## **Christianity A Very Short Introduction Very Short Introductions:**

**Christianity** Linda Woodhead, 2014 This is a short accessible analysis of Christianity that focuses on its social and cultural diversity as well as its historical dimensions *Orthodox Christianity* A. Edward Siecienski, 2019-06-03 To many in the West Orthodoxy remains shrouded in mystery an exotic and foreign religion that survived in the East following the Great Schism of 1054 that split the Christian world into two camps Catholic and Orthodox However as the second largest Christian denomination Orthodox Christianity is anything but foreign to the nearly 300 million worshippers who practice it For them Orthodoxy is a living breathing reality a way of being Christian ultimately rooted in the person of Jesus and the experience of the early Church Whether they are Greek Russian or American Orthodox Christians are united by a common tradition and faith that binds them together despite differences in culture True the road has not always been smooth Orthodox history is littered with tales of schisms and divisions of persecutions and martyrdom from the Sack of Constantinople capital of the Byzantine Empire and seat of the Ecumenical Patriarch to the experience of the Russian Orthodox Church under the Soviet Union Still today Orthodoxy remains a vibrant part of the religious landscape not only in those lands where it has made its historic home Greece Russia the Middle East and Eastern Europe but also increasingly in the West Orthodox Christianity A Very Short Introduction explores the enduring role of this religion and the history beliefs and practices that have shaped it ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

**Christianity** Linda Woodhead, 2014 **Religion** Thomas A. Tweed, 2020-09-25 Religion plays a central role in human experience Billions of people around the world practice a faith and act in accordance with it Religion shapes how they enter the world and how they leave it how they eat dress marry and raise their children It shapes their assumptions about who they are and who they want to be Religion also identifies insiders and outsiders who has power and who doesn't It sanctifies injustice and combats it It draws national borders It affects law economy and government It destroys and restores the environment It starts wars and ends them Whether you notice it or not religion plays a role in how billions conduct their lives We are called then to understand this important factor in human life today Beginning with the first signs of religion among ancient humans and concluding with a look at modern citizens and global trends leading scholar Thomas Tweed examines this powerful and enduring force in human society Tweed deftly documents religion as it exists around the world addressing its role in both intensifying and alleviating contemporary political and environmental problems from armed conflict to climate change Religion A Very Short Introduction offers a concise non partisan overview of religion's long history and its complicated role in the world today God: A Very Short Introduction John Bowker, 2014-09-25 Who or what is God How do different religions interpret God's existence How can we know God Many people believe in God not just throughout history

but also in the present day But who or what is it they believe in Many different and sometimes conflicting answers have been suggested to this question This Very Short Introduction explores some of the answers provided by philosophers poets and theologians and considers why some people believe in God and others do not John Bowker explores how the major religions established their own distinctive beliefs about God and how they interpret God s existence and concludes by looking at how our understanding of God continues to evolve ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

**Jesus** Richard Bauckham, 2011-07-28 Two billion people today identify as Christians with the implication that Jesus is the focus of their relationship with God and their way of living in the world Such followers of Jesus are now more numerous and make up a greater proportion of the world s population than ever before Despite its decline in the West Christianity is rapidly increasing in areas such as Africa and China Richard Bauckham explores the historical figure of Jesus evaluating the sources and concluding that they provide us with good historical evidence for his life and teaching In order to place Jesus in his proper historical context as a Jew from Galilee in the early first century of our era Bauckham looks at Jewish religion and society in the land of Israel under Roman rule He explores Jesus symbolic practices as well as his teachings looks at his public career and emphasises how his actions such as healing and his association with notorious sinners were just as important as his words Bauckham shows that Jesus was devoted to the God of Israel with a special focus on God s fatherly love and compassion and like every Jewish teacher he expounded the Torah but did so in his own distinctive way With a discussion about the way Jesus understood himself and what finally led to his death as a criminal on a Roman cross he concludes by considering the significance Jesus has come to have for Christian faith worldwide ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

