Decolonization Perspectives From Now And Then Rewriting Histories:

Decolonization Prasenjit Duara, 2004 Decolonization brings together the most cutting edge thinking by major historians of decolonization including previously unpublished essays and writings by leaders of decolonizing countries including Ho Chi Minh and Jawaharlal Nehru The chapters in this volume present a move away from Western analysis of decolonization and instead move towards the angle of vision of the former colonies This is a ground breaking study of a subject central to recent global history

DECOLONIZATION Prasenjit Duara, 2004 *Decolonization* Prasenjit Duara, 2004-02-24 Decolonization brings together the most cutting edge thinking by major historians of decolonization including previously unpublished essays and writings by leaders of decolonizing countries including Ho Chi Minh and Jawaharlal Nehru The chapters in this volume present a move away from Western analysis of decolonization and instead move towards the angle of vision of the former colonies This is a ground breaking study of a subject central to recent global history

Peace, Decolonization, and the Practice of Solidarity Rob Skinner, 2023-10-05 This book shows that the connected histories of decolonization and globalization concern the practices of individuals and movements as much as they do the ideologies of states institutions and organizations Viewing decolonization through non state activist practices and setting anti colonial solidarity in the context of the methods of contemporary global peace movements it argues that seemingly marginal histories can illuminate aspects of the end of empire that are not readily apparent in studies centred on state diplomacy and nationalist movements Focusing on a group of British and American activists including the pacifist campaigner A J Muste the anti apartheid priest Michael Scott and the civil rights organiser Bayard Rustin Skinner explores connected global histories of anti nuclear peace campaigns anti colonialism and decolonization to illuminate new perspectives on the end of empire and the Cold War Studying a failed attempt to infiltrate the French atom bomb test site in southern Algeria and a mass march across the border between Tanganyika and Northern Rhodesia that never took place these stories provide valuable insights into the interactions between local and global scales of historical experience In presenting these histories this book demonstrates how global and transnational histories can challenge and disrupt rather than reinforce hierarchies of power and privileges In doing so it also contributes to ongoing debates surrounding the nature of decolonization as a historical phenomenon by focusing on the practices of activism that shaped and were shaped by the political and intellectual structures of decolonization

The Oxford Illustrated History of the World Felipe Fernández-Armesto, 2019-01-03 Imagine the planet as if from an immense distance of time and space as a galactic observer might see it with the kind of objectivity that we who are enmeshed in our history can't attain The Oxford Illustrated History of the World encompasses the whole span of human history It brings together some of the world's leading historians under the expert guidance of Felipe Fernandez Armesto to tell the 200 000 year story of our world from the emergence of homo sapiens through to the twenty first century the environmental convulsions the interplay of ideas good and bad the cultural phases and exchanges the collisions and collaborations in politics

the successions of states and empires the unlocking of energy the evolutions of economies the contacts conflicts and contagions that have all contributed to making the world we now inhabit Global Perspectives on Global History Dominic Sachsenmaier, 2011-08-04 In recent years historians across the world have become increasingly interested in transnational and global approaches to the past However the debates surrounding this new border crossing movement have remained limited in scope as theoretical exchanges on the tasks responsibilities and potentials of global history have been largely confined to national or regional academic communities In this groundbreaking book Dominic Sachsenmaier sets out to redress this imbalance by offering a series of new perspectives on the global and local flows sociologies of knowledge and hierarchies that are an intrinsic part of historical practice Taking the United States Germany and China as his main case studies he reflects upon the character of different approaches to global history as well as their social political and cultural contexts He argues that this new global trend in historiography needs to be supported by a corresponding increase in transnational dialogue cooperation and exchange **The Interrogation Rooms of the Korean War** Monica

Kim, 2020-11-03 Traditional histories of the Korean War have long focused on violations of the thirty eighth parallel the line drawn by American and Soviet officials in 1945 dividing the Korean peninsula But *The interrogation rooms of the Korean War* presents an entirely new narrative shifting the perspective from the boundaries of the battlefield to inside the interrogation room Upending conventional notions of what we think of as geographies of military conflict Monica Kim demonstrates how the Korean War evolved from a fight over territory to one over human interiority and the individual human subject forging the template for the U S wars of intervention that would predominate during the latter half of the twentieth century and beyond Kim looks at how during the armistice negotiations the United States and their allies proposed a new kind of interrogation room one in which POWs could exercise their free will and choose which country they would go to after the ceasefire The global controversy that erupted exposed how interrogation rooms had become a flashpoint for the struggles between the ambitions of empire and the demands for decolonization as the aim of interrogation was to produce subjects who attested to a nation's right to govern The complex web of interrogators and prisoners Japanese American interrogators Indian military personnel Korean POWs and interrogators and American POWs that Kim uncovers contradicts the simple story in U S popular memory of brainwashing during the Korean War Encyclopedia of Geography Barney

