Paul Wilson, 2010-04-01 F. Paul Wilson's engaging self-employed off the books fixer Repairman Jack returns for another intense action packed adventure just a little over the border into the weird in *The Haunted Air* First introduced years ago in the bestseller *The Tomb* Jack has been the hero of a series of exciting novels set in and around New York City including *Legacies* *Conspiracies* *All the Rage* and *Hosts* Repairman Jack is a wonderful character ultracompetent but still vulnerable Wilson strolls into X-Files territory and makes it his own keeping the action brisk and the level of suspense steadily rising said the San Francisco Examiner Chronicle In Astoria Queens the lively ethnic neighborhood just across the river from Manhattan a house is being haunted by the ghost of a nine year old girl in riding clothes More than two decades before she'd been abducted from stables in Brooklyn Now it's up to Jack to uncover the truth of her story and liberate the pretty blond spirit Perhaps the answer is in the odd little store called the Shurio Coppe Ah but that would be telling Jack does things no

*Schoolhouse Gothic* Sherry R. Truffin,2009-03-26 The *Schoolhouse Gothic* undertaken by insiders and outsiders to the academy alike and embodied both in literature and in academic discourse draws on Gothic metaphors and themes in representing and interrogating contemporary American schools and educators Curses from the past take the form of persistent power inequities of race gender class and age and rather ironically the very Enlightenment that was to save the moderns from rigid ancient mystified hierarchies In *Schoolhouse Gothic* literature including works by Stephen King Flannery O'Connor Toni Morrison Joyce Carol Oates and David Mamet school buildings classrooms and or offices function as traps or analogues to the claustrophobic family mansions monasteries and convents of old In *Schoolhouse Gothic* scholarship the trap is academic objectivity viewed not as a lofty goal but rather as an institutional strategy of concealment that blinds the scholar to his or her own prejudices and renders even the most well meaning complicit with inequitable power structures The combination of curse and trap common to the Gothic scenario produces paranoia violence and monstrosity In *Schoolhouse Gothic* literature schools turn students into psychopaths and machines In the scholarship the product is discourse or epistemic violence reified The *Schoolhouse Gothic* suggests at the very least that Americans have become increasingly uneasy about the role of the academy increasingly mistrustful of its guardians and increasingly convinced that something sinister lies behind its officially benevolent exterior
