## **Calvin's First Catechism A Commentary Columbia Series In Reformed Theology:**

**Calvin's First Catechism** I. John Hesselink, 1997-01-01 John Calvin's first catechism originally written in French in 1537 and then in Latin in 1538 provides a valuable clear and concise introduction to his thought. Now for the first time readers have available Ford Lewis Battles' English translation of the 1538 Latin edition and a current discussion of it in the same volume. This commentary on the first catechism also utilizes other sources such as Calvin's Commentaries and Institutes as well as the latest Calvin research. This volume is an excellent introduction to Calvin's theology and will be useful as a text for college and seminary courses as well as church discussion groups. The Columbia Series in Reformed Theology represents a joint commitment by Columbia Theological Seminary and Westminster John Knox Press to provide theological resources from the Reformed tradition for the church today. This series examines theological and ethical issues that confront church and society in our own particular time and place.

**The Theology of the Heidelberg Catechism** Lyle D. Bierma, 2013-01-01 The Heidelberg Catechism first approved in 1563 is a confessional document of the Protestant movement considered one of the most ecumenical of the confessions. Published to coincide with the catechism's 450th anniversary, this book explores the Heidelberg Catechism in its historical setting and emphasizes the catechism's integration of Lutheran and Reformed traditions in all of its major doctrines. An appendix contains a translation of the Heidelberg Catechism recently prepared and adopted by three of the Reformed denominations that recognize the catechism as one of their confessions: the Presbyterian Church U.S.A., the Reformed Church in America, and the Christian Reformed Church in North America.

**Battleground** Michael W. Bruening, 2006-01-27 This book sheds new light on the origin of Calvinism and the Reformed faith through a detailed history of its progress in the Pays de Vaud A careful examination of twin conflicts the forced conversion of a Catholic populace to Protestantism by the Bernese and the struggle of Calvinists against the Zwinglian political and theological ideas that dominated the Swiss Confederation helps show why the Reformation bloomed where and when it did

**John Calvin** Donald K. McKim, 2015-10-27 This unique book is an introductory guide to the life and theology of John Calvin 1509 64 Calvin s theology has been highly significant as a major expression of Protestant theology Reformed churches throughout the world appropriate Calvin s theological understandings and find his work provides important insights into Scripture and communicates a vibrant Christian faith The first part of this book describes events in Calvin s life that helped shape his major work the Institutes of the Christian Religion The second part follows the flow of the Institutes and provides a narrative exposition of this major work with numerous quotations of Calvin s own words This enables readers to hear Calvin s voice as his views are explained This close reading of Calvin opens the door to further more thorough Calvin studies

**Reformed Confessions of the Sixteenth Century** Arthur C. Cochrane, 2003-01-01 Reformed Confessions of the Sixteenth Century makes available a number of confessional documents that are not easily accessible elsewhere Arthur Cochrane s introduction to the work and to each confession indicates each document s importance and its theological emphases A new introduction by Jack Rogers focuses on developments in the study of Reformed Confessions since the first appearance of Cochrane s book in 1966 **Creator and Creation according to Calvin on Genesis** Rebekah

Earnshaw, 2020-07-13 In her work Rebekah Earnshaw provides an analysis of Creator and creation according to Calvin on Genesis This offers a new theological reading of Calvin s Genesis commentary and sermons with an eye to systematic interests This analysis is presented in four chapters The Creator The Agent and Act of Creation Creatures and Providence Calvin on Genesis gives unique insights into each of these First the Creator has priority in Calvin s thought The Creator is l Eternal who is infinitely distinct and abundantly for creatures in his virtues Second the agent of creation is triune and the act of creation is from nothing as well as in and with time This is a purposeful beginning Third Calvin affirms creaturely goodness and order The relation of humans and animals illustrates Calvin s holistic view of creation as well as the impact of

corruption and disorder Providential sustenance and concursus are closely tied to the nature of creatures and the initial word Fourth fatherly governance for the church is presented separately and demonstrated by Calvin's treatment of Abraham and Joseph Earlier presentations of Calvin on Creator and creation are incomplete because of the lack of sustained attention to Calvin on Genesis This analysis supplements works that concentrated on the Institutes and Calvin on Job by bringing new material to bear Further throughout this analysis lies the implicit example of a biblical theologian who pursues what is useful from scripture for the sake of piety in the church Insights from Calvin's thought on Genesis provide a foundation for systematic work that reflects on this locus and the integrated practice of theology **Calvinus sacrarum literarum**

