The Routledge Handbook of White-Collar and Corporate Crime in Europe Judith van Erp, Wim Huisman, Gudrun Vande Walle, 2015-04-10 The study of white collar crime remains a central concern for criminologists around the world and research concentrates on its nature prevalence causes and responses However most books on white collar crime tend to focus on Anglo American examples which is surprising given the amount of rich data and research taking place in mainland Europe This new handbook seeks to reset the balance and for the first time presents an overview of state of the art research on white collar crime in Europe Adding to the existing Anglo American body of knowledge the Handbook will discuss specific European topics and typical European features of white collar crime The Routledge Handbook of White Collar and Corporate Crime in Europe consists of more than thirty chapters on topics ranging from the Icelandic Banking Crisis to the origins of the study of white collar crime to contemporary topics such as white collar crime in countries post transition from communist regimes the illegal e waste trade and white collar crime in professional football Furthermore the book contains extensive case study analyses of landmark European cases of white collar crime The editors have gathered together the leading voices in the field and a final section offers commentaries on white collar crime in Europe from eminent criminologists David Friedrichs and Hazel Croall This Handbook will thus serve as a work of reference for all scholars and students engaged in the study of corporate and white collar crime and will also set out directions for new research in the future

Preventing Crime Tore Bjørge, 2016-01-26 Traditional schools of crime prevention like the criminal justice model social crime prevention or situational crime prevention have proved to be too narrow and do not combine well with other approaches However each of these models provides important insights and contributions for reducing crime By extracting the main preventive

mechanisms of these diverse approaches this book develops a more holistic general model that consists of nine preventive mechanisms building normative barriers to crime reducing recruitment deterrence disruption incapacitation protecting vulnerable targets reducing benefits of crime reducing harm and facilitating desistance The measures to activate the preventive mechanisms may differ according to the type of crime as may the actors in charge of implementing the relevant measures However Tore Bjergo demonstrates how his model of crime prevention can be effectively applied to diverse forms of crime from domestic burglaries to criminal youth gangs and driving under the influence to organized crime and terrorism In doing so this important book will be of interest to scholars and students of policing security studies and criminology as well as practitioners and policy makers

Regulating Corporate Bribery in International Business Nicholas

Lord, 2016-04-08 This book is about the regulation of corporations that use bribery in international commerce to win or maintain overseas business contracts and interests Recent large scale cases involving multinational corporations demonstrate how large commercial non criminal enterprises are being implicated in substantive overseas bribery scandals and illustrate the difficulties faced by responsible enforcement authorities in the UK and Germany The book imports concepts from regulation theory to aid our understanding of the emerging enforcement self regulatory and hybrid responses to transnational corporate bribery Lord implements a qualitative comparative research strategy involving semi structured interviews participant observation and document analysis to provide empirical insights into this relatively invisible area of criminological interest Despite significant cultural differences between the jurisdictions this book argues that UK and German anti corruption authorities face procedural evidential legal financial and structural difficulties that are leading to convergence in prosecution policies Although self regulatory and hybrid mechanisms are aiding the response and gaining some level of regulation the default position is one of accommodation by state agencies even where the will to enforce the law is high This book is essential reading for academics and students researching corporate and white collar crimes and the concept of regulation more generally as well as law enforcement agencies and international and intergovernmental organisations concerned with anti corruption
