Choosing To Preach A Comprehensive Introduction To Sermon Options And Structures:

Choosing to Preach Kenton C. Anderson,2009-05-26 Today traditional forms of preaching are being scrutinized and challenged The biblical sermon is not immune to the pressure to evolve or even fall by the wayside leaving pastors and seminary students confused over how best to communicate to today s listeners In this forward looking textbook Kenton Anderson delivers a strong call to current and future ministers to indeed choose to preach biblical sermons despite the obstacles to doing so While preaching itself is non negotiable the exact form it takes can be much more flexible allowing people to hear from God as they hear his Word preached Rather than presenting one model or process for preparing a sermon Anderson explains several available options As you discern your message from the Bible will you begin with the text deductive or with the listener inductive Will you focus on the idea cognitive or the image affective The choices you make lead to five possible sermon structures DECLARATIVE make an argument PRAGMATIC solve a mystery NARRATIVE tell a story VISIONARY paint a picture INTEGRATIVE sing a song Each model is described in detail and related to well known contemporary preachers including John MacArthur Rick Warren Eugene Lowry and Rob Bell This book equips you with a variety of tools for your preaching tool kit A CD ROM with additional helpful resources is included as well as discussion questions and practical exercises **Alive to the Word** Stephen I. Wright,2013-01-25 In Alive to the Word Stephen Wright offers a constructive introduction to preaching as an existing and varied practice throughout the church on which it is important to continue to reflect theologically so that it is executed with developing spirituality understanding and skill Alive to the Word includes discussion of the full range of key components in the understanding and practice of preaching from its basic theological rationale right through to the dynamics of live communication and its aftermath The books begins by reflecting on the nature and the context of preaching not least in a communications culture and moves on to setting a constructive agenda for the development of preaching as a core practice of the Christian church for the preacher the congregation and the wider church Christ-Centered Preaching Bryan Chapell,2018-05-15 In this complete guide to expository preaching Bryan Chapell teaches the basics of preparation organization and delivery the trademarks of great preaching This new edition of a bestselling resource now updated and revised throughout shows how Chapell s case for expository preaching reaches twenty first century readers *Preach the Word* Myles MacBean,2019-11-11 How should we help equip the church leaders of Africa today There remains a well documented lack of theologically sound Bible centric preaching in Sub Saharan Africa The majority of sermons are preached by untrained or undertrained church leaders Following a practical theology praxis this book develops a conceptual framework for the evaluation of existing alternative approaches to grassroots preacher training It also proposes broad principles for effective preacher training and offers a practical solution The 20th century had seen the Christian church in Africa grow 36 fold to 360 million This amazing growth is arguably the largest religious change in human history in such a short period It has shifted the focus of Christianity from

North to South This rapid growth is debatably considered by some missiologists and theologians to have resulted in an African church a mile wide and an inch deep That is a church of great size but lacking in spiritual depth The rapid growth has led to insufficient numbers of trained leaders being available to oversee their congregations Most leaders are unpaid Untrained or undertrained leaders have an inadequate knowledge of scripture and lack understanding of its interpretation They also lack the skills they need to communicate its truths Even so they preach up to 90% of the sermons in rural Africa Despite a tremendous hunger for training among many of those preachers traditional college based theological education cannot keep up with the demand for trained pastors and preachers in an affordable or culturally appropriate manner

Integrative Preaching Kenton C. Anderson,2017-10-17 Integrative Preaching offers a compelling conceptual model of biblical preaching that helps preachers better understand what they are doing when they step into the pulpit Kenton Anderson an experienced preacher and professor explicates the integrative preaching model he has been honing for a lifetime His fresh holistic approach aims at whole person transformation and is well suited for contemporary listeners The book includes theoretical underpinnings and practical guidance to both instruct students and motivate working preachers Sample sermons show how the model unfolds in actual sermons **Kiwimade Narrative Sermons** Myk Habets,2015-01-29 This collection of over forty narrative sermons illustrate the science and art of taking a text of Scripture almost any text and crafting it into a narrative that effectively and affectively communicates the content of Holy Scripture in ways that impact the congregation Spanning the canon of Holy Scripture the present volume represents a snapshot of current preaching by Baptist women and men from Aotearoa New Zealand in an attempt to teach by illustration what narrative sermons may look like and to model the potential they have to communicate God s Word written Originally preached to a diverse range of congregations each sermon has been re written for publication and illustrates biblical fidelity imaginative creativity and contextual sensitivity Kiwimade Narrative Sermons is a key resource text for classes on homiletics a refresher course for seasoned ministers of the Word and a devotional aid in its own right *SERMONS THAT ILLUMINATE* DALE W. Preaching that Matters Lori J. Carrell,2013-04-11 Listeners do love their pastors and they agree with the sermon content they hear Lori Carrell once explained to a group of pastors but most sermons don t ask for change and most listeners don t experience spiritual growth as a result of the sermon A participant responded Let s get practical I want my preaching to make a difference What changes are worth making and how do I make them In Preaching that Matters Lori Carrell shares answers to that question drawing on the experiences of thousands of people preachers and their listeners whose effort she

Frymire,2022-06-02 Preaching from Inside the Story is a book that seeks to carve out an understanding of narrative preaching in an age where there is little agreement about its nature and practice Capitalizing on the works of Craddock and Lowry it seeks to find an expanded palette upon which the preacher may engage the larger canvas of narrative preaching This book will engage the mind by introducing neuroscientific understandings of creativity build upon the foundations of the philosophy of stories by engaging Aristotle s foundational understanding of narrative and renew the Lowry Loop by expanding this seminal work and how it should be understood in our current culture Preaching from Inside the Story breaks new ground by encouraging preachers to move inside stories and tell them from the inside out providing a positive effect thereby affording non narrative preachers to connect with storytelling principles Ultimately it is filled with examples of how to do narrative in a very practical way However in showing these practical examples the reader is involved in a deep analysis of those narrative sermons and how they fit into an overall narrative understanding of preaching In the final analysis it invites the reader to take a fresh journey into narrative preaching   *The Four Pages of the Sermon, Revised and Updated* Paul Scott Wilson,2018-09-18 Doing justice to the complexity of the preaching task and the questions that underlie it author Paul Scott Wilson organizes both the preparation and the content of the sermon around its four pages Each page addresses a different theological and creative component of what happens in any sermon Page One presents the trouble or conflict that takes place in or that underscores the biblical text itself Page Two looks at similar conflict sin or brokenness in our own time Page Three returns to the Bible to identify where God is at work in or behind the text in other words to discover the good news Page Four points to God at work in our world particularly in relation to the situations described in Page Two This approach is about preaching the gospel in nearly any sermonic form Wilson teaches the what why and how of sermon
