at Mount Sinai Building on the new evidence for the Israelite sojourn in Egypt Hoffmeier explores the Egyptian influence on the Wilderness tradition For example he finds Egyptian elements in Israelite religious practices including the use of the tabernacle and points to a significant number of Egyptian personal names among the generation of the exodus The origin of Israel is a subject of much debate and the wilderness tradition has been marginalized by those who challenge its credibility In *Ancient Israel in Sinai* Hoffmeier brings the Wilderness tradition to the forefront and makes a case for its authenticity based on solid evidence and intelligent analysis
