Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort *A Thematic Access Oriented Bibliography of Jesus's Resurrection* addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e.g. Christian Jewish Muslim etc. agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find

ZAFAR, 2015      The Qur'anic Dilemma Abul Hasan, 2022-12-01 This book focuses on reconnecting with the lost rich humanitarian content of the Qur'an through a hermeneutical investigation of al Khidr's story Through an active engagement with primary and secondary sources the book provides a new analytic reading of this puzzling Qur'anic story By reinvestigating the largely overlooked pluralistic message in the Qur'an the book debunks an Islamic fundamentalism which often uses the text as a justification for ill informed choices that can be easily seen to drag the Qur'anic text in unexpected directions It introduces current academic controversies over proper addressing of critical issues in Islamic heritage and goes beyond mystic romanticization to clarify blind spots in reading al Khidr's story Through rethinking al Khidr's story the book addresses the exegetical classical and modern attempts to reconcile the Qur'anic unconditional endorsement of the right to life for everyone regardless of their faith with the perplexing reference to infidelity as a justification for killing found in chapter 18 The Qur'anic Dilemma will be of interest to all scholars of Islamic Studies or those interested in Qur'anic interpretation Muslim ethics or comparative theology      **Gender** Linda L. **Surviving the Cross** Christopher D. Banks,John S. Knox,2025-01-09 For Christians the crucifixion and resurrection of Jesus Christ are quintessential subjects as Jesus died on the cross and rose on the third day Unfortunately even after reading about the life of Jesus in the Bible and all that he has done and promised to do in the coming age many people choose to dispute the traditional story of Jesus Christ These skeptics have embraced other heterodox theories concerning the crucifixion such as the Swoon Theory which warrant a response Their interpretation whether it be based on genuine unfamiliarity or a lack of belief in who Jesus is cries out for clarification and correction This book seeks to help guide those towards the truth of Scripture that Jesus physically died on the cross and miraculously arose just three days afterward Therefore by investigating the circumstances surrounding the events of the crucifixion detailing what is medically plausible and observing what is historically recorded this book sheds greater light on the truths that Scripture asserts on the resurrection of Christ
