the growth of cities and of industrial America when both were robust and flourishing The time may be gone when children accompany their mothers downtown for a day of shopping and lunch in the tea room when monogrammed trucks deliver purchases for free the very same day and when the personality of a city or town can be read in its big stores But they are far from forgotten and they still have power to influence how we shop today Service and Style recreates the days of downtown department stores in their prime from the 1890s through the 1960s Exploring in detail the wide range of merchandise they sold particularly style goods such as clothing and home furnishings it examines how they displayed promoted and sometimes produced goods It reveals how the stores grew why they declined and how they responded to and shaped the society around them

From Mounds to Megachurches David S. Williams,2010-01-25 In From Mounds to Megachurches David S Williams offers a sweeping overview of the role religion has played in Georgia s history from precolonial days to the modern era Williams shows that colonial Georgia was a remarkably diverse place populated by mainline colonial congregations that included Anglicans Roman Catholics German and Spanish speaking Jews Salzburg Lutherans and Scottish Presbyterians It wasn t until much later that evangelicalism triumphed and Baptists became the overwhelmingly dominant denomination Williams uses the stories of such important figures as Tomochichi John Wesley Jesse Mercer Henry McNeal Turner Lillian Smith Martin Luther King Jr and Clarence Jordan to portray larger historical narratives and denominational battles Race and religion were intertwined not only in such key movements as abolition and civil rights but also throughout Georgia s history In order to fully grasp the religious heritage of Georgia Williams says we must return again and again to racial matters Recently Georgians have seen racial ethnic and religious diversity grow as Muslim Buddhist Hindu Sikh Baha i and other communities have settled in the state Williams explores how Georgians have dealt with contemporary issues of tolerance and how at times the state has taken center stage in our nation s culture wars Firmly rooting religious history in a social cultural and political context Williams presents a representative and balanced account of Georgia s religious heritage From Mounds to Megachurches sheds new light on what

Pomerantz, 2021-04-13 A magnificent piece of writing a beautiful tapestry of prose in which the stories of two of Atlanta's most celebrated families have been woven densely into the history of the city itself The New York Times The Intersection of Peachtree Street historically the residential and commercial street of Atlanta's white elite and Sweet Auburn Avenue the spiritual main street of Atlanta's community mirrors the often separate but mutually dependent worlds of whites and blacks in this Southern city In *Where Peachtree Meets Sweet Auburn* Gary M Pomerantz traces five generations of two families the Allens descended from slave owners and the Dobbsses from slaves These families produced the two most influential mayors of the modern South Ivan Allen Jr and Maynard Jackson Jr Through hundreds of interviews and five years of painstaking research Pomerantz shows how the families rose to social economic and political prominence But he also demonstrates how their interesting lives paralleled the shifting relations between Atlanta's blacks and whites as the city grew to become the capital of the New South It is a representative story of the transformation of a city and the entire south
