Cormac McCarthy And The Ghost Of Huck Finn:

Cormac McCarthy and the Ghost of Huck Finn Leslie Harper Worthington, 2012-01-09 Mark Twain once wrote We are nothing but echoes Despite this pronouncement Twain's voice continues to reverberate in the 21st century Twain's Adventures of Huckleberry Finn helped define modern American literature creating The Huck Finn Tradition in contemporary writing This volume discusses the intertextual connections between Twain's iconic novel and eight works by celebrated American author Cormac McCarthy including Suttree The Orchard Keeper Blood Meridian All the Pretty Horses The Crossing Cities of the Plain No Country for Old Men and The Road By chronicling the diverse scholarly comparisons between Twain and McCarthy and exploring the echoes of Twain and Huck Finn in McCarthy's writing this study reveals how McCarthy has not only absorbed Twain's tradition but transformed it with consequences that surpass the work of other Twain heirs

Religion in Cormac McCarthy's Fiction Manuel Broncano, 2013-11-20 This book addresses the religious scope of Cormac McCarthy's fiction one of the most controversial issues in studies of his work Current criticism is divided between those who find a theological dimension in his works and those who reject such an approach on the grounds that the nihilist discourse characteristic of his narrative is incompatible with any religious message McCarthy's tendencies toward religious themes have become increasingly more acute revealing that McCarthy has adopted the biblical language and rhetoric to compose an apocryphal narrative of the American Southwest while exploring the human innate tendency to evil in the line of Herman Melville and William Faulkner both literary progenitors of the writer Broncano argues that this apocryphal narrative is written against the background of the Bible a peculiar Pentateuch in which Blood Meridian functions as the Book of Genesis the Border Trilogy functions as the Gospels and No Country for Old Men as the Book of Revelation while The Road is the post apocalyptic sequel This book analyzes the novels included in what Broncano defines as the South Western cycle from Blood Meridian to The Road in search of the religious foundations that support the narrative architecture of the texts

Morality in Cormac McCarthy's Fiction Russell M. Hillier, 2017-02-28 This book argues that McCarthy's works convey a profound moral vision and use intertextuality moral philosophy and questions of genre to advance that vision It focuses upon the ways in which McCarthy's fiction is in ceaseless conversation with literary and philosophical tradition examining McCarthy's investment in influential thinkers from Marcus Aurelius to Hannah Arendt and poets playwrights and novelists from Dante and Shakespeare to Fyodor Dostoevsky and Antonio Machado The book shows how McCarthy's fiction grapples with abiding moral and metaphysical issues the nature and problem of evil the idea of God or the transcendent the credibility of heroism in the modern age the question of moral choice and action the possibility of faith hope love and goodness the meaning and limits of civilization and the definition of what it is to be human This study will appeal alike to readers teachers and scholars of Cormac McCarthy

You Would Not Believe What Watches Rick Wallach, 2013-05 This volume is the first of a planned series of casebooks to be published by the Cormac McCarthy Society It is an expanded and

updated version of the fourth volume of The Cormac McCarthy Journal originally released in 2006 to celebrate the 25th anniversary of the novel The original edition consisted of papers and lectures given at the conference held by the Society in Knoxville in October 2004 The current edition includes the entire content of its predecessor volume and we have added intriguing essays anecdotes and firsthand accounts of Knoxville during the historical period covered by Suttree to flesh it out

Shreds of Matter Julius Greve,2018-12-04 Shreds of Matter Cormac McCarthy and the Concept of Nature offers a nuanced and innovative take on McCarthy s ostensible localism and along with it the ecocentric perspective on the world that is assumed by most critics In opposing the standard interpretations of McCarthy s novels as critical either of persisting American ideologies such as manifest destiny and imperialism or of the ways in which humanity has laid waste to planet Earth Greve instead emphasizes the author s interest both in the history of science and in the mythographical developments of religious discourse Greve aims to counter traditional interpretations of McCarthy s work and at the same time acknowledge their partial truth taking into account the work of Friedrich W J Schelling and Lorenz Oken contemporary speculative realism and Bertrand Westphal s geocriticism Further newly discovered archival material sheds light on McCarthy s immersion in the metaphysical question par excellence What is nature Books Are Made Out of Books Michael Lynn Crews,2024-10-08 Cormac McCarthy told an interviewer for the New York Times Magazine that books are made out of books but he was famously unwilling to discuss how his own writing draws on the works of other writers Yet his novels and plays masterfully appropriate and allude to an extensive range of literary works demonstrating that McCarthy was well aware of literary tradition and deliberately situating himself in a knowing relationship to precursors In Books Are Made Out of Books Michael Lynn Crews thoroughly mines McCarthy s literary archive to identify over 150 writers and thinkers that McCarthy referenced in early drafts marginalia notes and correspondence Crews organizes the references into chapters devoted to McCarthy s published works the unpublished screenplay Whales and Men and McCarthy s correspondence This updated edition now examines McCarthy s final publications the novel The Passenger and its play like coda Stella Maris For each work Crews identifies authors artists or other cultural figures that McCarthy referenced gives the source of the reference in McCarthy s papers provides context for the reference as it appears in the archives and explains the significance of the reference to the novel or play that McCarthy was working on This groundbreaking exploration of McCarthy s literary influences vastly expands our understanding of how one of America s foremost authors engaged with the ideas images metaphors and language of other thinkers and made them his own **A Bloody and Barbarous God** Petra

