Community development and civil society Henderson, Paul, Vercseg, Ilona, 2010-06-30 To what extent are the ideas and practice of community development across Europe similar Community Development and Civil Society explores this question with special reference to the UK and Hungary and shows how community development connects powerfully with civil society a concept that today has global significance Paul Henderson and Ilona Vercseg argue that community development is both a profession and a social movement and is relevant to a wide range of issues They interweave case studies with discussion of principles and theory The book's critical and accessible approach will appeal especially to students and practitioners *The Routledge Handbook of Community Development Research* Lynda Shevellar, Peter Westoby, 2018-02-19 This handbook sets a new research agenda in community development The contributors redefine existing areas within the context of interdisciplinary research highlight emerging areas for community development related research and provide researchers and post graduate students with ideas and encouragement for future research activity To do this the editors have deliberately chosen to frame this book not through a traditional sociological lens of class race and gender but through a Wicked Problems framework Drawing upon the work of 37 international authors in diverse settings such as West Papua Peru the USA and Australia and with methodologies equally as diverse from case studies and interviews to the use of music and story telling this handbook focuses upon five Wicked Problems forced displacement family gender and child related violence indigenous marginalisation climate change and food security and human survival in the context of disaster and recovery work

By drawing together leading scholars from community development social work and social policy this handbook provides an up to the minute snapshot of current scholarship as well as signposting several fruitful avenues for future research This book is both an invaluable resource for both scholars and practitioners and an indispensable teaching tool for use in the classroom and in the field Community Development for Times of Crisis Mark A. Brennan,Rhonda Phillips,Norman Walzer,Brent D. Hales,2022-12-30 This book explores the intersection of community development and local capacity building as a basis for effective disaster mitigation and the alleviation of suffering in times of crisis Beginning with the Community Development section the process context and methods for community engagement and development can be viewed from different structural and logical approaches This section explores some of the more relevant historical arguments as well as more contemporary examinations The second section looks at Critical Human and Community Considerations and sheds light on some of the key concepts that are often overlooked poverty race inequality social justice mental health social division when framing community responses to disaster The third section focuses on Fundamental Elements of Caring Communities This section explores the importance practical and measurable impacts of social support empathy inclusion and conflict resolution in creating effective and caring community responses Finally the last section focuses on practice and brings together research and theory into applied programming examples and evidence from on the ground efforts to establish caring communities that respond to local needs in times of crisis and beyond By addressing these objectives this book provides a more complete understanding of the essential role that community can play in disaster mitigation Doing this will provide a better focus for ongoing research endeavors and program and policy initiatives at the community level that seek to prepare for respond to and recover from natural and other disasters As a result this book contributes to wider and more sustainable development of our communities beyond disasters while furthering dialog among community scholars and practitioners

Action on Poverty Today Issue 17 (Summer 2007) , The Routledge Handbook of International Development, Mental Health and Wellbeing Laura Davidson,2019-06-19 Mental health has always been a low priority worldwide Yet more than 650 million people are estimated to meet diagnostic criteria for common mental disorders such as depression and anxiety with almost three quarters of that burden in low and middle income countries Nowhere in the world does mental health enjoy parity with physical health Notwithstanding astonishing medical advancements in treatments for physical illnesses mental disorder continues to have a startlingly high mortality rate However despite its widespread neglect there is now an emerging international imperative to improve global mental health and wellbeing The UN s current international development agenda finalised at the end of 2015 contains 17 Sustainable Development Goals SDGs including SDG3 which seeks to ensure healthy lives and promote wellbeing for all at all ages Although much broader in focus than the previous eight Millennium Development Goals MDGs the need for worldwide improvement in mental health has finally been recognised This Handbook addresses the new UN agenda in the context of mental health and sustainable development

examining its implications for national and international policy makers decision makers researchers and funding agencies Conceptual evidence based and practical discussions crossing a range of disciplines are presented from the world s leading mental health experts Together they explore why a commitment to investing in mental health for the fulfilment of SDG3 ought to be an absolute global priority **D.C.
