Prologos Jonathan Bayliss,2015-04-01 Prologos is Jonathan Bayliss s sparkling complex experimental playful serious richly detailed literary masterpiece of the 20th century whose protagonist Michael Chapman is the author or controller of the other three novels in Bayliss s GLOUCESTERMAN tetralogy The foreground is California s Bay Area about a decade after the end of World War 2 The background is the pre war East Coast Cambridge Gloucester Manhattan and the wartime and post war Pacific of Chapman s Naval service Living in Oakland with wife and children he yearns for the Gloucester that he left as a child and for the European world he s never seen He is torn three ways by domestic love by the practical matters of his livelihood and by the conflicts of intellectual life No one reader will sympathize with all the manias or crochets either of Chapman or of his friend Caleb Karcist But a thoughtful reading will engage almost anyone s mind with the novel s intellectual departures from traditional narrative Prologos generates anthropological economic technical and literary ideas from a base of erotic and social realism This novel is a diamond mine for digging a sandy stream for panning gold      *My Paperback Book* J B,2015-02-16 This book is a testament by a true believer in the Paranormal JB has been threw it all and has become an expert in the Paranormal field this is his life and what brought him into the Paranormal Understand this is what happened to him though many parts of his life are not established within the book but we can say the book would have no end if his whole life was portrayed with in this binder Read and enjoy the Paranormal is real here it is first hand JB was once a skeptic Please keep a look out for more books by JB      *The Evil Hours* David J. Shaffer,2016-06-30 This book is a continuation of the content and format style of what was to be found in this writer s immediately preceding book Light and Dark 1982 edition revised August 2015 If you read or sampled and liked that book then you ll likely find this one equally or maybe even more to your taste The alphabetical arrangement by title in that first book took you from Aardvark to Zeitgeist

where this one moves you along from About Backbones And Breakfast Foods to Zero Heroes Between its A through Z arrangement you ll encounter a strange and often epileptically eclectic selection of richly mixed subjects topics and treatments which this writer had at some point felt some compelling need to put on paper for his own relief and the possible amusement or edification of imagined others If you re in this group then this book is for you If however you should have an insensitivity let alone active dislike for rhyme and alliteration in your reading matter then this book most especially should you be reading this in some braille version since it might very well prove toxic to touch best you promptly put it down and move on to another and safer shelf or pile Seriously though this collection does offer a full spectrum of the silly and the serious often inextricably intertwined within the uncomfortably containing body of the very same composition rather like a hot mustard pickle relish thickly spread between the cut halves of a sweet bun Yes De gustibus de gustibus But please if you ll let me be clear if perhaps a little Ogden Nashy here without too much fustibus
