**Owen Jones**

## **Chavs Demonisation Of The Working Class:**

Chavs Owen Jones, 2016-04-19 In modern Britain the working class has become an object of fear and ridicule From Little Britain's Vicky Pollard to the demonization of Jade Goody media and politicians alike dismiss as feckless criminalized and ignorant a vast underprivileged swathe of society whose members have become stereotyped by one hate filled word chavs In this groundbreaking investigation Owen Jones explores how the working class has gone from salt of the earth to scum of the earth Exposing the ignorance and prejudice at the heart of the chav caricature one based on the media's inexhaustible obsession with an indigent white underclass he portrays a far more complex reality Moving through Westminster's lobbies and working class communities from Dagenham to Dewsbury Moor Jones reveals the increasing poverty and desperation of communities made precarious by wrenching social and industrial change and all but abandoned by the aspirational society fragmenting policies of Thatcherism and New Labour The chav stereotype he argues is used by governments as a convenient figleaf to avoid genuine engagement with social and economic problems and to justify widening inequality Based on a wealth of original research and wide ranging interviews with media figures political opinion formers and workers Chavs is a damning indictment of the media and political establishment and an illuminating disturbing portrait of inequality and class hatred in modern Britain

**Chavs** Owen Jones, 2020-10-27 In modern Britain the working class has become an object of fear and ridicule From Little Britain's Vicky Pollard to the demonization of Jade Goody media and politicians alike dismiss as feckless criminalized and ignorant a vast underprivileged swathe of society whose members have become stereotyped by one hate filled word chavs In this acclaimed investigation Owen Jones explores how the working class has gone from salt of the earth to scum of the earth Exposing the ignorance and prejudice at the heart of the chav caricature he portrays a far more complex reality The chav stereotype he argues is used by governments as a convenient figleaf to avoid genuine engagement with social and economic problems and to justify widening inequality Based on a wealth of original research Chavs is a damning indictment of the media and political establishment and an illuminating disturbing portrait of inequality and class hatred in modern Britain This updated edition includes a new chapter exploring the causes and consequences of the UK riots in the summer of 2011

Folk horror on film Kevin J. Donnelly, Louis Bayman, 2023-10-10 What is folk horror and how culturally significant is it This collection is the first study to address these questions while considering the special importance of British cinema to the genre's development The book presents political and aesthetic analyses of folk horror's uncanny landscapes and frightful folk It places canonical films like Witchfinder General 1968 The Blood on Satan's Claw 1971 and The Wicker Man 1973 in a new light and expands the canon to include films like the sci fi horror Doomwatch 1970 72 and the horror documentary Requiem for a Village 1975 alongside filmmakers Ken Russell and Ben Wheatley A series of engrossing chapters by established scholars and new writers argue for the uniqueness of folk horror from perspectives that include the fragmented national history of pagan heresies and Celtic cultures of peasant lifestyles folkloric rediscoveries and postcolonial

decline      *The Routledge Companion to Labor and Media* Richard Maxwell, 2015-07-16 Labor resides at the center of all media and communication production from the workers who create the information technologies that form the dynamic core of the global capitalist system and the designers who create media content to the salvage workers who dismantle the industry's high tech trash *The Routledge Companion to Labor and Media* is the first book to bring together representative research from the diverse body of scholarly work surrounding this often fragmentary field and seeks to provide a comprehensive resource for the study and teaching of media and labor Essays examine work on the mostly unglamorous side of media and cultural production technology manufacture and every occupation in between Specifically this book features wide ranging international case studies spanning the major global hubs of media labor interdisciplinary approaches for thinking about and analyzing class and labor in information communication technology ICT consumer electronics CE and media cultural production an overview of global political economic conditions affecting media workers reports on chemical environments and their effect on the health of media workers and consumers activist scholarship on media and labor and inspiring stories of resistance and solidarity      *Theorizing Cultural Work* Mark Banks, Rosalind Gill, Stephanie Taylor, 2014-04-11 In recent years cultural work has engaged the interest of scholars from a broad range of social science and humanities disciplines The debate in this turn to cultural work has largely been based around evaluating its advantages and disadvantages its freedoms and its constraints its informal but precarious nature the inequalities within its global workforce and the blurring of work life boundaries leading to self exploitation While academic critics have persuasively challenged more optimistic accounts of converged worlds of creative production the critical debate on cultural work has itself leaned heavily towards suggesting a profoundly new confluence of forces and effects *Theorizing Cultural Work* instead views cultural work through a specifically historicized and temporal lens to ask what novelty can we actually attach to current conditions and precisely what relation does cultural work have to social precedent The contributors to this volume also explore current transformations and future's of work within the cultural and creative industries as they move into an uncertain future This book challenges more affirmative and proselytising industry and academic perspectives and the pervasive cult of novelty that surrounds them to locate cultural work as an historically and geographically situated process It will be of interest to students and scholars of sociology cultural studies human geography urban studies and industrial relations as well as management and business studies cultural and economic policy and development government and planning      *Sociological Social Work* Priscilla Dunk-West, Fiona Verity, 2016-04-01 Sociological social work is a lifelong social work practice which is animated by a sociological perspective Social workers shorthand orientations such as strengths perspective task centred or humanistic to name but a few as a way to identify their philosophical and theoretical approaches in professional life Whilst some texts have examined sociology for social work this text instead proposes that sociological social work is a legitimate and theoretically rich orientation and this book demonstrates what sociological social work looks