Race, Place, Trace Lorenzo Veracini,Susan Slyomovics,2022-02-01 Continuing Patrick Wolfe s work on settler colonialism This edited collection celebrates Patrick Wolfe s contribution to the study and critique of settler colonialism as a distinct mode of domination The chapters collected here focus on the settler colonial assimilation of land and people and on what Wolfe insightfully defined as preaccumulation the ability of settlers to mobilise technologies and resources unavailable to resisting Indigenous communities Wolfe s militant and interdisciplinary scholarship is thus emphasised together with his determination to acknowledge Indigenous perspectives and the efficacy of Indigenous resistances In case studies of Australia French Algeria and the United States contributors illustrate how seminal his contribution was and is There are three core reasons why it is especially important to develop the field of thinking inaugurated by Wolfe first because the demand for Indigenous sovereignty has been crucial to recent struggles against neoliberal attacks in the settler societies second because a critique of settler colonialism and its logic of elimination has supported important struggles against environmental devastation and third because the ability to think race in ways that are not disconnected from other struggles is now more needed than ever Racial capitalism and settler colonialism are as imbricated now as they always have been and keeping both in mind at the same time highlights the need to establish and nurture solidarities that reach across established divides

State Succession in Cultural Property Andrzej Jakubowski,2015-06-04 The demise and rebirth of states brings with it a set of very complicated legal issues among which is the question of how to deal with that state s cultural heritage whether within its boundaries or not Through a historical analysis of state dissolution and succession and its impact on cultural heritage from 1815 to present day the work will identify guiding principles to facilitate the conclusion of agreements on the status of cultural property following the succession of states Studying primary materials and evidence of state practice that has not been available before the work will propose a novel approach to state succession from the perspective of the emerging interest of the international community to safeguard cultural heritage State succession is one of the most obscure

areas of international law since its rules are characterized either by their absence or their inconsistency This book explores to what extent the principles and practice of state succession correspond to the evolution of the concept of cultural heritage in international law It provides an extensive analysis of the alternations of the international practice and legal doctrine of state succession to tangible cultural heritage since the formation of the European nation states in the nineteenth century through the experience of decolonization to the post Cold War dissolution of multinational states The book has been awarded Prize of the Professor Manfred Lachs Foundation and Kozminski University in Warsaw for the best monograph in public international law published by a Polish author in 2015 in the category of debuts On 24 November 2016 the book *State Succession in Cultural Property* by Andrzej Jakubowski was awarded the Prize of the Professor Manfred Lachs Foundation and Kozminski University in Warsaw for the best monograph in public international law published by a Polish author in 2015 in the category of debuts

Sovereign Anxiety Javed Iqbal Wani, 2023-11-16 Studies sovereignty and law and argues that public order laws are an expression of sovereign anxiety

Beyond Empire and Nation, 2013-03-28 The decolonization of countries in Asia and Africa is one of the momentous events in the twentieth century But did the shift to independence indeed affect the lives of the people in such a dramatic way as the political events suggest The authors in this volume look beyond the political interpretations of decolonization and address the issue of social and economic reorientations which were necessitated or caused by the end of colonial rule The book covers three major issues public security the changes in the urban environment and the reorientation of the economies Most articles search for comparisons transcending the colonial and national borders and adopt a time frame extending from the late colonial period to the early decades of independence in Asia and Africa 1930s 1970s The volume is part of the research programme Indonesia across Orders of the Netherlands Institute for War Documentation Contributors to the volume are Greg Bankoff Raymond Betts Ann Booth Cath rine Coqu ry Vidrovitch Freek Colombijn Frederick Cooper Bill Freund Karl Hack Jim Masselos and Willem Wolters

Drawing The Global Colour Line Henry Reynolds, Marilyn Lake, 2018-07-04 At last a history of Australia in its dynamic global context In the late nineteenth and early twentieth centuries in response to the mobilisation and mobility of colonial and coloured peoples around the world self styled white men s countries in South Africa North America and Australasia worked in solidarity to exclude those peoples they defined as not white including Africans Chinese Indians Japanese and Pacific Islanders Their policies provoked in turn a long international struggle for racial equality Through a rich cast of characters that includes Alfred Deakin WEB Du Bois Mahatma Gandhi Lowe Kong Meng Tokutomi Soho Jan Smuts and Theodore Roosevelt leading Australian historians Marilyn Lake and Henry Reynolds tell a gripping story about the circulation of emotions and ideas books and people in which

Australia emerged as a pace setter in the modern global politics of whiteness The legacy of the White Australia policy still casts a shadow over relations with the peoples of Africa and Asia but campaigns for racial equality have created new possibilities for a more just future Remarkable for the breadth of its research and its engaging narrative *Drawing the Global Colour Line* offers a new perspective on the history of human rights and provides compelling and original insight into the international political movements that shaped the twentieth century Winner of the Ernest Scott Prize 2009 Winner of the Queensland Premier's Prize for History 2009 Winner of the Prime Minister's Prize for Non Fiction 2009 *Origins of the Black Atlantic* Laurent Dubois, Julius S. Scott, 2013-01-11 Between 1492 and 1820 about two thirds of the people who crossed the Atlantic to the Americas were Africans With the exception of the Spanish all the European empires settled more Africans in the New World than they did Europeans The vast majority of these enslaved men and women worked on plantations and their labor was the foundation for the expansion of the Atlantic economy during the seventeenth and eighteenth centuries Until relatively recently comparatively little attention was paid to the perspectives daily experiences hopes and especially the political ideas of the enslaved who played such a central role in the making of the Atlantic world Over the past decades however huge strides have been made in the study of the history of slavery and emancipation in the Atlantic world This collection brings together some of the key contributions to this growing body of scholarship showing a range of methodological approaches that can be used to understand and reconstruct the lives of these enslaved people *Origins of the Cold War* David S. Painter, 2005 This second edition brings the collection up to date including the newest research from the Communist side of the Cold War and the most recent debates on culture race and intelligence
