MCMANUS ARNETT (LEEANNE. FRITZ, JANIE.),2023

*Communication Ethics* Kathleen Glenister Roberts,Ronald C. Arnett,2008 This volume occasions a dialogue between major authors in the field who engage in a conversation on cosmopolitanism and provinciality from a communication ethics perspective There is no consensus on what constitutes communication ethics cosmopolitanism or provinciality the task is more modest and diverse and began with contributors being asked what the bias of their work suggests or offers for understanding the theme Communication Ethics Between Cosmopolitanism and Provinciality Rather than responding authoritatively each essay acknowledges the contributor s own work This book offers no answers but invites a conversation that is more akin to a beginning a joining an admission that there is more than me us or my kind of people theory or wisdom The book will be an excellent resource for instructors and for upper level undergraduate and graduate courses in communication      *The Handbook of Communication Ethics* George Cheney,Steve May,Debashish Munshi,2011-01-18 This Handbook bridges explicit treatments of ethical issues in communication and implicit considerations of ethics presenting in one volume analyses and applications that draw upon recognized ethical theories and those which engage important questions of power equality and justice It is intended for scholars in communication and will serve as a reference text in advanced courses addressing communication and ethics      *A Communication Ethic of Dialogic Reformation* Michael R. Kearney,2025-03-10

Calls for reformation were widespread across the medieval Roman Catholic Church but few were as nuanced or philosophically rich as the lifelong work of Cardinal Nicholas of Cusa 1401 1464 Cusa centralized the coincidentia oppositorum the coincidence of opposites in our knowledge of God and the mystical institution of the Church In his book Michael R Kearney traces Cusa s historical impact on philosophy of communication and communication ethics with an eye toward the health of institutions in a postmodern moment of cynicism and decline Cusa loved the church and fought passionately for its reform energized by the clouded vision of a God who is beyond opposites This champion of dialogic reformation offers churches and communities an unfinished task with a unity of contraries at its heart upholding local narrative ground with tenacious loyalty while working in an increasingly large world      **The Handbook of**

**The Oxford Handbook of Virtue** Nancy E.
