Malcolm, Stanley E Porter, 2013-11-01 How should we expect multiple interpretations of the Bible to be kept in check Each of the contributors experts in the field considers one parameter of responsibility which may act as a constraint on the validity of competing biblical interpretations Stanley E Porter considers theological responsibility Walter Moberly on ecclesial responsibility Richard S Briggs on scriptural responsibility Matthew R Malcolm on kerygmatic responsibility James D G Dunn on historical responsibility Robert C Morgan on critical Tom Greggs on relational responsibility and Anthony C Thiselton considers the topic as a whole What emerges is a plurivocal but concordant projection of fruitful ways forward for biblical interpretation *Receptive Ecumenism as Transformative Ecclesial Learning* Paul D. Murray, Gregory A. Ryan, Paul

Lakeland, 2022-05-26 Receptive Ecumenism asks not what other churches can learn from us but what can we learn and receive with integrity from our ecclesial others Since the publication of *Receptive Ecumenism and the Call to Catholic Learning Exploring a Way for Contemporary Ecumenism* OUP 2008 this fresh ecumenical strategy has been adopted critiqued and developed in different Christian traditions and in local national and international settings including the most recent bilateral dialogue of the Anglican Roman Catholic International Commission ARCIC III The thirty eight chapters in this new volume by academics church leaders and ecumenical practitioners who have adopted and adapted Receptive Ecumenism in various ecclesial and cultural contexts show how Receptive Ecumenism has grown and matured Part One demonstrates how Receptive Ecumenism itself is capable of being received with integrity into very different ecclesiologies and ecclesial traditions In Part Two this approach to transformative ecumenical learning is applied to some recurrent ecclesial problems such as the understanding and practice of ministry revealing new insights and practical opportunities Part Three examines the potential and challenges for Receptive Ecumenism in different international settings Part Four draws on scripture hermeneutics and pneumatology to offer critical reflection on how Receptive Ecumenism itself implements transformative ecclesial learning Addressing the 70th Anniversary of the World Council of Churches Archbishop Justin Welby said that One of the most important of recent ecumenical developments has been the concept of Receptive Ecumenism This volume provides an indispensable point of reference for understanding and applying that concept in the life of the Christian churches today

The Wisdom of the Spirit Martyn Percy, Pete Ward, 2016-02-17 In this groundbreaking book exploring Christianity and contemporary culture internationally renowned scholars including David Martin Alister McGrath Billy Abraham Billy Kay and Pete Ward interface with the legacy of Andrew Walker's work and look forward in their own predictions of trends Following

Walker's special interests in house churches, charismatic renewal, culture and faith, this book picks up on these themes and also looks more broadly at topics such as Pentecostalism, Alpha and post-Evangelicalism. **In Search of Deep Faith** Jim Belcher, 2013-11-19 Follow pastor Jim Belcher and his family as they take a pilgrimage through Europe seeking substance for their faith in Christianity's historic civilizational home. What they find in places like Lewis's Oxford and Bonhoeffer's Germany are glimpses of another kind of faith, one with power to cut through centuries and pierce our hearts today. **Changing Signs of Truth** Crystal L. Downing, 2012-05-15 Crystal Downing brings the postmodern theory of semiotics within reach for today's evangelists. Following the idea of the sign through Scripture, church history and the academy, Downing shows you how signs work and how sensitivity to their dynamics can make or break an attempt to communicate truth. **The Message of the Church** Don Carson, 2013-04-23 The Bible begins and ends with God dwelling with his people, from Adam and Eve in the garden of Eden to the great multitude in the New Jerusalem in the book of Revelation. At each step, God gathered his people together to speak to them, hear from them and change them to be more like him. God assembling his people, whom he loves, is what the Bible calls church. The church should aspire to be a group of vibrant, loving, risk-everything people who are passionately committed to living out the values of God's Word and looking forward to the new creation. Churches and their pastors and leaders need to hear what the Bible says about who they are and what they are to do. Chris Green takes the message of the church to mean first that the church has a message, which is that God has saved his people through Christ; second that the church is the created and saved result of that message; and third that the church is a message, which is that he has saved broken people like us, and by belonging to his people, we are trying to respond to him in the ways he requires. His stimulating and insightful exposition begins with a survey of the church from eternity to Eden, to exodus, to exile, to eternity, and then focuses on various dimensions of the church's life and ministry, including its worship, unity, maturity, servants, gifts, holiness, boundaries and future. **Virtue Ecclesiology** John Fitzmaurice, 2017-05-15 Critiquing a paradigm of growth within the church, this book contends that the church's growth ethic should be replaced by one based on virtue. Drawing on the work of Sennett, Fromm and Hauerwas, John Fitzmaurice argues that an approach taking growth to be the overriding task of the church is found to be shallow and risks infantilising the faith it purports to proclaim. MacIntyre's proposal for a recovery of a virtue-based ethic is examined and interpreted theologically through the concepts of narrative, theology, community, sacraments and sanctification. The role of practices in developing virtuous character is central. The nature of a virtuous organisation is explored through a lens of organisational psychodynamics; this understanding informs a model of church as a community of interpretation. Fitzmaurice suggests that it is in and through sacramental practices that the transitional space for these virtues to be formed is created. Tracing a similar corrosion of character within secular institutions that have opted for an overriding focus on growth, this book offers an alternative based on the formation of corporate as well as individual virtuous character and considers the implications of a virtue-based growth ethic on theological

