## **Departure From The Script:**

*Departure from the Script* Jae, 2014-06-30 Aspiring actress Amanda Clark and photographer Michelle Osinski are two women burned by love and not looking to test the fire again And even if they were it certainly wouldn't be with each other Amanda has never been attracted to a butch woman before and Michelle personifies the term butch Having just landed a role on a hot new TV show she's determined to focus on her career and doesn't need any complications in her life After a turbulent breakup with her starlet ex Michelle swore she would never get involved with an actress again Another high maintenance woman is the last thing she wants and her first encounter with Amanda certainly makes her appear the type But after a date that is not a date and some meddling from Amanda's grandmother they both begin to wonder if it's not time for a departure from their usual dating scripts

[Scripts People Live](#) Claude Steiner, 2007-12-01 A stimulating and thought provoking guide to help you make productive and autonomous choices toward rewriting your life Los Angeles Times We choose a life script at an early age But you can change its course Whether born into wealth or poverty into nurturing families or damaged abusers fostered by strict parents or careless and undisciplined ones each individual still has a spiritual core that exists independent of the environment and is equally crucial to his or her destiny Countering the fundamental principle of psychiatry which asserts that emotional and mental distress comes from within Claude Steiner believes that people are innately healthy but develop a pattern early in life based upon negative or positive influences of those around them Those influences can rule every detail of our lives until our death Thus children decide however unconsciously whether they will be happy or depressed winners or failures strong or dependent caring or cruel and having decided they spend the rest of their lives making that decision come true For those who choose to live by their negative script the consequences can be disastrous unless they make a conscious decision to change In *Scripts We Live* Steiner tackles the puzzle of human fate He reveals what determines our life scripts and how each person's combination of spirit and circumstance contributes to the final path that life takes And he offers hopeful advice and practical analysis so that we all can rewrite for ourselves more meaningful and fulfilling lives

[Games Alcoholics Play](#) Claude M. Steiner, Ph.D., 2011-03-09 The most lucid account of the patterns of problem drinkers ever set down in a book Drawing on soundly tested theories of transactional behavior Dr Steiner describes the three distinct types of alcoholics Drunk and Proud Lush and Wino and their games scripts and rackets Debtor Kick Cops and robbers Plastic Woman Captain Marvel Ain't it awful Schlemiel Look how hard I've tried and others His approach is the single most useful tool for dealing with alcoholism since A.A. and the Twelve Steps and offers the first real help and hope for problem drinkers and their families

[Making Your First Feature Film](#) Dominick Bagnato, 2017-08-23 The tools for independent filmmaking are more accessible today than ever Yet there is much more to successfully creating a film than access to equipment and software Chronicling the making of his debut feature film *A Convenient Truth* 2015 the author describes the practical preproduction steps needed to take a project from early concept to the first day of photography

**The Discourse of Broadcast News** Martin Montgomery,2007-11-01 In this timely and important study Martin Montgomery unpicks the inside workings of what must still be considered the dominant news medium broadcast news Drawing principally on linguistics but multidisciplinary in its scope The Discourse of Broadcast News demonstrates that news programmes are as much about showing as telling as much about ordinary bystanders as about experts and as much about personal testimony as calling politicians to account Using close analysis of the discourse of television and radio news the book reveals how important conventions for presenting news are changing with significant consequences for the ways audiences understand its truthfulness Fully illustrated with examples and including detailed examination of the high profile case of ex BBC journalist Andrew Gilligan The Discourse of Broadcast News provides a comprehensive study which will challenge our current assumptions about the news The Discourse of Broadcast News will be a key resource for anyone researching the news whether they be students of language and linguistics media studies or communication studies

*The Parthian and Early Sasanian Empires* Vesta Sarkhosh Curtis,Michael Alram,Touraj Daryaee,Elizabeth Pendleton,2016-08-30 Although much of the primary information about the Parthian period comes from coins there has been much new research undertaken over the past few decades into wider aspects of both the Parthian and Sassanian Empires including the Arsacid Parthians and their material culture Despite a change of ruling dynasty the two empires were closely connected and cannot be regarded as totally separate entities The continuation of Parthian influence particularly into the early Sasanian period cannot be disputed An historic lack of detailed information arose partly through the relative lack of excavated archaeological sites dating to the Parthian period in Iran and western scholars lack of knowledge of recent excavations and their results that are usually published in Persian coupled with the inevitable difficulties for academic research engendered by the recent political situation in the region Although an attempt has been made by several scholars in the west to place this important Iranian dynasty in its proper cultural context the traditional GrecoRoman influenced approach is still prevalent The present volume presents 15 papers covering various aspects of Parthian and early Sasanian history material culture linguistics and religion which demonstrate a rich surviving heritage and provide many new insights into ideology royal genealogy social organization military tactics linguistic developments and trading contacts
