cheese karst rock of the underground aquifer But he never gave up on his quest to disprove the prevailing scientific models or to protest what they allowed the unchecked pumping and depletion of Florida's groundwater Through interviews with Skiles's friends and family along with insights from his own journals Julie Hauserman describes the escapades and achievements that characterized his life's work This book is the inspiring story of an explorer and activist who uncovered environmental abuses advanced the field of underwater photography and astonished the world with unprecedented views of the secret depths of the planet
