## **Charlotte Catholic Spring Break 2015:**

A History of the Diocese of Charleston Pamela Smith, 2020-06-01 In 1820 the Catholic Diocese of Charleston was established and Bishop John England arrived from Ireland His new diocese encompassed North and South Carolina Georgia and for a time Haiti From 1859 to 1885 when Patrick Lynch and Henry Northrop were bishops of Charleston the diocese included the Bahama Islands However the history of Catholics in the diocese which now covers all of South Carolina began much earlier The arrival of Spanish settlers and missionary priests dated back more than 150 years before there was a diocese on American soil Sister Pam Smith charts the history of the diocese from the first words of prayer uttered on Santa Elena in the sixteenth century through the interfaith singing of a reformed slaveholder s hymn at a painful funeral in the twenty first century

**Beyond Chrismukkah** Samira K. Mehta, 2018-03-13 The rate of interfaith marriage in the United States has risen so radically since the sixties that it is difficult to recall how taboo the practice once was How is this development understood and regarded by Americans generally and what does it tell us about the nation s religious life Drawing on ethnographic and historical sources Samira K Mehta provides a fascinating analysis of wives husbands children and their extended families in interfaith homes religious leaders and the social and cultural milieu surrounding mixed marriages among Jews Catholics and Protestants Mehta s eye opening look at the portrayal of interfaith families across American culture since the mid twentieth century ranges from popular TV shows holiday cards and humorous guides to Chrismukkah to children s books young adult fiction and religious and secular advice manuals Mehta argues that the emergence of multiculturalism helped generate new terms by which interfaith families felt empowered to shape their lived religious practices in ways and degrees previously unknown They began to intertwine their religious identities without compromising their social standing This rich portrait of families living diverse religions together at home advances the understanding of how religion functions in American society today

**Catholic Literature and Film** Nancy Enright, 2016-11-21 Catholic Literature and Film Incarnational Love and Suffering is meant to be considered as a work of literary criticism not film adaptation studies In it the author explores six literary works dealing with Catholic themes and the film versions of these works The discussion of the films is at the service of analyzing the texts Underlying all the discussions is an incarnational sacramental view of the texts which links to my interpretation of the film versions of them Catholic and actually any Christian interpretation of literature or film or any other art form is rooted in an iconic and sacramental understanding of imagery as a means of conveying the sacred Catholic spirituality lends itself to this sort of approach as it is deeply rooted in the ability to see sacred things through physical means A key sub theme is romantic love in connection with salvation which Charles Williams one of the Inklings the group of British writers including J R R Tolkien and C S Lewis who met and discussed literature and theology calls the theology of romantic love as well as the sub themes of redemptive suffering and grace My interest in the book is not an analysis of cinematography per se but on the films as vehicles for

religious ideas What makes this approach unique is that it doesn't deal with only faith and film as Peter Frazer does very well in his book *Images of the Passion The Sacramental Mode in Film* for example it also goes beyond the realm of strict literary criticism in its tackling of how religiously oriented works of literature are affected by the transformation into film

**Invoking the Beyond:** Paul D. Collins, Phillip D. Collins, 2020-11-22 The Gnostic revival of the Enlightenment witnessed the erection of what could be called the Kantian Rift an epistemological barrier between external reality and the mind of the percipient Arbitrarily proclaimed by German philosopher Immanuel Kant this barrier rendered the world as a terra incognita Suddenly the world out there was deemed imperceptible and unknowable In addition to the outer world the cherished metaphysical certainties of antiquity the soul a transcendent order and God swiftly evaporated The way was paved for a new set of modern mythmakers who would populate the world out there with their own surrogates for the Divine Collectively these surrogates could be referred to as the Beyond because they epistemologically and ontologically overwhelm humanity In recent years the Beyond has been invoked by theoreticians literary figures intelligence circles and deep state operatives who share some variant of a technocratic vision for the world In turn these mythmakers have either directly or indirectly served elitist interests that have been working toward the establishment of a global government and the creation of a New Man Their hegemony has been legitimized through the invocation of a wrathful earth goddess a technological Singularity a superweapon and extraterrestrial gods All of these are merely masks for the same counterfeit divinity the Beyond
