Demystifying The Caliphate Historical Memory And Contemporary Contexts:

Demystifying the Caliphate Madawi Al-Rasheed, Carool Kersten, Marat Shterin, 2012-12-11 An absorbing reflection on the Caliphate and the re imagining of the Muslim ummah as a diverse multi ethnic community Demystifying the Caliphate Madawi Al-Rasheed, Carool Kersten, Marat Shterin, 2013-01-31 Demystifying the Caliphate sheds light on both the historical debates following the demise of the last Ottoman Caliphate and controversies surrounding the recent calls to resurrect it transcending alarmist agendas to answer fundamental questions about why the memory of the Caliphate lingers on among diverse Muslims **Demystifying the Caliphate** Madawi Al-Rasheed, Carool Kersten, Marat Shterin, 2012-11-12 In Western popular imagination the Caliphate often conjures up an array of negative images while rallies organised in support of resurrecting the Caliphate are treated with a mixture of apprehension and disdain as if they were the first steps towards usurping democracy Yet these images and perceptions have little to do with reality While some Muslims may be nostalgic for the Caliphate only very few today seek to make that dream come true Yet the Caliphate can be evoked as a powerful rallying call and a symbol that draws on an imagined past and longing for reproducing or emulating it as an ideal Islamic polity The Caliphate today is a contested concept among many actors in the Muslim world Europe and beyond the reinvention and imagining of which may appear puzzling to most of us Demystifying the Caliphate sheds light on both the historical debates following the demise of the last Ottoman Caliphate and controversies surrounding recent calls to resurrect it transcending alarmist agendas to answer fundamental questions about why the memory of the Caliphate lingers on among diverse Muslims From London to the Caucasus to Jakarta Istanbul and Baghdad the contributors explore the concept of the Caliphate and the re imagining of the Muslim ummah as a diverse multi ethnic community *Women Representation in Governance in Nigeria* Prof. Abubakar O. Sulaiman, 2025-06-16 Despite accounting for 49.47% of the Nigerian population progress towards gender equity and women's empowerment in Nigeria has remained low in contrast to the Sustainable Development Goals (SDG) Target 5.5 In light of this NILDS under the leadership of Prof Abubakar O Sulaiman and with support from the management of the National Assembly is creating a platform for intellectual discourse and engagements on women socio economic and political empowerment The NILDS International Conference on Women in Governance provided a platform for experts government officials policymakers and other relevant stakeholder across Africa to discuss the challenges that women face in political participation and governance in Nigeria and Africa at large This ultimately led to this evidence based scientific reader that contributes to the corpus of literature in Africa *Middle Eastern Television Drama* Christa Salamandra, Nour Halabi, 2023-06-21 This monograph explores and investigates key issues facing Middle Eastern societies including religion and sectarianism history and collective memory urban space and socioeconomic difference policing and securitization and gender relations In the Middle East television drama creators serve as public intellectuals who with uncanny prescience tell the world something As this volume demonstrates fictional television provides a crucial space for social and political debate

Khalil, Gholam Khiabany, Tourya Guaaybess, Bilge Yesil, 2023-06-08 The Handbook of Media and Culture in the Middle East The Handbook of Media and Culture in the Middle East is an invaluable resource for anyone seeking to understand the profound and complex changes shaping the 21st century With trans regional contributions from established and emerging scholars this ground breaking volume offers conceptual essays and in depth chapters that present rich analyses grounded in historical and geopolitical contexts as well as key theory and empirical research Rather than viewing the Middle East as a monolithic culture this Handbook examines the diverse and multi local characteristics of the region s knowledge production dynamic media and rich cultures It addresses a wide range of topics including the evolving mainstream and alternative media competing histories in the region and pressing socio economic and media debates Additionally the Handbook explores the impact of regional and international politics on Middle Eastern cultures and media Designed to serve as a foundation for the next era of research in the field The Handbook of Media and Culture in the Middle East is essential reading for all academics scholars and media practitioners Its comprehensive scope makes it an excellent primary or supplementary textbook for undergraduate or graduate courses in global studies media and communication journalism anthropology sociology economics political science and history **The Abbasid Caliphate** Tayeb El-Hibri, 2021-04-22 The period of the Abbasid Caliphate 750 1258 has long been recognized as the formative period of Islamic civilization with its various achievements in the areas of science literature and culture This history of the Abbasid Caliphate from its foundation in 750 and golden age under Harun al Rashid to the conquest of Baghdad by the Mongols in 1258 examines the Caliphate as an empire and institution and probes its influence over Islamic culture and society Ranging widely to survey the entire five century history of the Abbasid dynasty Tayeb El

Hibri examines the resilience of the Caliphate as an institution as a focal point of religious definitions and as a source of legitimacy to various contemporary Islamic monarchies The study revisits ideas of golden age and decline with a new reading tries to separate Abbasid history from the myths of the Arabian Nights and shows how the legacy of the caliphs continues to resonate in the modern world in direct and indirect ways **Ancient Religions, Modern Politics** Michael A.