education and ministerial formation as well as in terms of public theology and the manner of the church's engagement with society

Participating in God's Mission Craig Van Gelder, Dwight Zscheile, 2018-01-11 Explores how the church has engaged and should engage the American context What might faithful and meaningful Christian witness look like within our changing contemporary American context After analyzing contemporary challenges and developing a missiological approach for the US church Craig Van Gelder and Dwight Zscheile reflect on the long complex and contested history of Christian mission in America Five distinct historical periods from the beginning of the colonial era to the dawn of the third millennium are reviewed and critiqued They then bring the story forward to the present day discussing current realities confronting the church discerning possibilities of where and how the Spirit of God might be at work today and imagining what participating in the triune God's mission may look like in an uncertain tomorrow

Gospel Witness David M. Gustafson, 2019-02-14 In light of our increasingly post Christian Western contexts David Gustafson offers a mission oriented ecclesiology that moves from missional theory to practices of missional engagement Introducing God's human drama as a way to explain the gospel within God's redemptive story he outlines specific ways for pastors and church leaders to shape a gospeling culture within their congregations Gustafson expertly lays the foundations of and approaches to evangelism that are seminal and apt for the church today

Reformed Catholicity Michael Allen, Scott R. Swain, 2015-01-13 Can Christians and churches be both catholic and Reformed In this volume two accomplished young theologians argue that to be Reformed means to go deeper into true catholicity rather than away from it Their manifesto for a catholic and Reformed approach to dogmatics seeks theological renewal through retrieval of the rich resources of the historic Christian tradition The book provides a survey of recent approaches toward theological retrieval and offers a renewed exploration of the doctrine of sola scriptura It includes a substantive afterword by J Todd Billings

Fractured Fellowships William J. Allen, 2010-06-02 How did the church lose its first love A shocking indictment How could a Church devoted to sharing Christ be charged with neglecting her first love Jesus Christ Author William Allen traces the problem back 1700 years to a time when the Church began to fall in love with itself and perverted the very nature of the true Church After tracing this spiraling devolution the author shows us a way back by thinking of Church as organism rather than as institution For all this time reform efforts have resulted only in re arranging the deck chairs on the Titanic It is time to re think and go back to the first things with Christ central

The Logic of Intersubjectivity Darren M. Slade, 2020-08-27 To survey harsh criticisms against Brian Douglas McLaren 1956 readers gain the inaccurate impression that he is a heretical relativist who denies objective truth and logic While McLaren's inflammatory and provocative writing style is partly to blame this study also suspects that his critics base much of their analyses on only small portions of his overall corpus The result becomes a caricature of McLaren's actual philosophy of religion What is argued in this book is that McLaren's philosophy of religion suggests a faith based intersubjective relationship with the divine ought to result in an existential appropriation of Christ's religio ethical teachings When subjectively internalized this

appropriation will lead to the assimilation of Jesus kingdom priorities thereby transforming the believer s identity into one that actualizes Jesus kingdom ideals The hope of this book is that by tracing McLaren s philosophy of Christian religion future researchers will not only be able to comprehend and perhaps empathize with McLaren s line of reasoning but they will also possess a more nuanced discernment of where they agree and disagree with his overall rationale