**Christian Ethics** D. Stephen Long, 2010-07-29 This Very Short Introduction to Christian ethics introduces the topic by examining its sources and historical basis D Stephen Long presents a discussion of the relationship between Christian ethics modern and postmodern ethics and explores practical issues including sex money and power Long recognises the inherent difficulties in bringing together Christian and ethics but argues that this is an important task for both the Christian faith and for ethics Arguing that Christian ethics are not a precise science but the cultivation of practical wisdom from a range of sources Long also discusses some of the failures of the Christian tradition including the crusades the conquest slavery inquisitions and the Galileo affair Placing them in the context of the theory and practice of ethics and their historical perspective he notes the challenges they raise for Christian ethics He concludes with a discussion of their

implications in the modern era considering how this affects our lives in the present age ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Catholicism** Gerald

O'Collins,2017-05-18 Despite a long history of external threats and internal strife the Roman Catholic Church remains a vast and influential presence in our modern world But what were its origins and how has it changed and adapted over the centuries After Pope Benedict XVI dramatically resigned in early 2013 the first Pope to resign since the fifteenth century and Pope Francis was elected many wondered what direction he would lead the Church in and whether the Church could modernise in the face of the demands of our world In this Very Short Introduction Gerald O Collins covers the history of the Catholic Church and considers some of the key issues facing Catholicism today such as the catastrophic revelations about clerical child abuse the impact of the growth of Islam and the destruction in the Middle East of ancient Christian church communities He also shows how Catholics are being increasingly challenged by an opposition between their traditional Christian values and rights which are endorsed by the secular world such as the right to physician assisted suicide or same sex marriage and considers the future for the largest and oldest institution in the world ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Literary Theory: A Very Short Introduction** Jonathan Culler,2011-07-28 Culler offers insights into theories about the nature of language and meaning looks at whether literature is a form of self expression or a method of appeal to an audience and outlines the ideas behind deconstruction and semiotics **Augustine** Henry Chadwick,2001-02-22 By his writings the surviving bulk of which exceeds that of any other ancient author Augustine came to influence not only his contemporaries but also the West since his time This Very Short Introduction traces the development of Augustine s thought discussing his reaction to the thinkers before him and themes such as freedom creation and the trinity ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Theology: A Very Short Introduction** David Ford,2013-10-24 This is an introduction to the subject of academic theology Its basic approach is interrogative raising key questions so as to lead into a range of selected topics such as knowledge community salvation God prayer and evil *Christian Art* Beth Williamson,2004-06-24 Christian images have a long history within the Western art tradition from the narrative and devotional works of the Medieval and Renaissance periods to the radical new interpretations of the twenty first century This

fascinating new book explores the changing nature of the representation of key themes and subjects found in Christian art covering the Eucharist the crucifixion the Virgin Mary and the saints Other sections deal with the changes to Christian art after the sixteenth century Reformation and with Christian art in the modern world Within these themes the book explores the work of major artists such as Memling Holbein El Greco and Rossetti and well known examples including the frescoes of St Francis at Assisi Didactic and consciously devotional works are discussed alongside the controversial work of contemporary artists such as Andres Serrano and Chris Ofili

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

*An Introduction to the New Testament* Charles B Puskas, C Michael Robbins, 2012-08-30 This second edition of *An Introduction to the New Testament* provides readers with pertinent material and a helpful framework that will guide them in their understanding of the New Testament texts Many new and diverse cultural historical social scientific sociorhetorical narrative textual and contextual studies have been examined since the publication of the first edition which was in print for twenty years The authors retain the original tripartite arrangement on 1 The world of the New Testament 2 Interpreting the New Testament and 3 Jesus and early Christianity An appropriate book for anyone who seeks to better understand what is involved in the exegesis of New Testaments texts today

*Newsline*, 2005

*Religion in America* Timothy Beal, 2008-07-29 It s hard to think of a single aspect of American culture past or present in which religion has not played a major role The roles religion plays moreover become more bewilderingly complex and diverse every day For all those who want whether out of curiosity necessity or civic duty a vivid picture and fuller understanding of the current reality of religion in America this Very Short Introduction is the go to book they need Timothy Beal describes many aspects of religion in contemporary America that are typically ignored in other books on the subject including religion in popular culture and counter cultural groups the growing phenomenon of hybrid religious identities both individual and collective the expanding numbers of new religious movements or NRMs in America and interesting examples of outsider religion such as Paradise Gardens in Georgia and the People Love People House of God in Ohio He also offers an engaging overview of the history of religion in America from Native American traditions to the present day Beal sees three major forces shaping the present and future of religion in America first unprecedented religious diversity which will continue to grow in the decades to come second the information revolution and the emergence of a new network society and third the rise of consumer culture Taken together these forces offer the potential to create a new American pluralism that would enrich society in unimaginable ways but they also threaten the great ideal of e pluribus unum With visual aids that help readers navigate America s diverse religious landscape this informative thoughtful and provocative book is a must read in the emerging public conversation concerning religion in America

