

16. Coach is quitting the football team. He says "It's what they do to us, Jerry... It's more than fun and games. Anything that can make you cry and send a teacher away... that's more than just fun and games." What is **THEY** and what does Coach mean by this statement?

17. How has Brother Leon abused his power of authority according to Brother Jacques?

18. Jerry has become a symbol for all students who do not want to sell the chocolate. Brother Leon is aware of this and fears a rebellion. He tells Archie that he and the Vigils must make Jerry sell the candy, or else! After Jerry meets with the Vigils it is obvious that he is still not going to sell the candy. How do you think a person of Archie's age and a social status will **MAKE** him sell the chocolate?

CHAPTERS 18 – 21

1. In the beginning of the book when a person is accosted by the Vigils they treat the Vigils and their assignment with great respect and awe. When Rollo is accosted by the Vigils, how does he behave?

2. Rollo's behavior shows that the Vigils are taking control and the respect of the school. How does Carter try to gain back (take) respect with Rollo?

3. What does the poster that Rolo found say? What is it indicating about the Vigils and their control over the school?

4. Archie says to Carter, "Before this sale is over Rollo will be whining with all his heart that he sold the chocolate. And the school will be glad he didn't." Using your skills in foreshadow and taking into account the Vigils and their actions in the past, what do you predict Archie may do?

5. Why does Jerry pray for "eyes behind his head"?

6. Besides the football field attack, how do the Vigils use the phone to attack Jerry?

7. List two other things the Vigils do to Jerry to torture him?

8. Jerry says he suddenly understood the poster in his locker. Compare the description of the poster in Jerry's locker to the first cover of the book. What do they have in common?

9. What is suddenly happening with the chocolate sale?

10. Students who never sold chocolate are getting credit for selling 50 boxes – the exact amount each student was responsible for. Coach says that he only sold 27 boxes, but at the end he gets credit for 50. What is going on and why do you think this is being done?
