Decree On Priestly Training Optatam Totius:

Optatam Totius Austin Flannery, 2014-06-01 The sixteen official documents constitutions decrees and declarations of the Second Vatican Council are now available from Liturgical Press in the most popular and widely used inclusive language edition translated by Irish Dominican Austin Flannery October 21 2008 As the worldwide Church continues to celebrate the fiftieth anniversary of the Council 1962-65 there is a great need in college classrooms and parish faith formation groups as well as for individuals to again have access to these documents in contemporary English As Flannery wrote in his introduction to the 1996 edition The translation of the texts of the Vatican documents in the present volume differs from that in the previous publication in two respects It has been very considerably revised and in places corrected It is also to a very large extent in inclusive language I say to a very large extent because we have used inclusive language in passages about men and women but not however in passages about God except where the use of the masculine pronoun was easily avoidable

Decree on Priestly Training Paul VI Pope, *Decree on Priestly Training* Paul VI Pope, *The "Hand of God" at Work in Adult Catholic Priestly Formation* Robert L. Anello, MSA, 2015-03-06 Fr Eusebio M. Marnard O.F.M. was gifted with a visionary perspective regarding God's call to adults for ministry in the Catholic Church specifically priestly vocations In the mid 1940s Marnard proposed an innovative idea for training men called to serve God through the priesthood college seminaries for belated vocations As he defined it a man with a belated vocation had not heard God's call in his early years or having heard it did not or could not act upon it at that time The events leading to the formation and development of Holy Apostles College Seminary proved challenging and at times painful for those people who joined Marnard in this enterprise Still it appeared from the start that the Hand of God was truly at work in the concept acquisition and development of Holy Apostles This study documents the founding and initial development of Holy Apostles and highlights several significant events from the first forty years of its service to the Catholic Church *Norms for Priestly Formation*, 1994 Volume I contains the new edition of the *Ratio Fundamentalis Institutionis Sacerdotalis* Included in Volume II are companion publications to the Program of Priestly Formation *New Shepherds* Krzysztof Pawlina, 2025-01-20 Krzysztof Pawlina presents in his book a profile of a candidate for the priesthood who enters a seminary in Poland The study was first conducted by survey method in 2000 and then repeated twenty years later In the former period the survey covered seminarians born and partly brought up during the communist rule in Poland while in the latter the survey subjects were young people who were brought up in the conditions of a democracy and the free market economy The research captured the change that had taken place in regard to the social identity lifestyle and mentality of candidates for the priesthood The study covered aspects such as the geographical and social sources of priestly vocations the cultural background of priesthood candidates their religiosity their world of values their motivations their understanding of the priesthood and the Church This change in question was explored in the context of social transformations especially the secularisation processes taking place

in the last two decades of Poland *The Pastor Bonus* Theo Clemens, Wim Janse, 2003-07-30 From earliest times the Western Church has fiercely debated questions about the place of the ministry within the Church and Church government What requirements should be met by candidates for holy orders and what do we expect of priests and ministers personal holiness training for their calling social skills or merely the possession of official ordination The Church has at different times produced very different answers and the 30 scholars from Britain the Netherlands and Belgium whose papers in this volume follow the course of the debate concerning the good shepherd from the early church through to modern times show on the one hand what happens to Christian communities that have lost a clear view of the functions of the ministry and on the other just how much trust people have always placed in their priests and pastors With contributions by Anton Weiler Charles Caspers Robert Swanson Petty Bange Mathilde van Dijk Claire Cross Fred van Lieburg Ingrid Dobbe Frank van de Pol Eamon Duffy Joke Spaans Trevor Johnson Gian Ackermans David Wykes Jeremy Gregory W M Jacob Joris van Eijnatten Nigel Yates David Bos Leo Kenis F G M Broeyer Frances Knight John Tomlinson Stuart Mews Lieve Gevers and Ian Jones **Engaging with Thomas Aquinas** Leonardo De Chirico, 2024-05-16 The influence of Thomas Aquinas on Western theology is beyond dispute yet his is a contested legacy In current evangelical studies there is an emerging infatuation with Thomas especially as far as his theological metaphysics is concerned On the occasion of the eighth centenary of Thomas Aquinas *Engaging with Thomas Aquinas* is a thoughtful introduction aimed at presenting the main contours of the doctor's complex legacy and critically evaluating it especially in areas where the Roman Catholic Thomas eclipses the classical theology which is attracting renewed attention in evangelical circles *Engaging with Thomas Aquinas* contributes a thoughtful analysis from an evangelical viewpoint offering answers to complex questions such as Is the thought of Thomas and Thomism's the same What strengths and dangers does the legacy of Thomas Aquinas present to evangelical thought How can Rome's chief doctor be at the same time a reference point for evangelical theology In this book De Chirico offers an evangelical a framework to think through this contested thinker's legacy as well as an invitation to the inquiring reader to consider an alternative Conciliar Octet Fr. Aidan Nichols. O.P., 2019-08-21 A lively debate continues in the Roman Catholic Church about the character of the teaching provided by the Second Vatican Council Did it represent a decisive rupture with previous doctrine or the continuation of its earlier message under new conditions In this work Dominican scholar and writer Aidan Nichols maintains that the Council texts must be interpreted in the light of their genesis not their aftermath They must be seen in the light of the public debates in the Council chamber not the hopes of individuals behind the scenes On this basis he provides a concise commentary on the eight most significant documents produced by the Council documents which cover rather comprehensively all the major aspects of the Church's life The texts that emerged from the often impassioned debates permit a reading of a classically Christian kind and that is precisely what Nichols offers in this book **The Catholic Priesthood** Rev. Anthony O. Ezeoke, 2012 In recent years the Catholic Church has suffered a deluge of accusations bad press and

