Facing Islam Without Fear Patrick Nachtigall, 2015-07-01 **Liminal Minorities** Günes Murat Tezcür, 2024-04-15

Winner of the Religion and International Relations Book Award of the Religion and International Relations Section of the International Studies Association Winner of the Hubert Morken Award of the Religion and Politics Section of the American Political Science Association *Liminal Minorities* addresses the question of why some religious minorities provoke the ire of majoritarian groups and become targets of organized violence even though they lack significant power and pose no political threat Güneş Murat Tezcür argues that these faith groups are stigmatized across generations as they lack theological recognition and social acceptance from the dominant religious group Religious justifications of violence have a strong mobilization power when directed against liminal minorities which makes these groups particularly vulnerable to mass violence during periods of political change Offering the first comparative historical study of mass atrocities against religious minorities in Muslim societies Tezcür focuses on two case studies the Islamic State's genocidal attacks against the Yezidis in northern Iraq in the 2010s and massacres of Alevis in Turkey in the 1970s and 1990s while also addressing discrimination and violence against followers of the Bahá'í faith in Iran and Ahmadis in Pakistan and Indonesia Analyzing a variety of original sources including interviews with survivors and court documents Tezcür reveals how religious stigmatization and political resentment motivate ordinary people to participate in mass atrocities

Fear and Intimidation Robert Cook, 2017-01-10 In the early eighties the second Muslim I ever met threatened to kill me because he thought I was making fun of his god while I was asking another Muslim about the first Palestinian intifada the many suicide bombings in Israel Little did I know then that I would ever study Islam and the Quran and write a book about the two subjects Muslims are commanded in the Quran to believe in all the books revelations that Allah has sent down to all mankind which include the Old and New Testaments Though Islamic scholars and Imams teach that the Old and New Testaments are corrupted and therefore should not be studied The Quran says nothing at all about the Word of Allah as being corrupted In fact the Quran states that Allah

preserves his word So when Muslims refuse to read or study the Bible they are rejecting the word of Allah In this book the Quran and the Bible are quoted throughout covering subjects like how the Quran actually glorifies Jesus above Muhammed by declaring that Jesus was a faultless man A faultless man is a perfect man which is more than just a man because no man who has ever lived on the earth has been faultless except Jesus This book is an effort to inform all including Muslims about Islam and the Quran so that we may better understand the fastest growing religion in the world and to give Christians what they need to know about Islam in their efforts to reach out to Muslims