**interpres** Herman J. Selderhuis, 2008-05-21 Dieser Band knüpfte zu einem Wegweiser für die künftige Richtung der Calvinforschung sicher aber mitbestimmend für die Reformationsforschung im Allgemeinen werden Seine Beiträge reflektieren die neuesten Forschungen zu Biographie und Theologie Johannes Calvins 1509-1564 Die Calvinforschung hat in den vergangenen Jahren durch neue Archivfunde die wiederbelebte Erforschung der Briefe und Kommentare Calvins sowie deren Neueditionen und neue theologische Fragestellungen viele fruchtbare Impulse erhalten Der vorliegende Band wirft neues Licht auf die Calvin- und Reformationsforschung *Decoding Jesus : A Comparison between John Calvin and Ellen G. White's Views* Dr. PP Jones, Th.D., 2014-04-26 Decoding Jesus will forever change your view about Jesus John Calvin 1509-1564 and Ellen G White 1827-1915 though divergent in many ways shared a pivotal common denominator the Judeo-Christian Bible from Genesis to Revelation as a major template from which they reflected on the close connectedness and radical difference of God-human beings and the created environment Calvin encountered a theological conundrum He was unaware that one cannot hold on to the 16th-century Reformation of employing the biblical historical time-line from Genesis to Revelation as a reflexive scheme on God's four grand acts creation reconciliation the cross redemption renewal Pentecost Holy Spirit and fulfillment end of time whilst simultaneously embracing the classical first-millennium Trinitarian view Karl Barth the great Swiss Reformed theologian of the early 20th century was aware of Calvin's conundrum Barth resolved that the dogma of the Trinity is not found in the Bible but should be used as a good dogma operating as the main starting pattern of one's theology How further can one go than Barth in giving the notion of the Trinity a biblical vote of no confidence White treaded softly around the Trinity notion Her vast ocean of voluminous writings is devoid of the word Trinity She visited Switzerland and having read Calvin's doctrines she most likely saw Calvin and the Reformation's contradiction concerning the dogma of the Trinity and wanted to avoid the same trap **An Introduction to the Heidelberg Catechism (Texts and Studies in Reformation and Post-Reformation Thought)** Lyle D. Bierma, Charles D. Jr. Gunnoe, Karin Maag, Paul W. Fields, 2005-09-01 This work examines key aspects of the development of the Heidelberg Catechism including historical background socio-political origins purpose authorship sources and theology The book includes the first ever English translations of two major sources of the Heidelberg Catechism Ursinus's Smaller and Larger Catechisms and a bibliography

of research on the document since 1900 Students of the Reformed tradition and the Protestant Reformation will value this resource     John Calvin and the Grounding of Interpretation: Calvin's First Commentaries R. Ward Holder,2006-01-01 This book considers John Calvin's interpretation of the Pauline epistles discussing his interpretive method and the link between biblical interpretation and correct doctrine It introduces a division between doctrinal hermeneutics and textual exegetical rules clarifying Calvin's relationship to the antecedent and subsequent traditions The book portrays Calvin as a theologian for whom the doctrinal and exegetical tasks cohered especially in the context of the Church in the Reformations The first section presents the division between hermeneutical principles and exegetical rules demonstrating each in Calvin's commentaries The second section considers the coherence of Calvin's theological exegetical and historical efforts The text is grounded by the inclusion of many instances of Calvin's interpretation and his reflections on the nature of biblical interpretation

*Introducing the Reformed Faith* Donald K. McKim,2001-01-01 In this book Donald McKim examines Reformed beliefs on sixteen theological topics including Scripture the Trinity sin salvation the person of Jesus and Baptism He also discusses distinctive emphases of the Reformed faith and shows how Reformed beliefs relate to the broader ecumenical family of Christian teachings     How Then Shall We Guide? Jimmy Boon-Chai Tan,2023-05-25 There has been a marked increase of interest in the art of spiritual direction in recent decades Yet in many circles especially in ecumenical and interfaith contexts it is unclear what grounds the practice of this ancient art As a tradition's practice of spiritual direction expresses its particular theology which in turn is shaped by its unique history this work explains that ecumenical spiritual direction must make and retain the tri perspective of history theology and method that faithfully reflects each tradition's distinctives as requisite for true ecumenical enrichment The importance of this trinocular vision is brought into sharp focus through a comparative study of Ignatius of Loyola and John Calvin where points of continuity and discontinuity between the Ignatian and Reformed traditions underscore the importance of this work's thesis     **As in a Mirror. John Calvin and Karl Barth**

**on Knowing God** C. van der Kooi,2005-01-01 What does it really mean to know God What are the grounds for knowing God what feeds that knowledge and what is really known In his search for answers to these questions in two panels the author paints for us a clear picture of what Calvin and Barth had to say about knowing God Calvin against the background of pre modern culture Barth in response to a post Kantian culture inclined to agnosticism Between them like a hinge between the two panels we find the philosophy of Kant The two epochal theological figures are placed next to each other but without this being at the expense of the power of either The study does not stop with detached historical analysis but nourishes the author's own reflection toward a systematic design     **The Beginning of a Spirit-filled Church** Herman Hendrik van Alten,2017-11-13 How does John Calvin view the church And how does the pivotal event of Pentecost influence his view on the church In his commentary on the Acts of the Apostles Calvin shows how Pentecost and the preaching of the Gospel gives rise to the church For Calvin the new and peculiar aspect of Pentecost is articulated by the phrases I will pour out and on all

