized the value and possibility of contemplative dialogue between monastics and contemplatives of other religious traditions and hoped that through such dialogue monastics would strive for inter monastic communion and a bonding of the broader spiritual family He held out hope that this bond would demonstrate the fundamental unity of humanity to a world that was becoming ever more materialistic and divided Among other themes and topics this book explores Thomas Merton's role as a pioneer of Buddhist Christian dialogue and monastic interreligious dialogue It delves into the process of Merton's self transformation through contemplative experiences explores his encounter with Zen and Tibetan Buddhists and his pioneering engagements in Buddhist Christian dialogue and presents and responds to the criticisms of those who raise questions about Merton's understanding of Buddhism

Green Monasticism , **Refuge in Crestone** Aaron Thomas Raverty, 2014-06-18 As globalization proceeds at an ever increasing and more unrelenting pace relations among the world's religions are taking on both a new visibility and a new urgency Christian theologians and others intent on innovative formulations in the theology of religions are making interreligious dialogue with non Christians a priority One way to promote creative scholarship in this quest is to tap into interdisciplinary resources and the author of this volume is uniquely qualified to do so since he holds graduate degrees in both theology and cultural anthropology Aaron Thomas Raverty's *Refuge in Crestone A Sanctuary for Interreligious Dialogue* elucidates how the praxis of interreligious dialogue as outlined in key Vatican documents in the Catholic Church could be better served by attending to the qualitative ethnographic methods of sociocultural anthropology Because the material behavioral and cognitive aspects of dialogue as revealed in daily life common social and political action religious experience and theological exchange are embedded in culture they are amenable to ethnographic analysis Using the unique multi religious Colorado site of Crestone and its environs as a fieldwork laboratory and self described Refuge for World Truths the ethnographic data gleaned from this project exemplify the creative interdisciplinary contributions of anthropology to theologizing It seeks to demonstrate using an empirical multi religious community as its focus how anthropology can support interreligious dialogue The results of such dialogue could not only assist the scholarly community by helping theologians arrive at new formulations in the burgeoning area of the theology of religions but might also serve the more practical goal of promoting peace as an alternative to violence in today's complex and sorely troubled world

**The Third Desert** Fabrice Blee, 2011-04-01 Over the course of its history the Christian monastic tradition has developed a desert spirituality of solitude silence and self knowledge that fosters openness to the divine presence and its transformative power Today the divine presence is manifesting itself anew in the desert of otherness that sacred space in which we encounter the other as one whose difference even of religion and spirituality can enrich us rather than as one who must be drawn to and converted to our own truth The encounter of Christians with other believers will increasingly become a place of hardship and testing that leads to union with the divine This third monastic desert is in reality the nucleus of the Kingdom

that is coming into being where communication becomes communion Such has been the experience of monastic men and women Buddhists Hindus and Christians who have engaged in dialogue Having discovered an unanticipated bond between dialogue and silence openness to the other and interiority Christian monks invite the whole Church to join them on this journey into the desert of otherness Fabrice Blee was born in epernay France He is a full professor on the faculty of theology of Saint Paul University Ottawa where he teaches in the areas of interreligious dialogue and Christian spirituality He is also the director of a series on Spiritualities in Dialogue MediasPaul a member of the editorial board of Dilatato Corde the online journal of Monastic Interreligious Dialogue and an advisor to the board of directors of the North American commission of Monastic Interreligious Dialogue

**Celibacy, Culture, and Society** Elisa Janine Sobo, Sandra Bell, 2001 What does celibacy mean for individuals and for the people around them What function does it serve This is the first cross cultural inquiry into the practice of celibacy around the world and through the ages among groups as diverse as Kenyan villagers and

U S prisoners Mazatec Shamans and Buddhist nuns and monks Shaker church members and anorexic women The examples of celibacy described here illustrate the complex relationship between human sexuality and its particular sociocultural context Ideas about the body gender family work religion health and other dimensions of life come sharply into focus as the contributors examine the many practices and institutions surrounding sexual abstinence They show that though celibacy is certainly sometimes a punishment or a deliberate ritual abstinence it also serves many other social and material functions and in some cases contributes to kin group survival and well being Celibacy Culture and Society represents a significant step toward understanding the functions and meanings of sexuality      *Monastic Quest and Interreligious Dialogue* Gilbert G. Hardy, 1990 This work is a fascinating analysis of a timeless and timely topic It treats of the monastic fact both phenomenologically and philosophically reflecting on the contemporary role of monasticism in the acute issue of dialogue among major religions especially between Buddhism and Christianity Hardy s approach is refreshingly open to the challenge of religious pluralism at the same time it is conscientiously honest in stating the limits of dialogical discourse when it comes to religious truth claims *Monastic Quest and Interreligious Dialogue* is at once thought provoking sobering and inspiring
