Dealing With Deities Dealing With Deities:

Dealing with Deities Selva J. Raj, William P. Harman, 2012-02-01 Drawing on original field research *Dealing with Deities* explores the practice of taking ritual vows in the lives of ordinary religious practitioners in South Asia The cornerstone of lay religious activity vow rituals are adopted by Muslims Hindus Christians Buddhists Jains and Sikhs who wish to commit themselves to ritually enacted relationships with sacred figures in order to gain earthly boons and spiritual merit The contributors to this volume offer a fascinating look at the varieties and complexities of vows and also focus on a unique characteristic of this vow taking culture that of resorting to deities and shrines of other religions in defiance of institutional directives and religious boundaries Richly illustrated the book explores the creativity of South Asian devotees and their deeply felt convictions that what they require they can achieve faithfully and independently by dealing directly with deities

Coping With the Gods Henk Versnel, 2011-05-10 Inspired by a critical reconsideration of current monolithic approaches to the study of Greek religion this book argues that ancient Greeks displayed a disquieting capacity to validate two or more dissonant if not contradictory representations of the divine world in a complementary rather than mutually exclusive manner From this perspective the six chapters explore problems inherent in order vs variety chaos in polytheism arbitrariness vs justice in theodicy the peaceful co existence of mono and polytheistic theologies human traits in divine imagery divine omnipotence vs limitation of power and ruler cult Based on an intimate knowledge of ancient realia and literary testimonia the book stands out for its extensive application of relevant perceptions drawn from cultural anthropology theology cognitive science psychology and linguistics

The Real Deal: Making the Case for the One True God Rev. Peter Hendriks Okello, 2018-08-08 This book explains differences between the content of the Bible and the Qur'an and between the God of the Bible and Allah of the Quran The resulting identity of Allah serves as a wake up call for many Christians especially for those who think that the God of the Bible and Islam's Allah are identical Despite growing militant Muslim behavior throughout the world especially against Christians and Jews many Christian leaders in churches and politics seem to be ignorant of the growing threat of Islam to their communities Many examples of explicit Muslim's inhuman behavior substantiate the global Muslim threat to completely destroy Jewish and Christian communities throughout the world This book helps readers understand that there is a significant and most strenuous spiritual battle going on in the heavenly spheres between demons fallen angels and angels as ministers of God This spiritual battle is reflected in the hearts and minds of men and women today This book suggests how Christians need to be united in a biblical response to the growing threat of militant Islam to bring the entire world under the rule of Sharia law and worship of Islam's Allah

The Works of of the Late Reverend Robert Traill Robert Traill,1810 *The Works of the Late Reverend Robert Traill* Robert Traill,1776 The Works of Robert Traill Robert Traill,1810 Other Gods and Idols Thomas A. Judge,2019-02-21 This study questions why the relationship between the worship of other gods and the worship of idols within the Old Testament is difficult to define acknowledging how various traditions have seen these two issues as synonymous and others have viewed them as separate commandments Judge argues that there are four factors at play in this diversity He introduces the first three through an examination of the relationship between the prohibitions listed in the biblical text and the fourth through a study of the biblical depiction of the war against idols before and after the fall of the Northern Kingdom Judge argues that texts depicting the era before the fall provide a context in which there are strong grounds to distinguishing the worship of the wrong gods and the worship of the right God in the wrong way However texts depicting the era after the fall provide a context in which the issues appear to have been fused

Man and God Xavier Zubiri,2009-07-29 Man and God is the first of three major works by Xavier Zubiri 1898 1983 on the subject of theology All three books are posthumous publications based on lectures given by Zubiri a famous contemporary Spanish philosopher Man and God is divided into three parts the first part serving as an essential introduction to the core of the work This section together with the introductions by translators Joaquin Redondo and Dr Thomas B Fowler provide the reader with the necessary preparation to enjoy the philosophical riches of this book Here Zubiri suggests that God is transcendent in all things therefore by experiencing the world man has the fundamental experience of God Translators Redondo Fowler and Dr Nelson Orringer have sought to render the original text into natural and readable English while maintaining fidelity to the original work This translation is the product of three experts in the thought of Zubiri with the final revision given here collaboration between Dr Fowler and Dr Orringer This translation was made possible by a grant from the Spanish Ministry of Culture
