Patton,Robert H. Woods Jr.,2021-08-04 The authors writing as scholars of communication and media demonstrate how God s great gifts of media and technology can rob us of everyday Sabbath and impede spiritual growth if not faithfully stewarded through a process described as mindful media attachment Mindful media attachment helps to promote the holy habits of sacred intentionality sacred interiority and sacred identity These three sacreds which arise from a proper understanding of the grammar and language of media and technology ultimately allow us to avoid treating media and technology as ends in and of themselves and to avoid divided affections that drain energy purpose and kingdom service Why God Makes Sense in a World That Doesn't Gavin Ortlund,2021-10-26 It has never been more important to articulate the wonder and enchantment of the Christian message Yet the traditional approaches of apologetics are often outmoded in an age of profound disenchantment and distraction unable to meet this pressing need This winsome apologetics book for a new generation makes the case that Christianity offers a compelling explanatory framework for making sense of our world Pastor and writer Gavin Ortlund believes it is essential to appeal not only to the mind but also to the heart and the

imagination as we articulate the beauty of the gospel Why God Makes Sense in a World That Doesn't reimagines four classical theistic arguments cosmological teleological moral and Christological making a cumulative case for God as the best framework for understanding the storied nature of reality The book suggests that Christian theism can explain such things as the elegance of math the beauty of music and the value of love It is suitable for use in classes yet accessibly written making it a perfect resource for churches and small groups

**Charles and Emma Darwin: The Option to Believe** Chris Dunford, 2022-05-05 Many people look at the world through a scientific lens that seems to forbid religious conviction but then find themselves drawn by curiosity if not longing to the religious worldview Is this tension inevitable or unnecessary The famously successful marriage of Charles and Emma Darwin illustrates the problem Charles and Emma were very close to each other in social background and knowledge of the world yet they found it difficult to agree on the Question of God Were their religious beliefs driven apart more by his science or by their society Were these potentially compatible or inherently irreconcilable Charles and Emma Darwin The Option to Believe searches for answers in the family's history and individual personalities as well as in the cultural social and intellectual history of that family's society The book also looks back on the Darwins predicament from the perspective of modern science and theology and suggests it is society not science that creates the modern tension between science and religion There is an intellectual option to believe in God that seemed unavailable to Victorians like Charles Darwin yet is certainly available to us today

What Would Socrates Say? Peter Kreeft, 2024-09-25 The greatest teacher of philosophy in all of history was Socrates according to philosopher Peter Kreeft In 2 400 years no one has topped him or his Socratic method teaching not by monologue but by dialogue not by lecturing but by logical questioning Yet of the hundreds of textbooks for beginning philosophers today none uses his method Kreeft has imagined Socrates University a log with Socrates at one end and a typical intelligent modern student beginner at the other conversing about the problems at the heart of each major division of philosophy Nothing teaches more effectively than concrete examples and apprenticeship Like the real Socrates this fictionalized version by Kreeft is grounded in common sense and commonsense logic fair and open minded on all issues but demanding good reasons for every opinion

*Triumph* H. W. Crocker, 2023-10-10 Updated from its original publication over 20 years ago a sweeping and often epic history of the Catholic Church

**He Has Made Me Glad** Ben Patterson, 2005-01-01 Winsome stories and thoughtful reflections illustrate how even traditional disciplines such as churchgoing and tithing can be fulfilling when done out of gratitude for God's gifts

Original Union with Christ Rankin Wilbourne, 2016-07-01 Winner of the 2017 Christian Book Award for New Author Named one of the top books of 2016 by John Piper's Desiring God ministry To experience why the gospel is good news and answer life's most foundational questions about identity destiny and purpose we must understand what it means to be united to Christ If you are a Christian the Bible says that Christ has united his life to yours that you are now in Christ and Christ is in you This almost unfathomable truth is the central theme of the Bible from Genesis to Revelation Yet few Christians today experience or enjoy this reality Union with Christ reveals the transformational power of this ancient doctrine while addressing the basic questions of the human heart Who Am I Why Am I Here Where Am I Headed How Will I Get There

Nothing is more practical for living the Christian life than union with Christ. The recovery of this reality provides the anchor and engine for your life with God for your destiny is not only to see Christ but to actually become like him.
