written a memoir that is at once raw beautiful and altogether unforgettable Her story as an immigrant from a tightknit Egyptian Lebanese family demonstrates the value of strong role models from her mother and grandmother to her brilliant uncle Sami who died of AIDS She learned the value of hard work being true to herself and others and unapologetically owning it all Marie Henein shares here her unvarnished view on the ethical and practical implications of being a criminal lawyer and how the job is misunderstood and even demonized Ironically her most successful cases made her a lightning rod in some circles confirming her belief that much of the public's understanding of the justice system is based on popular culture and social media and decidedly not the rule of law As she turns 50 and struggles with the corrosive effect on women of becoming invisible Marie doubles down on being even more highly visible and opinionated as she deconstructs among other things the otherness of the immigrant experience Where are you really from the pros and cons of being a household name in this country opening her own boutique law firm and the likes of Martha Stewart and her commoditization of previously unpaid female labour Nothing But the Truth is refreshingly unconstrained and surprising a woman at the top of her game in a male dominated world