About the Series Combining authority with wit accessibility and

style Very Short Introductions offer an introduction to some of life's most interesting topics. Written by experts for the newcomer, they demonstrate the finest contemporary thinking about the central problems and issues in hundreds of key topics from philosophy to Freud, quantum theory to Islam. Christianity Alister E. McGrath, 2014-12-16. Now available in a fully revised and updated new edition, this popular textbook by one of the world's leading theologians offers a lively jargon-free introduction to Christianity. Features a wealth of new material on global Christianity, American Christianity, the Orthodox Church, current theological debates, and Christianity in relation to other world religions. Includes enhanced and expanded student-friendly features including numerous illustrations, suggestions for further reading, a glossary of Christian terms, and brief readings from primary Christian sources. Written in an accessible and engaging style that assumes no prior knowledge of Christian beliefs or practices, making it an invaluable resource for beginners to the subject as well as those looking for a refresher. Incorporates coverage of Catholicism, Orthodoxy, Protestantism, Evangelicalism, and Pentecostalism. A glossary, related websites, and other resources from Dr. McGrath are available online at [www.alistermcgrathwiley.com](http://www.alistermcgrathwiley.com).

**Christianity and Gestalt Therapy** Philip Brownell, 2020-06-01. Christianity and Gestalt Therapy is a unique integration written for psychotherapists who want to better understand their Christian clients and Christian counselors who want a clinically sound approach that embraces Christian spirituality. This book explores critical concepts in phenomenology and how they relate to both Gestalt therapy and Christianity. Using mixed literary forms that include poetry and story, this book provides a window into Gestalt therapy for Christian counselors interested in learning how the Gestalt therapeutic model can be incorporated into their beliefs and practices. It explores the tension in psychology and psychotherapy between a rigid naturalism and an enchanted take on life. A rich mix of theory, philosophy, theology, and practice. Christianity and Gestalt Therapy is an important resource for therapists working with Christian patients. **Approaching the World's Religions, Volume 1** Robert Boyd, 2017-05-04. Philosophically Thinking about World Religions is different from other works in the discipline today. It deviates from the typical approaches used for the study of world religions. Its goal is to engage readers in thinking hard about world religions, not about the data surrounding those traditions. By focusing on philosophical questions, each reader should be challenged to do their own investigations that may reveal the heart of these traditions. Another stance that this project takes that distinguishes it from other texts in the discipline is that it advocates an inclusivist perspective regarding the world religions. Pluralism, which is the predominate assumption today, ends either in contradiction or in the development of a metatheory that dismisses crucial distinctions between the various traditions or eliminates some ancient religions because they do not fit the metatheory. By taking an open inclusivist approach, all religious traditions may engage at the table of dialogue. The final essay is about justice and social affairs. While that discussion is couched within the context of a particular tradition, each religious tradition must have the discussion. But it must be more than an intrareligious dialogue; it must become an interreligious dialogue. An Introduction to the History of Christianity George Herring, 2006-08-01.

Examines the interaction between Christianity and the secular world covering four major periods in Christian history The Imperial Church 300 500 the Medieval Church 1050 1250 the Reformation Church 1450 1650 and the Modern Church 1800 2000 Butinage Yonatan N. Gez,Yvan Droz,Jeanne Rey,Edio Soares,2021-03-01 Based on comparative ethnographic research in four countries and three continents Butinage The Art of Religious Mobility explores the notion of religious butinage as a conceptual framework intended to shed light on the dynamics of everyday religious practice Derived from the French word butiner which refers to the foraging activity of bees and other pollinating insects this term is employed by the authors metaphorically to refer to the to ing and fro ing of believers between religious institutions Focused on urban predominantly Christian settings in Brazil Kenya Ghana and Switzerland Butinage examines commonalities and differences across the four case studies and identifies religious mobility as existing at the meeting points of religious institutional rules and narratives social norms and individual agency and practice Drawing on anglophone francophone and lusophone academic traditions Butinage is dedicated to a dialogue between ethnographic findings and theoretical ideas and explores how we may rethink common conceptions of religious normativity
