Deporting our Souls Bill Ong Hing, 2006-10-16 In the past three decades images of undocumented immigrants pouring across the southern border have driven the immigration debate and policies have been implemented in response to those images The Oklahoma City bombings and the tragic events of September 11 both of questionable relevance to immigration policy have provided further impetus to implement strategies that are anti immigration in design and effect This book discusses the major immigration policy areas undocumented workers the immigration selection system deportation of aggravated felons national security and immigration policy and the integration of new Americans and the author suggests his own proposals on how to address the policy challenges from a perspective that encourages us to consider the moral consequences of our decisions The author also reviews some of the policies that have been put forth and ignored and suggests new policies that would be good for the country economically and socially

Living the Dream Maria Chavez, Jessica L Lavariega Monforti, Melissa R Michelson, 2015-11-17 In 2012 President Obama deferred the deportation of qualified undocumented youth with his policy of Deferred Action for Childhood Arrivals forever changing the lives of the approximately five million DREAMers currently in the United States Formerly illegal a generation of Latino youth have begun to build new lives based on their newfound legitimacy In this book the first to examine the lives of DREAMers in the wake of Obama's deferred action policy the authors relay the real life stories of more than 100 DREAMers from four states They assess the life circumstances in which undocumented Latino youth find themselves the racializing effects generated by current immigration public discourse and the permanent impact of this policy environment on DREAMers in America

A Companion to California History William Deverell, David Igler, 2014-01-28 This volume of original essays by leading scholars is an innovative thorough introduction to the history and culture of California Includes 30 essays by leading scholars in the field Essays range widely across perspectives including political social economic and environmental history Essays with similar approaches are paired and grouped to work as individual pieces and as companions to each other throughout the text Produced in association with the

Huntington USC Institute on California and the West **Opening the Floodgates** Kevin R. Johnson, 2007 Seeking to re imagine the meaning and significance of the international border Opening the Floodgates makes a case for eliminating the border as a legal construct that impedes the movement of people into this country Open migration policies deserve fuller analysis as evidenced by President Barack Obama s pledge to make immigration reform a priority Kevin R Johnson offers an alternative vision of how U S borders might be reconfigured grounded in moral economic and policy arguments for open borders Importantly liberalizing migration through an open borders policy would recognize that the enforcement of closed borders cannot stifle the strong perhaps irresistible economic social and political pressures that fuel international migration Controversially Johnson suggests that open borders are entirely consistent with efforts to prevent terrorism that have dominated immigration enforcement since the events of September 11 2001 More liberal migration he suggests would allow for full attention to be paid to the true dangers to public safety and national security Social Death Lisa Marie Cacho, 2012-01-01 Winner of the 2013 John Hope Franklin Book Prize presented by the American Studies Association Social Death tackles one of the core paradoxes of social justice struggles and scholarship that the battle to end oppression shares the moral grammar that structures exploitation and sanctions state violence Lisa Marie Cacho forcefully argues that the demands for personhood for those who in the eyes of society have little value depend on capitalist and heteropatriarchal measures of worth With poignant case studies Cacho illustrates that our very understanding of personhood is premised upon the unchallenged devaluation of criminalized populations of color Hence the reliance of rights based politics on notions of who is and is not a deserving member of society inadvertently replicates the logic that creates and normalizes states of social and literal death Her understanding of inalienable rights and personhood provides us the much needed comparative analytical and ethical tools to understand the racialized and nationalized tensions between racial groups Driven by a radical relentless critique Social Death challenges us to imagine a heretofore unthinkable politics and ethics that do not rest on neoliberal arguments about worth but rather emerge from the insurgent experiences of those negated persons who do not live by the norms that determine the productive patriotic law abiding and family oriented subject **The Sun Never Sets** Vivek Bald, 2013-07-22 Sujani Reddy is Five College Assistant Professor of Asian Pacific American Studies in the Department of American Studies at Amherst College Manu Vimalassery is Assistant Professor of History at Texas Tech University

Asian America Rising Diane Wong, Mark Tseng-Putterman, 2025-09-16 A collection of movement flashpoints and insurgent visions for Asian American activism In the late 1960s Asian American political activism emerged to unite disparate Asian diasporic communities living in the United States behind a radical political identity shaped by the Black Power and anti imperialist movements of their times Today Asian Americans are more diverse and at times more politically divided than ever before In media and electoral politics Asian Americans are celebrated as the fastest growing racial demographic in the United States and claimed as evidence of racial progress Yet the rise of Asian America rarely centers the coordinated forms

of grassroots political organizing that Asian Americans have used to shape their place in society In *Asian America Rising* Diane Wong and Mark Tseng Putterman bring together an interdisciplinary group of established and emerging scholars of Asian American activism and politics community organizers artists archivists and others to highlight the diversity of twenty first century Asian American political movements across a number of critical areas Based on deep collaborations between scholars and frontline organizers contributors like Diane Fujino Vichet Chhuon Lakshmi Sridaran and Kim Compoc examine different facets of the Asian American political experience including the impact of immigrant detention and deportation the emergence of conservative Chinese American opposition to affirmative action in higher education abolitionist perspectives on the Stop Asian Hate movement and transnational resistance to U S economic and military dominance in Hawai i the Philippines and Okinawa Ultimately Wong and Tseng Putterman show important shifts and emergent directions for Asian American politics in the twenty first century Focusing on grassroots mobilization and bold interventions beyond the formal political sphere they shine a light on the diversity and power of Asian American political activism cultural work community building mutual aid and multiracial issue based organizing
