State, Foreign Operations, and Related Programs Appropriations for 2017 United States. Congress. House. Committee on Appropriations. Subcommittee on State, Foreign Operations, and Related Programs, 2016 *US Presidential Doctrines Handbook - Volume 1 President Barack Obama Doctrine - Strategic Information and Materials* IBP, Inc., 2017-01-11 US Presidential Doctrines Handbook Reagan Carter Clinton Bush Obama **SIPRI Yearbook 2015** Stockholm International Peace Research Institute, 2015-10 The 46th edition of the SIPRI Yearbook analyses developments in 2014 in security and conflicts military spending and armaments non proliferation arms control and disarmament Resurgent Russia R. Reed Anderson, Patrick J. Ellis, Antonio M. Paz, Kyle A. Reed, Lendy "Alamo" Rodriguez, John T. Vaughan, 2017-11-21 Relations between the United States and Russia have recently escalated from strained to outright aggressive From imperial expansion in Ukraine to intervention in Syria to Russian hacking during the US election in 2016 it is clear that the United States must be prepared to defend itself and its NATO allies against Russian aggression Resurgent Russia researched and written by six residents and internationally experienced officers at the US Army War College analyzes the current threat of Russian acts of war both conventional military attacks and unconventional cyber warfare or political attacks against the United States and NATO The officers detail how the America can use its international military resources and political influence to both prepare for and deter aggression ordered by Vladimir Putin making it clear that such an attack would be unsuccessful and therefore keeping the peace This study provides a clear assessment of how the United States and its allies must utilize their political and military power to deter Russian aggression and maintain the hierarchy of power in today's world **Refuge beyond Reach** David Scott FitzGerald, 2019-03-14 Refuge beyond Reach shows how rich democracies deliberately and systematically shut down most legal paths to safety Media pundits politicians and the public are often skeptical or ambivalent about granting asylum They fear that asylum seekers will impose economic and cultural costs and pose security threats to nationals Consequently governments of rich democratic countries attempt to limit who can approach their borders which often leads to refugees breaking immigration laws In Refuge beyond Reach David Scott FitzGerald traces how rich democracies have deliberately and systematically shut down most legal paths to safety Drawing on official government documents information obtained via WikiLeaks and interviews with asylum seekers he finds that for ninety nine percent of refugees the only way to find safety in one of the prosperous democracies of the Global North is to reach its territory and then ask for asylum FitzGerald shows how the US Canada Europe and Australia comply with the letter of law while violating the spirit of those laws through a range of deterrence methods first designed to keep out Jews fleeing the Nazis that have now evolved into a pervasive global system of remote control While some of the most draconian remote control practices continue in secret FitzGerald identifies some pressure points and finds that a diffuse humanitarian obligation to help those in need is more difficult for governments to evade than the law alone Refuge beyond Reach addresses one of the world's most pressing

challenges how to manage flows of refugees and other types of migrants and helps to identify the conditions under which individuals can access the protection of their universal rights **State, Foreign Operations, and Related Programs**

Appropriations for 2010 United States. Congress. House. Committee on Appropriations. Subcommittee on State, Foreign Operations, and Related Programs,2009 *The Budget of the United States Government* United States,United States. Office of Management and Budget,2014 **Congressional Record** United States. Congress,2015 Transatlantic Democracy Assistance Jan Hornat,2018-11-14 The approaches of EU institutions and the US to democracy assistance often vary quite significantly as both actors choose different means and tactics The nuances in the understandings of democracy on the part of the EU and the US lead to their promotion of models of democratic governance that are often quite divergent and in some respects clashing This book examines the sources of this divergence and by focusing on the role of the actors democratic identity it aims to explain the observation that both actors use divergent strategies and instruments to foster democratic governance in third countries Taking a constructivist view it demonstrates that the history expectations and experiences with democracy of each actor significantly inform their respective definition of democracy and thus the model of democracy they promote abroad This book will be of key interest to scholars students and practitioners in democracy promotion democratization political theory EU and US foreign policy and assistance and identity research *Parameters* ,2017

Reforming and Reorganizing U.S. Foreign Assistance Jeanne Shaheen,Todd Young,2017-08-01 This is the final report of the bipartisan CSIS Task Force on Reforming and Reorganizing U S Foreign Assistance As the Trump administration attempts to curb government spending particularly in foreign assistance this study reviews past attempts at reorganizing the U S Agency for International Development USAID and the U S Department of State and it provides recommendations for the new administration The task force consisted of former civil and foreign service officers and is co chaired by Senator Jeanne Shaheen D NH and Senator Todd Young R IN The report addresses the potential damage that can occur if these budget cuts are not done in an informed and effective manner It suggests that an uninformed merger of USAID State could damage U S national security and prosperity and adversely affect U S leadership and impact abroad The task force members have lived and worked through the Obama and Bush administrations and have important perspectives on how such reform and reorganization can be done in a productive way to maximize efficiency and resources *Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations for 2016: Office of the Secretary; Natural Resources Conservation Service; Marketing and regulatory programs; Food and Drug Administration* United States. Congress. House. Committee on Appropriations. Subcommittee on Agriculture, Rural Development, Food and Drug Administration, and Related Agencies,2015 State, Foreign Operations, and Related Programs Appropriations for 2010, Part 2, 111-1 Hearings, * ,2009 Putin's Asymmetric Assault on Democracy in Russia and Europe ,2018-04-24 The official U S government report on Russian interference in democracy around the world Most Americans were surprised to learn of