Mundik,2016-05-15 A Bloody and Barbarous God investigates the relationship between gnosticism a system of thought that argues that the cosmos is evil and that the human spirit must strive for liberation from manifest existence and the perennial philosophy a study of the highest common factor in all esoteric religions and how these traditions have influenced the later novels of Cormac McCarthy namely Blood Meridian All the Pretty Horses The Crossing Cities of the Plain No Country for Old

Men and The Road Mundik argues that McCarthy continually strives to evolve an explanatory theodicy throughout his work and that his novels are to a lesser or greater extent concerned with the meaning of human existence in relation to the presence of evil and the nature of the divine Seeking Home Leslie Harper Worthington, Jürgen Grandt, 2024-01-12

Appalachian people are frequently depicted as poorly educated whites who isolate themselves in mountain hollows In Seeking Home editors Leslie Harper Worthington and Jürgen E Grandt turn that stereotype upside down by showcasing Appalachia's ethnic diversity through a lively collection of essays discussing fiction poetry letters and songs This distinct collection begins with a personal narrative in which Worthington relates how she discovered her own home through teaching Lee Smith's *Fair and Tender Ladies* Other essays range from the anticipated Ron Rash Barbara Kingsolver Harriette Simpson Arnow to the unanticipated Charles Frazier's magical realism a Confederate soldier's journals and three different examinations of Appalachian poets Adding further texture to the collection are essays examining the diversity in Appalachian music including Cherokee song and dance a discussion of Appalachian mining songs and an examination of recording technology and authenticity Seeking Home confirms that just as there are many Souths there are also many Appalachias The region is multifaceted multicultural and all we have to do is be willing to examine the variety

LESLIE HARPER WORTHINGTON is the dean of Academic Programs and Services at Gadsden State Community College in Alabama She is the author of *Cormac McCarthy and the Ghost of Huck Finn* JÜRGEN E GRANDT is an associate professor of English at the University of North Georgia He is the author of *Shaping Words to Fit the Soul The Southern Ritual Grounds of Afro Modernism and Kinds of Blue The Jazz Aesthetic in African American Narrative* *The American Road Trip and American Political Thought* Susan McWilliams Barndt, 2018-06-21

It's hard to imagine the American dream without American road trips This book takes readers on a journey through American road trip stories revealing that they involve more than mere escapism that they are an important and long neglected source of American political thought **Possibility's Parents** Margaret Seyford Hrezo, Nicholas Pappas, 2019-10-23

This book links the questions people ask about why things exist why the world is the way it is and whether and how it is possible to change their society or world with the societal myths they develop and teach to answer those questions and organize and bring order to their communal lives It also is about the need for change in western societies current organizing concept classical Lockean liberalism Despite the attempts of numerous insightful political thinkers the myth of classical liberalism has developed so many cracks that it cannot be put back together again If not entirely failed it is at this point unsalvageable in its present form Never the thought of just one person the liberal model of individual religious political and economic freedom developed over hundreds of years starting with Martin Luther's dictum that every man should be his own priest Although classical liberalism means different things to different people at its most basic level this model sees human beings as individuals who exist prior to government and have rights over government and the social good That is the individual right always trumps the moral and social good and individuals have few obligations

