Inside Flyer ,2009 *Newsweek* ,2008 **Online Dating as A Strategic Game** Maurice Kwok-to Choi,Kwok-bun Chan,2013-12-03 Based on a study using online ethnography as the major research method this book explains why and how men in Hong Kong use QQ an online instant messenger to chase women in mainland China especially in the neighboring city of Shenzhen Chasing women through QQ is a reciprocal exchange process during which the resources to be exchanged in the interaction are not negotiated Rather the men provide resources to the women hoping for rewards in return that are not guaranteed This characteristic of the exchange makes men who chase women through QQ very strategic in their action They try to maximize the rewards and minimize the costs by adopting myriad strategies such as constructing an attractive online identity by strategic self presentation The role of emotions in the exchange process is also examined Men learn the emotional norms through the online forum but sometimes it is difficult for them to control their emotions some men fall in love when they are not supposed to As it happens they have failed to calculate the costs and rewards rationally in that they may provide too many resources to the women without getting enough rewards in return This book provides original insights into the thought processes motivations desires anxieties and risks of Hong Kong men seeking short term sexual relations with women on the mainland These insights are highly relevant to our understanding of the quickly evolving use of social media a phenomenon of worldwide importance and deep implications **Irresistible** Adam Alter,2018-03-06 Irresistible is a fascinating and much needed exploration of one of the most troubling phenomena of modern times Malcolm Gladwell author of New York Times bestsellers David and Goliath and Outliers One of the most mesmerizing and important books I've read in quite some time Alter brilliantly illuminates the new obsessions that are controlling our lives and offers the tools we need to rescue our businesses our families and our sanity Adam Grant New York Times bestselling author of Originals and Give and Take Welcome to the age of behavioral addiction an age in which half of the American population is addicted to at least one behavior We obsess over our emails Instagram likes and Facebook feeds we binge on TV episodes and YouTube videos we work longer hours each year and we spend an average of three hours each day using our smartphones Half of us would rather suffer a broken bone than a broken phone and Millennial kids spend so much time in front of screens that they struggle to interact with real live humans In this revolutionary book Adam Alter a professor of psychology and marketing at NYU tracks the rise of behavioral addiction and explains why so many of today's products are irresistible Though these miraculous products melt the miles that separate people across the globe their extraordinary and sometimes damaging magnetism is no accident The companies that design these products tweak them over time until they become almost

impossible to resist By reverse engineering behavioral addiction Alter explains how we can harness addictive products for the good to improve how we communicate with each other spend and save our money and set boundaries between work and play and how we can mitigate their most damaging effects on our well being and the health and happiness of our children Adam Alter s previous book *Drunk Tank Pink And Other Unexpected Forces that Shape How We Think Feel and Behave* is available in paperback from Penguin
