Crack In The Cosmic Egg The Challenging Constructs Of Mind And Reality:

The Crack in the Cosmic Egg Joseph Chilton Pearce, 2002-08-01 The classic work that shaped the thought of a generation with its powerful insights into the true nature of mind and reality Defines culture as a cosmic egg structured by the mind's drive for logical ordering of its universe Provides techniques allowing individuals to break through the vicious circle of logic based systems to attain expanded ways of creative living and learning The sum total of our notions of what the world is and what we perceive its full potential to be form a shell of rational thought in which we reside This logical universe creates a vicious circle of reasoning that robs our minds of power and prevents us from reaching our true potential To step beyond that circle requires a centering and focus that today's society assaults on every level Through the insights of Teilhard Tillich Jung Jesus Carlos Castaneda and others Joseph Chilton Pearce provides a mode of thinking through which imagination can escape the mundane shell of current construct reality and leap into a new phase of human evolution This enormously popular New Age classic is finally available again to challenge the assumptions of a new generation of readers and help them develop their potential through new creative modes of thinking With a masterful synthesis of recent discoveries in physics biology and psychology Pearce reveals the extraordinary relationship of mind and reality and nature's blueprint for a self transcending humanity

Clarie,1978 *The Oxford Handbook of Qualitative Research* Patricia Leavy,2020 The Oxford Handbook of Qualitative

Research Second Edition presents a comprehensive interdisciplinary overview of the field of qualitative research Divided into eight parts the forty chapters address key topics in the field such as approaches to qualitative research philosophical perspectives narrative inquiry field research and interview methods text arts based and internet methods analysis and interpretation of findings and representation and evaluation The handbook is intended for students of all levels faculty and researchers across the disciplines and the contributors represent some of the most influential and innovative researchers as well as emerging scholars This handbook provides a broad introduction to the field of qualitative research to those with little to no background in the subject while providing substantive contributions to the field that will be of interest to even the most experienced researchers It serves as a user friendly teaching tool suitable for a range of undergraduate or graduate courses as well as individuals working on their thesis or other research projects With a focus on methodological instruction the incorporation of real world examples and practical applications and ample coverage of writing and representation this volume offers everything readers need to undertake their own qualitative studies *Rāmakṛṣṇa Paramahansa* Narasingha Sil,2024-07-08 In the entire corpus of R mak a research carried out mostly by his disciples devotees and admirers only a handful have attempted to analyze his divine reputation Yet none has examined the R mak a phenomenon fully This is the first comprehensive psychoanalysis of R mak a s sexuality in general and his androgyny in particular as well as a critical examination of his sermons sam dhis Instead of the popular paramaha sa there now emerges the less attractive but more authentic profile of an utterly selfish capricious but highly intelligent spiritual master who elicited awed submission from everybody by his unpredictable and frenzied behaviour The author asserts that R mak a s spiritual odyssey is better explained as his desperate but successful effort to deal with his emotional and sexual crisis rather than as the universally acknowledged outcome of a divine teleology Attempting to distinguish the historical R mak s a from the godhead of hagiography this study offers a challenging debate on mystic phenomenon Science, Strategy and War Frans P.B. Osinga,2007-01-24 John Boyd is often known exclusively for the so called OODA loop model he developed This model refers to a decision making process and to the idea that military victory goes to the side that can complete the cycle from observation to action the fastest This book aims to redress this state of affairs and re examines John Boyd s original contribution to strategic theory By highlighting diverse sources that shaped Boyd s thinking and by offering a comprehensive overview of Boyd s work this volume demonstrates that the common interpretation of the meaning of Boyd s OODA loop concept is incomplete It also shows that Boyd s work is much more comprehensive richer and deeper than is generally thought With his ideas featuring in the literature on Network Centric Warfare a key element of the US and NATO s so called military transformation programmes as well as in the debate on Fourth Generation Warfare Boyd continues to exert a strong influence on Western military thinking Dr Osinga demonstrates how Boyd s work can helps us to understand the new strategic threats in the post 9 11 world and establishes why John Boyd should be regarded as one of the most important post modern strategic theorists **The Theory**

Spirituality including its compatibility with contemporary scientific knowledge and the possibilities for consciousness that can be gleaned from the spiritual wisdom of mystics from all times and traditions With the help of profound quotations and website references the book aims to inspire the reader to explore the teachings of many of the most prominent evolutionaries who in their writings and in online conversations and courses are promoting the consciousness revolution across the planet

Fragments Pedro Blas Gonzalez,2005 Eschewing hair splitting for the sport of it Gonz lez takes a fresh look at the notion of subjectivity and the nature of the self in seven essays With reference to Camus Cocteau Gabriel Marcel Ortega and Enrique Anderson Imbert he explores diverse topics from the aesthetic vision and moral courage to the absurd His nuanced and sensitive writing draws the reader on an introspective journey through a portal that subtly shifts the perception of human reality

The Paradox of Mental Health Raphael J. Becvar,Dorothy Stroh Becvar,Lynne V. Reif,2025-01-21 In the Paradox of Mental Health the authors argue that our society is experiencing another pandemic one of mental illness This mental illness pandemic is maintained and escalated by conceptual viruses rooted in the normative psychological medical model paradigm consistent with Western ideology Therapeutic practice based on systems theory and social constructionism is offered as an antidote to alleviate the over reliance on the medical model The authors first do therapy on the concept of the normative medical model then explicate the concepts and application of systems theory and social constructionism and finally offer potential solutions to the mental illness pandemic