like in our rapidly changing world This text will equip students and practitioners with a way to think sociologically not just while they are studying but as an ever present reference for making sense of social work purpose and how this is realised in a transforming world This follows an established tradition in social work literature but this book elevates and names the importance of this approach which we argue is critically needed if social work is to achieve its agenda in transformative social political economic and environmental contexts The current landscape in which we live is one that is characterised by rapid changes which have implications for the life experiences of those with whom social workers work social justice advocacy agendas and for fulfilling the purpose of social work more generally This book is essential reading for those looking to keep up with these changes

**Social Work and Society** Kate Parkinson, Sarah Pollock, Ian Cummins, 2019-11-27 It is essential that social work students understand the lasting impact political decision making can have on service users yet little guidance exists on this subject This valuable book provides a comprehensive introduction to politics in social work unifying the themes of political ideology and social construction across several areas of social work practice including emerging areas of practice The book Introduces the dominant political ideologies in the UK Examines the impact of these ideological perspectives on different demographic groups Explores emerging areas of growing political interest such as radicalisation Employs case studies and examples from practice to aid student understanding Including helpful key points to guide reading at the beginning of each chapter as well as exercises for seminars and further reading recommendations this text will be an invaluable resource to all students in social work

**The Short Guide to Sociology** Mark Doidge, Rima Saini, 2020-02-26 This illuminating book offers a fresh and contemporary guide to the field of sociology By demonstrating the versatility of the sociological imagination the authors reveal the ways in which thinking sociologically can help us to understand the personal social and structural changes going on in the world around us Using real world case studies the book addresses key sociological themes such as global social transformations social divisions and inequalities social theory and its practical applications the personal and the political Providing a set of concepts tools and perspectives for analysing our social world the book equips the reader with an understanding of how to start thinking sociologically With helpful features such as end of chapter summaries key definitions and recommended readings it is an invaluable resource for students taking an introductory sociology course or those studying sociology at further or higher education level

**The New Demagogues** Joshua M. Roose, 2020-11-29 Chapter 4 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com/books/e/9780429431197> Focused on the emergence of US President Donald Trump the United Kingdom's departure from the European Union and the recruitment of Islamic State foreign fighters from Western Muslim communities this book explores the ways in which the decay and corruption of key social institutions has created a vacuum of intellectual and moral guidance for working people and deprived them of hope and an upward social mobility long considered central to the social contract of

Western liberal democracy Examining the exploitation of this vacuum of leadership and opportunity by new demagogues the author considers two important yet overlooked dimensions of this new populism the mobilization of both religion and masculinity By understanding religion as a dynamic social force that can be mobilized for purposes of social solidarity and by appreciating the sociological arguments that hyper masculinity is caused by social injury Roose considers how these key social factors have been particularly important in contributing to the emergence of the new demagogues and their followers Roose identifies the challenges that this poses for Western liberal democracy and argues that states must look beyond identity politics and exclusively rights based claims and instead consider classical conceptions of citizenship

