Autonomous Vehicle Applications (AVA) is a start-up company that develops safety technologies that can be sold to companies that are producing autonomous vehicles. One technology AVA is developing allows an autonomous vehicle to detect, extract, and analyze images; and then to respond to the images. For example, the technology would detect a presence in a crosswalk, extract the image, and a computer would analyze the image. When the image was determined to be a human being, the vehicle would slow down or stop until the crosswalk was clear. This technology, which is designed to capture and analyze images, and to act on the recognition of the image; is called