Cook,2014-03-23 Why Islam is more political and fundamentalist than other religions Why does Islam play a larger role in contemporary politics than other religions Is there something about the Islamic heritage that makes Muslims more likely than adherents of other faiths to invoke it in their political life If so what is it Ancient Religions Modern Politics seeks to answer these questions by examining the roles of Islam Hinduism and Christianity in modern political life placing special emphasis on the relevance or irrelevance of their heritages to today s social and political concerns Michael Cook takes an in depth comparative look at political identity social values attitudes to warfare views about the role of religion in various cultural domains and conceptions of the polity In all these fields he finds that the Islamic heritage offers richer resources for those engaged in current politics than either the Hindu or the Christian heritages He uses this finding to explain the fact that despite the existence of Hindu and Christian counterparts to some aspects of Islamism the phenomenon as a whole is unique in the world today The book also shows that fundamentalism in the sense of a determination to return to the original sources of the religion is politically more adaptive for Muslims than it is for Hindus or Christians A sweeping comparative analysis by one of the world s leading scholars of premodern Islam Ancient Religions Modern Politics sheds important light on the relationship between the foundational texts of these three great religious traditions and the politics of their followers today

Jihadist Insurgent Movements Paul B. Rich,Richard Burchill,2017-09-01 This path breaking collection of papers examines the phenomenon of jihadist insurgent movements in the Middle East and North East and West Africa It argues that military and strategic analysts have paid insufficient attention to the phenomenon of jihadism in insurgent movements partly due to a failure to take the role of religion sufficiently seriously in the ideological mobilisation of recruits by guerrilla movements stretching back to the era of national liberation after World War Two Several essays in the collection examine Al Qaeda and ISIL as military as well as political movements while others assess Boko Haram in West Africa Al Shabaab in Somalia and jihadist movements in Libya Additionally some authors discuss the recruitment of foreign fighters and the longer term terrorist threat posed by the existence of jihadist movements to security and ethnic relations in Europe Overall this volume fills an important niche between studies that look at Islamic fundamentalism and global jihad at the international level and micro studies that look at movements locally It poses the question whether jihadist insurgencies are serious revolutionary threats to global political stability or whether like Soviet Russia after its initial revolutionary phase of the 1920s they can be ultimately contained by the global political order The volume sees these movements as continuing to evolve dynamically over the next few years suggesting that even if ISIL is defeated the movement that brought it into being will still exist and very

probably morph into new movements Jihadist Insurgent Movements was originally published as a special issue of Small Wars Insurgencies

Islam and Democracy in South Asia Md Nazrul Islam, Md Saidul Islam, 2020-03-20 Grounded in the Weberian tradition Islam and Democracy in South Asia The Case of Bangladesh presents a critical analysis of the complex relationship between Islam and democracy in South Asia and Bangladesh The book posits that Islam and democracy are not necessarily incompatible but that the former has a contributory role in the development of the latter Islam came to Bengal largely by Sufis and missionaries through peaceful means and hence a moderate form of this religion got rooted in the society Both militant Islam and militant secularism are equal threats to democracy and pluralism Like democracy political Islam has many faces Political Islam adhering to democratic norms and practices what the authors call democratic Islamism unlike militant Islamism is not anti democratic The book shows that the suppression of democracy and human rights creates avenues for the consolidation of militant Islamism orthodox Islam and Islamic terrorism while the fair play of democracy results in the decline of anti democratic form of political Islam

Contemporary Translation Studies Tian Chuanmao, 2021-11-15 Translation studies become even more relevant with the advent of cross border sharing of ideas related to general trade culture and human developmental activities Contemporary translation studies cover works having considerable relevance and importance to the subject discipline This book is a compilation of peer reviewed works having a special focus on the contemporary developments and advances in the translation studies

Empire of Fear Andrew Hosken, 2015-07-23 In June 2014 Islamic State launched an astonishing blitzkrieg which saw them seize control of an area in the Middle East the size of Britain The news was soon filled with their relentless acts of savagery yet nobody seemed to know who they were or where they d come from Now BBC reporter Andrew Hosken delivers the inside story on Islamic State Through extensive first hand reporting Hosken builds a comprehensive picture of IS their brutal ideology and exterminationist methods Equally compelling and horrifying Empire of Fear reveals how Islamic State came to be explores how they might be defeated and asks a frightening question if they were brought down could we stop another group emerging to replace them

Islam in Pakistan Muhammad Qasim Zaman, 2018-05-15 The first book to explore the modern history of Islam in South Asia The first modern state to be founded in the name of Islam Pakistan was the largest Muslim country in the world at the time of its establishment in 1947 Today it is the second most populous after Indonesia Islam in Pakistan is the first comprehensive book to explore Islam s evolution in this region over the past century and a half from the British colonial era to the present day Muhammad Qasim Zaman presents a rich historical account of this major Muslim nation insights into the rise and gradual decline of Islamic modernist thought in the South Asian region and an understanding of how Islam has fared in the contemporary world Much attention has been given to Pakistan s role in sustaining the Afghan struggle against the Soviet occupation in the 1980s in the growth of the Taliban in the 1990s and in the War on Terror after 9 11 But as Zaman shows the nation s significance in matters relating to Islam has much deeper roots Since the late nineteenth

century South Asia has witnessed important initiatives toward rethinking core Islamic texts and traditions in the interest of their compatibility with the imperatives of modern life Traditionalist scholars and their institutions too have had a prominent presence in the region as have Islamism and Sufism Pakistan did not merely inherit these and other aspects of Islam Rather it has been and remains a site of intense contestation over Islam s public place meaning and interpretation Examining how facets of Islam have been pivotal in Pakistani history Islam in Pakistan offers sweeping perspectives on what constitutes an Islamic state