**South Asian Islam and British Multiculturalism** Amir Ali, 2016-04-14 This book analyses South Asian Islam's engagement with the West and Britain in particular It traces the roots of British multiculturalism to South Asia and the Deobandi school of Islam The work shows how the pattern of interaction that initially emerged between the Deobandi Muslims and the colonial British state in late 19th century replicated itself in the British society in the second half of 20th century The monograph reflects upon Islam's compatibility with liberal democracy as well as explores how it contributed to its origins in the Enlightenment ethos A nuanced sensitive and topical study this book will be essential to understanding the world in the light of contemporary world events Paris 13 11 and Charlie Hebdo attacks the Danish cartoon controversy and the Trojan Horse incident in certain British schools as well as the much earlier Rushdie affair It will be of great interest to researchers and scholars of political science religion political Islam British and South Asian Studies and history

**Race, Racism and Social Work** Michael Lavalette, Laura Penketh, 2014-02-15 This volume contends that British social work education has not fully acknowledged the evolution of structural and institutionalized racism in the United Kingdom and continental Europe Tracing the ways in which racism toward Britain's ethnic minority groups has changed the contributors many of them key practitioners in the field argue that social work training should fully integrate anti racist practices that reflect contemporary realities In doing so they assert the importance of social work in addressing racism toward groups including Eastern European migrants Roma people and asylum seekers

**Politics UK** Bill Jones, Philip Norton, 2018-03-16 This revised and updated ninth edition of the bestselling textbook Politics UK is an indispensable introduction to British politics It provides a thorough and accessible overview of the institutions and processes of British government a good grounding in British political history and an incisive introduction to the issues and challenges facing Britain today including the European referendum and Brexit The ninth edition welcomes brand new material from seven new contributors to complement the rigorously updated and highly respected chapters retained from the previous edition It delivers excellent coverage of contemporary events including a new chapter on Euro scepticism and the European referendum an assessment of the performance of Labour's leadership the trials and tribulations of the Liberal Democrats and UKIP and the evolving devolution debate in Scotland led by the Scottish Nationalist Party Features of the new edition include Britain in context boxes offering

contrasting international perspectives on key themes in British politics A comprehensive who s who of politics in the form of Profile boxes featuring key political figures And another thing pieces containing short articles written by distinguished commentators including Mark Garnett Sir David Omand Richard Wilkinson and Sir Simon Jenkins An epilogue analyzing the turbulent state of UK politics following the European referendum With chapters written by highly respected scholars in the field and contemporary articles on real world politics from well known political commentators this textbook is an essential guide for all students of British politics     K-punk Mark Fisher,2018-11-13 A comprehensive collection of the writings of Mark Fisher 1968 2017 whose work defined critical writing for a generation This comprehensive collection brings together the work of acclaimed blogger writer political activist and lecturer Mark Fisher aka k punk Covering the period 2004 2016 the collection will include some of the best writings from his seminal blog k punk a selection of his brilliantly insightful film television and music reviews his key writings on politics activism precarity hauntology mental health and popular modernism for numerous websites and magazines his final unfinished introduction to his planned work on Acid Communism and a number of important interviews from the last decade Edited by Darren Ambrose and with a foreword by Simon Reynolds

*Mollycoddling the Feckless* Alistair Findlay,2019-06-14 Alistair Findlay has written the first ever memoir of a career in Scottish social work He reflects on the changing landscape of the profession since he entered it in 1970 in a memoir that is thoughtful progressive humane and funny He conveys how he and his fellow workers shared friendship and banter in work that can be hard and thankless but also hugely rewarding and worthwhile     Early Childhood Studies Jenny Willan,2024-02-08 Fully updated in its 2nd edition this comprehensive and accessible book is a one stop introductory text for those entering the field of early childhood studies and early years Scholarly and engagingly written it covers all the key contemporary debates from child development language acquisition and play to professional practice health and wellbeing and diversity and inclusion The new edition includes two new chapters on fostering creativity and sustainability It covers the urgent post pandemic need for early childhood practitioners to lead the remedial work for the 2020 generation of babies who lost valuable socialisation opportunities and includes discussion of the current schoolification of early childhood and the pursuit of data as a driver of education and care provision It also examines the impact of health and income inequalities Covid 19 global neoliberal policies and Brexit on the early childhood landscape An excellent all rounder it covers everything a student of early childhood will need Each of the eighteen chapters has at least one global case study and includes reflective exercises topics for discussion assignments and further reading lists Throughout the book vital connections are made between theory and practice to help students prepare for a career working with a diverse community of children parents and professionals     **Routledge Handbook of Youth and Young Adulthood** Andy Furlong,2016-10-14 The second and completely revised edition of the Routledge Handbook of Youth and Young Adulthood draws on the work of leading academics from four continents in order to introduce up to date perspectives on a wide range of issues that affect and shape