flesh Acts 2 17 The first phrase I will pour out leads to a discussion of the Holy Spirit who leads the church and the believers by the Word and his secret guidance All gifts flow from the Holy Spirit Therefore the study focuses on Calvin s view on the gifts of the Holy Spirit and on their use in church The author argues that the gifts of the Spirit are the basis of Calvin s interpretation of Christian church The second phrase on all flesh leads to a discussion of the inclusion of the Gentiles in the church The author treats different ecclesiological topics of importance He analyses the most important aspects of church that Calvin identifies in the book of Acts His reflections are aiming at a convincing theological appreciation of the sacraments in particular of the sacrament of baptism By addressing Calvin s thoughts as elements of his historical context and including contemporary impulses to these issues the author is able to present conclusive arguments for his main claim Calvin s commentary on Acts enriches and qualifies Calvin s own systematic ecclesiology as found in his main doctrinal work the Institutes

**Reformation Theology** Matthew Barrett, 2017-03-16 Five hundred years ago the Reformers were defending doctrines such as justification by faith alone the authority of Scripture and God s grace in salvation some to the point of death Many of these same essential doctrines are still being challenged today and there has never been a more crucial time to hold fast to the enduring truth of Scripture In Reformation Theology Matthew Barrett has brought together a team of expert theologians and historians writing on key doctrines taught and defended by the Reformers centuries ago With contributions from Michael Horton Gerald Bray Michael Reeves Carl Trueman Robert Kolb and many others this volume stands as a manifesto for the church exhorting Christians to learn from our spiritual forebears and hold fast to sound doctrine rooted in the Bible and passed on from generation to generation

**Reformed Theology** Wallace M. Alston, Michael Welker, 2003 Christian theology classically defined is faith s intellectual work of seeking understanding not in order to prove its truth but to persuade those who hear it proclaimed Theology done from within the Reformed tradition has long displayed this quality and it continues to develop in response to our changing world Reformed Theology Identity and Ecumenicity is an excellent resource for readers interested in examining current trends and motifs in Reformed thought Written by systematic theologians from around the world this book explores the meaning of the Reformed tradition and its relevance for the contemporary church The contributors highlight ways that Reformed theology can enrich the church ecumenical even as they seek to realize a more catholic Reformed community of inquiry Contributors P Mark Achtemeier Wallace M Alston Jr H Russel Botman Eberhard Busch Dawn DeVries Margit Ernst Gabriel Fackre Douglas Farrow David Fergusson Botond Gaal Colin Gunton George Hunsinger William Stacy Johnson Yung Han Kim Ulrich H J Kortner Jan Mili Lochman Bruce L McCormack Peter McEnhill Daniel L Migliore Piet J Naude Milan Opoc nsky Jan Rohls Dirk Smit George W Stroup A van de Beek Leanne Van Dyk Michael Weinrich Michael Welker Myung Yong Kim Carver T Yu

**A Biblical-Theological Introduction to the New Testament** Michael J. Kruger, 2016-05-31 Introductions to the New Testament often take a defensive stance focusing on historical critical issues but failing to address the interests and needs of pastors and Bible

teachers However with an emphasis on the theology key themes and overall message of each book in the New Testament this collaborative effort of nine biblical scholars takes a more positive and pastorally relevant approach Written from a distinctly Reformed covenantal and redemptive historical perspective this theologically rich expositional resource will equip readers to study and teach each book in the New Testament with clarity and insight     *The People of God's Presence* Terry L. Cross,2019-10-15 In an age when the church is sometimes viewed as irrelevant and inauthentic leading Pentecostal theologian Terry Cross calls the people of God to a radical change of structure and mission based on theological principles Cross whose work is respected by scholars from across the ecumenical landscape offers an introduction to ecclesiology that demonstrates how Pentecostals can contribute to and learn from the church catholic A forthcoming volume by the author *Serving the People of God's Presence* will focus on the role of leadership in the church     **The School of God** Raymond A. Blacketer,2006-01-13 This study examines Jean Calvin's attempt to nurture a godly society and further his vision of ecclesiastical and societal reform by means of sound pedagogy and persuasive rhetoric The focus of this work is Calvin's interpretation of the latter Pentateuch and particularly the book of Deuteronomy The author examines Calvin's exegesis and rhetoric in his commentary on the latter Pentateuch as well as the sermons that Calvin preached on Deuteronomy material that has received little scholarly attention Calvin's interpretations are compared with the preceding exegetical tradition and with his contemporaries and always considered in the contexts of the early modern interest in classical rhetoric and that of the reform of church theology and society in Switzerland and beyond Commonly held assumptions about Calvin's methodology such as his alleged aversion to rhetoric and the scholarly fixation on his laconic style are challenged nuanced and corrected Because of its fresh contextual approach to Calvin's thought this study will be an important resource for students of the history of exegesis as well as for Calvin scholars and it will appeal to seminary as well as university students