Asia after Versailles Urs Matthias Zachmann, 2017-05-22 *Asia After Versailles* addresses an important but neglected watershed for Asian nations the response to the Paris Peace Conference of 1919 The Conference marked the end of a conflict which although intrinsically European had globalized the world on many levels politically as well as economically culturally and socially It also stood at the beginning of a new order that saw the power centre shift towards the US and Asia Asian countries and people played a significant but so far largely neglected role in this momentous development Bringing together an international range of experts in the history of China Japan India and the Ottoman Empire Turkey this pioneering volume demonstrates the importance of Asia in the multifaceted global transformations that revolved around the Paris Peace Conference and its aftermath Traditional historical analysis focuses almost exclusively on US and European responses to the Paris Peace Conference and the interwar order and often fails to take into account non western particularly Asian voices this is the first book to demonstrate the far reaching Asian dimensions of the impact of Versailles in an unprecedented way making this an invaluable and interdisciplinary resource for academics and researchers in the fields of politics international relations area studies and history

India's Saudi Policy P. R. Kumaraswamy, Md. Muddassir Quamar, 2018-09-29 The book traces India s Saudi Policy and locates the current state of

bilateral relations and the challenges it faces. It argues that during the Cold War the relations were largely shaped by the Pakistan factor which in turn inhibited both sides from exploring the importance and value of one another. As a result the relations were largely transactional and marginal. The end of the Cold War coincided with two interesting developments namely significant growth in India's economic power and influence and the de-hyphenation of Pakistan from its Middle East policy. This resulted in greater political engagements between India and Saudi Arabia and was strengthened by the growing energy trade ties. For long expatriate population and haj have been the backbone of the relations and they have been new instruments as India looks to enhance its engagements with the Kingdom through investments opportunities political contacts shared security concerns and strategic cooperation. India's Saudi policy however face many challenges most importantly the regional instability the Iran factor low oil price and the international dynamics. The book will be the first comprehensive work on the India Saudi relations. Though targeting a wider audience it will be academically grounded and based on primary sources collected from India and Saudi Arabia.

Religious Pluralism, State and Society in Asia Chiara Formichi, 2013-10-01 Taking a critical approach to the concept of religious pluralism this book examines the dynamics of religious co-existence in Asia as they are directly addressed by governments or indirectly managed by groups and individuals. It looks at the quality of relations that emerge in encounters among people of different religious traditions or among people who hold different visions within the same tradition. Chapters focus in particular on the places of everyday religious diversity in Asian societies in order to explore how religious groups have confronted new situations of religious diversity. The book goes on to explore the conditions under which active religious pluralism emerges or not from material contexts of diversity.

Under Empire Michael Francis Laffan, 2022-09-20 Winner 2023 New South Wales Premier's History Awards General History Prize. An imam banished from eastern Indonesia to the Cape of Good Hope in 1780 builds a new Muslim community with a mix of fellow exiles enslaved people and even the men tasked with supervising his detention. Nineteenth century colonial chroniclers invent the legend of the loyal Malay warrior whose anger can be tamed through the mildness of British rule. A Tunisian born teacher who arrived in Java from Istanbul in the early twentieth century becomes an enterprising Arabic language journalist caught between competing nationalisms. Telling these stories and many more Michael Francis Laffan offers a sweeping exploration of two centuries of interactions among Muslim subjects of empires and future nation states around the Indian Ocean world. *Under Empire* traces interlinked lives and journeys examining engagements with Western Islamic and pan-Asian imperial formations to consider the possibilities for Muslims in an imperial age. It ranges from the dying era of the trading companies in the late eighteenth century through the period of Dutch and British colonial rule up to the rise of nationalist and cosmopolitan movements for social reform in the nineteenth and twentieth centuries. Laffan emphasizes how Indian Ocean Muslims by turns asserted loyalty to colonial states in pursuit of a measure of religious freedom or looked to the Ottoman Empire or Egypt in search of spiritual unity. Bringing the history of Southeast Asian Islam

to African and South Asian shores Under Empire is an expansive and inventive account of Muslim communal belonging on the world stage **Islam and the Making of the Nation** Chiara Formichi, 2012-06-30 A testament to the relevance of historical research in understanding contemporary politics Islam and the Making of the Nation guides the reader through the contingencies of the past that have led to the transformation of a nationalist leader into a separatist rebel and a martyr while at the same time shaping the public perception of political Islam and strengthening the position of the Pancasila in contemporary Indonesia