youth and young adulthood It provides a multi disciplinary overview of a dynamic field of study that offers unique insights on social change in advanced societies It is aimed at researchers policy makers and advanced students on a global level The Handbook introduces the main theoretical perspectives used within youth studies and sets out future research agendas Each of the ten sections covers an important area of research from education and the labour market to youth cultures health and crime discussing change and continuity in the lives of young people introducing readers to some of the most important work in the field while highlighting the underlying perspectives that have been used to understand the complexity of modern youth and young adulthood

**Surveillance and Crime** Roy Coleman, Michael McCahill, 2010-10-15 Surveillance has a long standing relationship with crime and its identification prevention detection and punishment With information on each citizen spanning up to 700 databases and over 4 million CCTV cameras in the United Kingdom alone this book explores how new technologies have given rise to new forms of monitoring and control Offering a comprehensive understanding of the relationship between surveillance crime and criminal justice this book explores the development of surveillance technologies within a broad historical context how new surveillance technologies are shaped by existing social relations political practices cultural traditions and organizational contexts the implications of the use of surveillance in responding to crime including biometrics DNA samples and electronic monitoring how new surveillance technologies reinforce old social divisions particularly along the lines of class race gender and age The book draws upon theoretical debates from a range of disciplines to shed light on this topical subject Engaging and authoritative this is an important read for advanced students and academics in criminology criminal justice social policy and sociology The Key Approaches to Criminology series celebrates the removal of traditional barriers between disciplines and specifically reflects criminology's interdisciplinary nature and focus It brings together some of the leading scholars working at the intersections of criminology and related subjects Each book in the series helps readers to make intellectual connections between criminology and other discourses and to understand the importance of studying crime and criminal justice within the context of broader debates The series is intended to have appeal across the entire range of undergraduate and postgraduate studies and beyond comprising books which offer introductions to the fields as well as advancing ideas and knowledge in their subject areas

**Law, Migration, and the Construction of Whiteness** Dagmar Rita Myslinska, 2024-03-15 This book addresses the hidden dynamics of race within the European Union Brexit supporters frequent targeting of European Union EU movers especially those from Central and Eastern Europe has been popularly assumed as at odds with the EU project's foundations based on equality and inclusion This book dispels that notion By interrogating the history wording omissions assumptions and applications of laws policies and discourses pertinent to mobility and equality the argument developed throughout the book is that the parameters of CEE nationals status within the EU have been closely circumscribed in line with the entrenched historical positioning of the west as superior to the east Engaging current legal economic political and moral issues against the backdrop of Brexit and

contestations over EU integration and globalisation this work opens avenues of thought to better understand law's role in producing and sustaining social stratifications Europe is a postcolonial space as this book demonstrates By addressing fractures within the construct of whiteness that are based on ethnicity class and migrant status the book also provides a theoretically nuanced and politically useful understanding of contemporary European racisms This book will appeal to scholars students and others interested in migration EU integration and EU citizenship equality law race and ethnicity social policy and postcolonialism

**Constructing Risky Identities in Policy and Practice** J. Kearney, C. Donovan, 2013-08-01

This collection explores how the dominant risk agenda is being embedded across welfare policy and practice contexts in order to redefine social problems and those who experience them Identities of risky or safe responsible or irresponsible are being increasingly applied not only to everyday life but also to professional practice

Yes James Foley, Peter Ramand, 2014-03-20 The United Kingdom faces a historic turning point in 2014 A Yes vote in the referendum on Scottish independence would see the break up of the 300 year old union adding a constitutional crisis to a deep economic crisis An accessible polemic written for progressives both north and south of the border Yes argues that independence can reinvigorate campaigns against austerity across Britain and deal a blow to the imperialist ambitions of the British state An urgent and invigorating political intervention Yes argues that even if the referendum result is no a progressive independence campaign will alter the political landscape Written by leading activists from the Radical Independence Campaign Yes will be a unique contribution to the referendum debate
