about nine That the Sunni Shia division of Islam had its origin in a feud between two of Mecca s clans that dates from pre Islamic times The god of Islam Allah was originally the Lunar Deity of the pre Islamic pagan Arabs That Islam itself began as a Christian heresy Muslims originally faced Jerusalem and not Mecca while in prayer Mr Anderson studied Biblical languages at Life Pacific College in Los Angeles graduating with a BA degree in 1979 He also has AS degrees from Riverside Community College in Riverside California Following the terror attacks of September 11 2001 he determined to learn everything he could about Islam and the jihadist threat What Every Christian Should Know about Islam is a product of approximately 4 years of research Mr Anderson has taught the Bible Christian doctrine and apologetics for many years in various churches in Southern California s Inland Empire *Christian Beliefs, Revised Edition* Wayne A. have meanings that are essential to the story Many Hebrew words have multiple meanings but the English translators have to just pick one for example the same Hebrew word can mean both hear and obey Even more common are Hebrew words that have much wider meanings than their English translations A few examples are the Hebrew words rendered as remember covenant walk gates love cleanliness holiness glory wisdom and fear The original language allows various parts to click together like well constructed puzzle pieces With Hebrew in mind interpreters see new details they didn t realize were missing before They make new connections They immerse themselves in scripture more fully That s where this book comes in Learning a language is like learning a worldview Those who learn biblical Hebrew can better understand not only what biblical authors wrote but also how they thought Unfortunately those insights come only after years of study This book is about getting right to the important exciting insights It s an opportunity to be transformed by the renewing of our minds as we better understand how biblical authors used their language to express their experience of God and the world If you are just beginning to study Hebrew and want the insights and motivation to continue or if you have no intention of learning biblical Hebrew but want to better understand the Bible this book is for you   <u>Basic Christianity, Fiftieth Anniversary Edition</u> John Stott,2012-12-31 We must commit ourselves heart and mind soul and will personally and unreservedly to Jesus Christ We must humble ourselves before him We must trust him as our Savior and submit to him as our Lord and then go on to take our place as loyal members of the church and responsible citizens in the community This is basic Christianity the theme of this book With these words world renowned preacher John Stott embarks on a compelling study that first defends the basic claims of Christianity and then defines the proper outworkings of those main beliefs in the daily lives of believers from publisher description   **52 Words Every Christian Should Know** Kendell H. Easley,2010-10-01 The Biblical Literacy Project recently released a report that once again underscores just how little young Americans know about the Bible Even more surprising is that many Americans don t see why it s important to know something about the Bible As a skilled educator Kendell Easley continues to be surprised at how uninformed students are of basic biblical and theological terms as they enter college and seminary Further as a churchman and an active observer of the local church scene he is persuaded that many people who have been in church all their lives have somehow failed to gain a basic understanding of essential Christian words In 52 Words Every Christian Should Know Easley provides a Bible verse in which each word or concept is used a succinct definition and helpful articles further explaining the significance of each entry Finally he poses interactive questions to the readers drawing them closer into a personal relationship with God