Russian efforts to manipulate the results of the 2016 presidential election and have become increasingly concerned about the vulnerabilities of our democracy Here for the first time in an official U S government report is the fascinating and detailed account of how ex KGB agent Vladimir Putin has used computer hackers official state spy agencies and even Russian organized crime thugs over the past thirty years to achieve his policy agenda not only for Russian political domination but also for his own enrichment and the enrichment of the oligarchs who control almost all aspects of the Russian economy This complete report includes chapters on Putin s Rise and Motivations Manipulation and Repression Inside Russia Old Active Measures and Modern Malign Influence Operations Weaponization of Civil Society Ideology Culture Crime and Energy Kremlin Interference in Semi Consolidated Democracies and Transitional Governments Kremlin Interference in Consolidated Democracies Multilateral and U S efforts to Counter the Kremlin s Asymmetric Arsenal In Putin s Asymmetric Assault on Democracy in Russia and Europe we learn about Vladimir Putin s rise to power through the KGB to mayor of St Petersburg and eventually as head of the Russian state We discover the history of how Putin used classic Cold War KGB tactics by weaponizing civil society culture ideology and Russia s criminal element against the nascent Russian democracy by cultivating and using ties to NGOs thinktanks extremist political groups the Russian orthodox church industrial and energy policy and the Russian Mafia We also see how the Kremlin then exported this political extortion intimidation and monetary corruption first to its Eastern European neighbors then their western partners in the European Union and how it has now landed on America s shores Just as certain people in the intelligence community became increasingly alarmed at the growing strength and sophistication of Al Qaeda in the late 1990s the senators and staffers of the U S Senate Committee on Foreign Relations are giving the nation fair warning of a 9 11 level assault on the United States this time by Russia s spy agencies Putin s Asymmetric Assault on Democracy in Russia and Europe reveals not only the history of Russia s devastating tactics but how to recognize and counter them [United States Statutes at Large](#) United States,2014 [Journal of the House of Representatives of the United States](#) United States. Congress. House,2009 Some vols include supplemental journals of such proceedings of the sessions as during the time they were depending were ordered to be kept secret and respecting which the injunction of secrecy was afterwards taken off by the order of the House *Empire of Borders* Todd Miller,2019-08-06 The United States is outsourcing its border patrol abroad and essentially expanding its borders in the process The twenty first century has witnessed the rapid hardening of international borders Security surveillance and militarization are widening the chasm between those who travel where they please and those whose movements are restricted But that is only part of the story As journalist Todd Miller reveals in *Empire of Borders* the nature of US borders has changed These boundaries have effectively expanded thousands of miles outside of US territory to encircle not simply American land but Washington s interests Resources training and agents from the United States infiltrate the Caribbean and Central America they reach across the Canadian border and they go even farther afield enforcing the division between Global South and North The

highly publicized focus on a wall between the United States and Mexico misses the bigger picture of strengthening border enforcement around the world *Empire of Borders* is a tremendous work of narrative investigative journalism that traces the rise of this border regime It delves into the practices of extreme vetting which raise the possibility of ideological tests and cyber policing for migrants and visitors a level of scrutiny that threatens fundamental freedoms and allows once again for America's security concerns to infringe upon the sovereign rights of other nations In Syria Guatemala Kenya Palestine Mexico the Philippines and elsewhere Miller finds that borders aren't making the world safe they are the frontline in a global war against the poor

The Evolution of the Islamic State Douglas C. Lovelace, 2016 *Terrorism Commentary on Security Documents* is a series that provides primary source documents and expert commentary on various topics relating to the worldwide effort to combat terrorism as well as efforts by the United States and other nations to protect their national security interests Volume 143 *The Evolution of the Islamic State* focuses on the U.S. response to the Islamic State (IS) both in Syria and Iraq from a foreign policy standpoint and a military strategy perspective as well as considering the impact of the rise of IS on the broader global jihadist movement Consideration is also given to the importance of information warfare in countering IS's worldwide recruiting efforts via the Internet This volume also includes documents examining related issues of great importance including a report considering IS's financing a report on the legal issues arising in connection with U.S. military action against IS the role of Shia warlords and militias in Iraq in opposing IS and the lessons that can be learned from the support provided to IS by European fighters

Survival February - March 2022 The International Institute for Strategic Studies (IISS), 2023-04-21 *Survival* the IISS's bimonthly journal challenges conventional wisdom and brings fresh often controversial perspectives on strategic issues of the moment In this issue The Ukraine crisis Robert Hunter argues that the most important requirement of successful US-led negotiations with Russia is that Moscow demonstrate that it is prepared to be a responsible international actor Erin Sikorsky contends that climate change should have a larger role in the day-to-day national security agendas of the United States and other countries Stephan Frhling and Andrew O'Neil warn that current US debates about no first use tend to underplay the broader alliance implications of any shift in US nuclear policy Rahul Roy Chaudhury and Kate Sullivan de Estrada assess that given the 2021 US FONOP targeting India Washington and New Delhi need to better manage their diverse positions on global governance especially in the maritime domain Nien chung Chang Liao warns that pragmatism in Chinese foreign policy is waning and considers why Chinese diplomats have become so aggressive And nine more thought provoking pieces as well as our regular Book Reviews and Noteworthy column Editor Dr Dana Allin Managing Editor Jonathan Stevenson Associate Editor Carolyn West Assistant Editor Jessica Watson
