Demos George Gissing,1897 **Demos; A Story of English Socialism, by George Gissing** George Gissing,1897

Demos George Gissing,2014-04-10 Stanbury Hill remote but two hours walk from a region blasted with mine and factory and furnace shelters with its western slope a fair green valley a land of meadows and orchard untouched by poisonous breath At its foot lies the village of Wanley The opposite side of the hollow is clad with native wood skirting for more than a mile the bank of a shallow stream a tributary of the Severn Wanley consists in the main of one long street the houses are stone built with mullioned windows here and there showing a picturesque gable or a quaint old chimney The oldest buildings are four cottages which stand at the end of the street once upon a time they formed the country residence of the abbots of Belwick The abbey of that name still claims for its ruined self a portion of earth s surface but as it had the misfortune to be erected above the thickest coal seam in England its walls are blackened with the fume of collieries and shaken by the strain of mighty engines Climb Stanbury Hill at nightfall and looking eastward you behold far off a dusky ruddiness in the sky like the last of an angry sunset with a glass you can catch glimpses of little tongues of flame leaping and quivering on the horizon That is Belwick The good abbots who were wont to come out in the summer time to Wanley would be at a loss to recognise their consecrated home in those sooty relics Belwick with its hundred and fifty fire vomiting blast furnaces would to their eyes more nearly resemble a certain igneous realm of which they thought much in their sojourn upon earth and which we may assure ourselves they dream not of in the quietness of their last long sleep **Demos Illustrated** George
