draws parallels between Cheyenne Mountain and today's fast food industry **Fast Food Nation** Eric Schlosser, 2009-11-03 Fast food has hastened the marring of our landscape widened the chasm between rich and poor fueled an epidemic of obesity and propelled American cultural imperialism abroad That's a lengthy list of charges but Eric Schlosser makes them stick with an artful mix of first rate reportage wry wit and careful reasoning Schlosser's myth shattering survey stretches from California's subdivisions where the business was born to the industrial corridor along the New Jersey Turnpike where many of fast food's flavors are concocted Along the way he unearths a trove of fascinating unsettling truths from the unholy alliance between fast food and Hollywood to the seismic changes the industry has wrought in food production popular culture and even real estate **Fast Food Nation: The Dark Side of the All-American Meal** BookCaps Study Guides Staff, 2012