tragedies Now is the time for the priesthood to recapture the faithfulness which led them to their calling and to inspire their laity as never before A timely urgent handbook for Catholics of every nation The Catholic Priesthood offers a wake up call not only to the hierarchy of the Catholic Church but to all Christians everywhere Rev Fr Anthony O Ezeoke s firm grasp of Catholic teaching the Church s history and the priesthood vocation offer an enlightening criticism of how the Church needs to return to the fundamental teachings of its beginning Through short easy to digest chapters Rev Father Ezeoke reviews the role of priests in the Old and New Testaments Jesus as the High Priest and the apostles calling to continue Jesus s ministry He addresses specific questions related to some of the issues currently plaguing the Church today and offers hope and inspiration for change Above all he issues an encouraging plea for every member of the Catholic Church to reawaken the Gospel within their hearts The Catholic Priesthood is the first step toward reviving hope within the Catholic Church and her flock

The Day Is Now Far Spent Robert Sarah, Nicolas Diat, 2019-09-01 Robert Cardinal Sarah calls *The Day Is Now Far Spent* his most important book He analyzes the spiritual moral and political collapse of the Western world and concludes that the decadence of our time has all the faces of mortal peril A cultural identity crisis he writes is at the root of the problems facing Western societies The West no longer knows who it is because it no longer knows and does not want to know who made it who established it as it was and as it is Many countries today ignore their own history This self suffocation naturally leads to a decadence that opens the path to new barbaric civilizations While making clear the gravity of the present situation the cardinal demonstrates that it is possible to avoid the hell of a world without God a world without hope He calls for a renewal of devotion to Christ through prayer and the practice of virtue

From Trent to Vatican II Raymond F. Bulman, Frederick J. Parrella, 2006-05-25 The second Vatican Council was convened by Pope John XXIII between 1962 and 1965 It marked a fundamental shift toward the modern Church and its far reaching innovations replaced or radically changed many of the practices rules and attitudes that had dominated Catholic life and culture since the Council of Trent in the sixteenth century In this book a distinguished team of historians and theologians offers an impartial investigation of the relationship between Vatican II and Trent by examining such issues as Eucharistic theology liturgical change clerical reform the laity the role of women marriage confession devotion to Mary and interfaith understanding As the first book to present such a comprehensive study of the connection between the two great Councils this is an invaluable resource for students theologians and church historians as well as for bishops clergy and religious educators

Sociological Perspectives on Clerical Sexual Abuse in the Catholic Hierarchy Vivencio O. Ballano, 2019-09-21 This book as an exploratory sociological analysis broadly examines the major structural factors which contribute to the social disorganization of the Catholic hierarchy as a clerical community facilitating the persistence of clerical sexual abuse in the Catholic Church Using some tenets of the social disorganization theory on crime and deviance as the overall theoretical framework with some perspectives from social organization social network and social capital and secondary literature and qualitative data to

support the arguments it examines the 1 diocesan clergy's social interaction mutual support and social control system in the hierarchical community 2 connection between mandated clerical celibacy and clerical sexual abuse and 3 the implication of the laity's lack of empowerment and ecclesiastical authority to monitor and sanction clerical behavior The Catholic hierarchy prides itself as a unified community of clerics under the Pope who shares the one priesthood of Christ But the current clerical sexual scandals and the inability of bishops to adequately manage clerical sexual abuse cases make one wonders whether the Catholic clergy is indeed a cohesive and socially organized community which inhibits clerical sexual abuse This book invites Church authorities theologians scholars and lay leaders to understand the persistent clerical sexual abuse empirically and to come up with structural reforms which enhance the social network and social control systems of the Catholic hierarchy against clerical sexual misconduct and support victims *Locating US Theological Education In a Global Context* Hendrik R. Stephan Goertz, 2021-11-08 The Catholic Church still takes an ambivalent stance toward homosexuality declaring that homosexuals should be respected and not discriminated against while morally condemning their intimate relationships This volume presents exegetical theological and ethical arguments as well as evidence from the human sciences to advocate for the recognition of homosexuality as a natural variant of the human capacities to love and to form relationships

Beyond Profession Daniel O. Aleshire, 2021-03-18 What should theological education become Theological education has long been successful in the United States because of its ability to engage with contemporary cultural realities Likewise despite the existential threats facing it today theological education can continue to thrive if it is once again reinvented to fit with the needs of current times Daniel Aleshire the longtime executive director of the Association of Theological Schools offers a brief account of how theological education has changed in the past and how it might change going forward He begins by reflecting on his own extensive experience with theological education and then turns to reviewing its history dating back to the seventeenth century Amid this historical survey he uncovers an older model of the field that he believes must become dominant once again what he calls formational theological education and explores educational practices that this model would require The future of theological education described here by Aleshire would return seminaries to their original role as places where a deep abiding resilient generative identity as Christian human beings is fostered within emerging Christian leaders This he argues more than professional preparation is what theological education must be most essentially about
