**Mitchell's Point** George E. Monroe, Ph.D., 2002-02-01 The purpose of this book is to share a revelation The information on which this revelation is based came from the Universal Mind God It came in whispers It came through dreams It came when experiencing the heightened awareness of meditation or hypnotic trance or mental imagery It was often received in the form of startling intuition The vehicle for presenting this revelation is the story of one person's developmental journey from simple consciousness to cosmic awareness The main character Gregg arrives at a potent juncture in his life where all the negatives and positives seem to feed into a central purpose The more he learns the more he is able to see Events in his life that are no coincidence become ever more frequent and lead him to significant discoveries These discoveries accumulate and one day they result in a powerful flash of insight that he instantly knows is something vitally important for peace in the world and the ultimate survival of human life

**Riding with the Phoenix** George E. Monroe Ph.D., 2014-08-22 This book contains several different levels of meaning each with its own episodes of adventure intrigue and message The levels of discourse also can be seen as various stages in the sojourn of the main character Gregg from simple consciousness to cosmic awareness Several vehicles help Gregg reach his epiphanies including dreams meditation coincidences and two near death experiences A visit to Greece that included stops at the Delphic Oracles historic site and Agamemnon's tomb greatly expanded his perceptive abilities While standing inside the beehive shaped tomb he felt he had been slammed through a time warp to a new level of awareness which he would later describe as holographic awareness The group dynamics revelation that he divined or rediscovered through intuition dreams and meditation is certainly important enough in itself as it sheds light on many of the social ills of our day But the real power and value of this book is that it demonstrates how one person can and does reach higher levels of awareness and being Riding with the Phoenix provides fresh insights on and linkages to new research and understanding about human awareness It serves as a metaphor for the increasing consciousness of the entire human species so necessary in these times of the augmenting and unresolved transboundary and transcultural dilemmas that we face
