Ceramica De Chulucanas:

Entre Dios y el Diablo Hiroyasu Tomoeda, Tatsihiko Fujii, Luis Millones, 2004 Los primeros evangelizadores de los Andes no tardaron en descubrir que el principal obstáculo a su misión era la presencia del demonio que los indios adoraban bajo la forma de dolos o de manifestaciones de la naturaleza como el sol la luna las estrellas Sin embargo beneficiaron de un instrumento ideal para luchar contra este enemigo la existencia de una lengua general el quechua que llamaban del inga que les permitía predicar en un lenguaje comprensible a la mayoría la refutación de las idolatrías Has visto al perro que tirándole una piedra deja de morder a quien se la tira y muerde la piedra Pues así haces tú cuando adoras al sol que no sabe lo que haces Piensas tú que porque es tan grande y tan resplandeciente el sol que por eso es Dios Es cosa de risa tú indio miserable eres mejor y de más estima que el sol porque tienes alma y sientes y hablas y conoces a Dios El sol no siente ni habla ni conoce más de que es una hacha grande que puso Dios allí para alumbrar este mundo Pues la luna y las estrellas menos son que el sol y no hacen sino dar vueltas sin descansar como Dios los manda pues las puso para adornar el cielo y para producir frutos en la tierra mas la luna y las estrellas no sienten ni hablan ni responden ni se curan de lo que les dice ni se les da nada por lo que les ofreces III Concilio Lima 1583 Tercero Catecismo y exposición de la Doctrina Cristiana por sermones Los Reyes 1585 Todas las cosas que quiso hizo el Señor en el cielo y en la tierra en la mar y en todos los abismos Y las nubes crecen y se aumentan con el rocío y la lluvia Primeramente hizo los once cielos el uno solo fijo y todos los demás que siempre se mueven con sus astros y sus estrellas El ardiente sol y la luna resplandeciente el lucero y todas las estrellas rutilantes las esmalta en el campo azul del cielo Dios hacedor de todas las cosas Fray Luis Jerónimo de Ordoñez Católico Indiano Lima 1598

El conquistador

conquistado Marta Herrera Ángel, 2016-11-01 En *El conquistador conquistado* Marta Herrera analiza documentos y crónicas coloniales la toponimia y la etnografía moderna para descifrar la historia de los grupos nativos que han habitado el Pacífico nariense. Es una reconstrucción etnohistórica y geográfica de un verdadero rompecabezas. No hay otro libro que trate este tema. Es un gran aporte algo completamente nuevo que llena un vacío enorme. Kris Lane, profesor de historia colonial latinoamericana, Tulane University. *El conquistador conquistado* estudia la historia de los Awas durante el período colonial. Se centra en el territorio que ocuparon y sus relaciones, alianzas y conflictos con otros grupos. Estudia los enfrentamientos bélicos mediante el análisis de su articulación con la cultura y del intercambio que en ese nivel tiene lugar en el transcurso de las actividades guerreras. *El conquistador conquistado* invita a repensar las ideas sobre aniquilamiento cultural y físico de los grupos vencidos y destaca la incorporación que hacen los vencedores de las pautas culturales de quienes han sido derrotados. Sugiere leer esta asimilación junto con el análisis de la profundidad histórica de la ocupación humana en la Costa Pacífica que se remonta milenios atrás y que ha estado marcada por la diversidad cultural, el intercambio, la movilidad de la población y múltiples enfrentamientos bélicos. Allí la proliferación de nacionalidades y la debacle de los nombres pueden tener que ver con estos ir y venires en los que los grupos se han ido fusionando y a la vez diferenciando sin necesariamente suplantarse unos a otros. En torno de estas reflexiones confronta la idea de que la población nativa fue reemplazada por la población afrodescendiente esclavizada luego de la derrota que sufrieron los Sindaguas en 1635.

Periferias en red Anita Say Chan, 2019-02-20 Desde inicios del nuevo milenio el Perú ha experimentado una ola de crecimiento económico que superó el estancamiento que tuvo durante gran parte del siglo pasado evadiendo notablemente la crisis financiera de 2008 que afectó a Europa y América del Norte. Este desarrollo económico se ha traducido en nuevas clases consumidoras activas y visibles en Lima y otros centros urbanos del país pueden apreciarse en los vecindarios de clase media limeños y también en las periferias donde viven los estratos más pobres de la ciudad. Si bien las divisiones culturales económicas y regionales aún marcan innegablemente gran parte de la sociedad peruana contemporánea el apetito por los nuevos bienes de consumo y artefactos electrónicos parece ser un espacio en el que esas diferencias han podido repentinamente desaparecer. De esta forma en provincia cada vez son más comunes los aparatos electrónicos importados. Las tecnologías de información móvil también han cobrado visibilidad en este marco. Ejemplo de ello es el alto porcentaje de personas que usan teléfonos celulares. Así las tecnologías digitales cobran también importancia o inspiran proyectos diversos en el Perú actual. En contraste con la amenaza de un estancamiento local y de una supuesta resistencia al progreso existe la promesa de una virtualidad que puede movilizar visiones de futuro en diversos sitios. Estas visiones representan distintos experimentos con lo digital que incorporan dinámicas locales y globales y cuya apuesta principal no es solo el avance de tecnologías de la información cada vez más novedosas y llamativas. En este contexto la autora analiza la dinámica que ha generado un grupo de artesanos piuranos en su objetivo de integrarse al comercio y difusión de su arte mediante el uso de las nuevas tecnologías.

Las crónicas del exilio Manuel

Páucar González,2004-09-06 La vida en los Estados Unidos de hoy en día está llena de matices que van del claro oscuro más lúgubre hasta lo absurdamente cómico y trillado En medio de todo aquello un escritor peruano llamado Manuel Páucar González se auto denominó exiliado en su propia ley Escribió y publicó una serie de artículos que se convirtieron en la columna mejor conocida como Crónicas del exilio en los estados del Northwest Para quienes deseen conocer un poco de cómo es vivir allí antes de embarcarse en cómo diría Páucar la maravillosa aventura de existir en el extranjero éste es un buen comienzo para entender lo que les depara Aquellos quienes ya llevan sus años como inmigrantes sabrán identificarse con las peripecias del autor en medio de un país que le es maravillosamente extraño y entrañable Cerámica de Chulucanas Perú. turn rural artisans into a new creative class progress alongside technology activists efforts to promote indigenous rights through information tactics plans pressing for the state wide adoption of open source based technologies advance while the One Laptop Per Child initiative aims to network rural classrooms by distributing laptops As these cases show the digital cultures and network politics emerging on the periphery do more than replicate the technological future imagined as universal from the center **Peruvian Crafts** ,1992 **Geographical Indications** World Intellectual Property