to one another unless they actively choose to undertake them Possibility s Parents argues that Lockean liberalism has reached the end of its logic in ways that make it unable to handle the western world s most pressing problems and that novelists whose writing includes the form and texture of myth have important insights to offer on the way forward *John Banville and His Precursors* Pietra Palazzolo, Michael Springer, Stephen Butler, 2019-07-11 Bringing together leading international scholars *John Banville and His Precursors* explores Booker and Franz Kafka prize winning Irish author John Banville s most significant intellectual influences The book explores how Banville s novels engage deeply with a wide range of sources from literary figures such as Samuel Beckett Heinrich von Kleist Wallace Stevens Rainer Maria Rilke and Henry James to thinkers such as Freud Heidegger and Blanchot Reading the full range of Banville s writings from his Booker Prize winning novel *The Sea* to his latest book *Mrs Osmond* John Banville and His Precursors reveals the richness of the author s work In this way the book also raises questions about the contemporary moment s relationship to a variety of intellectual and cultural traditions Romanticism Modernism existentialism and how the significance of these can be appreciated in new and often surprising ways *Aging Masculinity in the American Novel* Alex Hobbs, 2016-05-17 As each generation confronts aging and responds to its challenges the literary community ranging from Philip Roth to Jonathan Franzen has provided nuanced and thoughtful depictions that transcend stereotypes of old men as feeble and broken individuals Under the sage guidance of these authors many facing old age themselves older male characters have become increasingly prevalent in literary fiction In *Aging Masculinity in the American Novel* Alex Hobbs turns the spotlight on matters related to later life by examining a broad range of works Hobbs looks at novels not only by literary lions of the Baby Boom generation but authors on the cusp of old age who anticipate its consequences In addition to works by Jonathan Franzen Paul Auster and Ethan Canin the author considers the perspectives of female writers such as Marilynne Robinson Anne Tyler and Jane Smiley who have created complex older male characters Hobbs argues that previous studies regarding male aging in popular culture have been reductive and she suggests that male and female experiences and interpretations of aging are individualistic and unique With a bold argument for how readers should contemplate masculinity in literary fiction this book helps us better understand the full range of issues that older men face from legacy and loss to health issues and grace The author s illuminating and persuasive perspectives will ignite a new way of thinking about this subject and its central place in the national conversation Looking at how older men s lives are documented in American fiction *Aging Masculinity in the American Novel* will be of interest to scholars and students of popular culture gender studies aging studies and literature

Coming of Age in Contemporary American Fiction Kenneth Millard, 2007-04-18 This book explores the ways in which a range of recent American novelists have handled the genre of the coming of age novel or the Bildungsroman Novels of this genre characteristically dramatise the vicissitudes of growing up and the trials and tribulations of young adulthood often presented through depictions of immediate family relationships and other social structures This book considers a variety of

different American cultures in terms of race class and gender and a range of contemporary coming of age novels so that aesthetic judgements about the fiction might be made in the context of the social history that fiction represents A series of questions are asked Does the coming of age moment in these novels coincide with an interpretation of the fall of America What kind of national commentary does it therefore facilitate Is the Bildungsroman a quintessentially American genre What can it usefully tell us about contemporary American culture Although the focus is on the conte

The Guestroom Novelist
 Donald Harington,2019-04-01 Donald Harington best known for his fifteen novels was also a prolific writer of essays articles and book reviews The Guestroom Novelist A Donald Harington Miscellany gathers a career spanning and eclectic selection of nonfiction by the Arkansawyer novelist Donald Harington that reveals how a life of devastating losses and disappointments inspired what the Boston Globe called the quirkiest most original body of work in contemporary US letters This extensive collection of interviews and other works of prose many of which are previously unpublished offers glimpses into Harington s life loves and favorite obsessions replays his minor and not so minor dramas with literary critics and reveals the complicated and sometimes contentious relationship between his work of the writers he most admired The Guestroom Novelist which takes its title from an essay that serves as a love letter to his fellow underappreciated writers paints a rich portrait of the artist as a young middle aged and fiercely funny old man as well as comic sentimentalist philosopher and critic paying testimony to the writer s magnificent ability to transform the seemingly crude stuff of our material existence into enduring art

The New York Times Book Review ,1979 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback

Mississippi Quarterly ,1992 AB Bookman's Weekly ,1991 Life ,1968 The Judge Cormac McCarthy,1981 The Judge is an excerpt from Cormac McCarthy s fifth novel Blood Meridian page 24 *Wake for Susan [and] A Drowning Incident* Cormac McCarthy,2024 Uncollected first published fiction of Cormac McCarthy both stories published in The Phoenix the literary magazine of the University of Tennessee
