Community Policing And Peacekeeping Advances In Police Theory And Practice:

Community Policing and Peacekeeping Peter Grabosky, 2009-06-25 In modern industrial societies the demand for policing services frequently exceeds the current and foreseeable availability of public policing resources Conversely developing nations often suffer from an inability to provide a basic level of security for their citizens Community Policing and Peacekeeping offers a fresh overview of the challenge *Community Policing* Dominique Wisler, Ihekwoaba D. Onwudiwe, 2009-06-10 Community oriented policing COP is the ideology and policy model espoused in the mission statements of nearly all policing forces throughout the world However the COP philosophy is interpreted differently by different countries and police forces resulting in practices that may in fact run far afield of the community based themes of partnership **The New Khaki** Arvind Verma, 2010-12-14 In a democratic society police are expected to be accountable to the people they serve upholding the rights of citizens and following due process In India however political pressure in the competitive electoral arena forces the police to adopt questionable means and dubious strategies As a hierarchical bureaucratic organization disciplined in a military tradition and schooled in colonial traditions of deference to authority figures India's police personnel have effectively alienated the very people they are supposed to serve and protect In response to the overwhelmingly bleak pessimism of researchers and analysts scrutinizing India's police force *The New Khaki The Evolving Nature of Policing in India* highlights those unobtrusive and indirect paths toward effective transformation in spite of politicians and bureaucrats Analyzing the obstacles to reform the book argues forcefully and systematically to present areas of potential innovation and successful case studies Focusing on practical and actionable options the book examines how the use of new technology the judiciary and other creative administrative mechanisms can give determined police leaders the methods to change the policing system and its practices It also provides strong evidence for the role of research and scholarship in transforming the police organization offering illustrative examples and creative responses to endemic problems The case studies presented here suggest that even when the powerful sections of society and those who control the police are not ready to bring changes imaginative police leadership can find creative means to transform their organization to serve the people *The New Khaki The Evolving Nature of Policing in India* is a must read for all those who are concerned about policing and interested in its improvement for a better world *Policing Organized Crime* Petter Gottschalk, 2009-08-26 When criminal activity is as straightforward as a child's game of cops and robbers the role of the police is obvious but today's bad guys don't always wear black In fact the most difficult criminals to cope with are those who straddle the gray divide between licit and illicit activity Many of these nefarious sorts operate on the fringe of society **Police Investigative Interviews and Interpreting** Sedat Mulayim, Miranda Lai, Caroline Norma, 2014-09-03 Police interviews with suspects and witnesses provide some of the most significant evidence in criminal investigations Frequently challenging they require special training and skills This interaction process is further complicated when the suspect or witness does not speak

the same language as the interviewer A professional reference that can be found in *Policing in Hong Kong* Kam C. Wong, 2015-03-06

The HKP Hong Kong Police Asia's Finest is a battle tested professional organization with strong leadership competent staff and deep culture It is also a continuously learning and reforming agency in pursuit of organisational excellence *Policing in Hong Kong History and Reform* is the first and only book on the development of the Hong Kong

International Police Cooperation Frederic Lemieux, 2013-01-11 This book sets out to analyse the key emerging issues and theory and practice of international police cooperation Contributors explore emerging initiatives and new challenges in several contexts at both national and international levels *Honor-Based Violence* Karl Anton Roberts, Gerry Campbell, Glen Lloyd, 2013-11-25

Honor based violence HBV is a crime committed to protect or defend the honor of a family and or a community It is usually triggered by the victim's behavior which the family and or community regards as causing offense or dishonor HBV has existed for thousands of years but has only very recently become a focus of law enforcement policy makers

Mission-Based Policing John P. Crank, Dawn M. Irlbeck, Rebecca K. Murray, Mark Sundermeier, 2017-07-27 The research revolution in police work has uncovered a multitude of data but this contemporary knowledge has done very little to change the way things are done in most police departments across the U S where the prevalent form of policing is based on the traditional model of district assignments and random preventive patrol **Mission Based Policing** **Crime Linkage** Jessica Woodhams, Craig Bennell, 2014-10-27 The increasing portrayal of forensic investigative techniques in the popular media CSI for example has resulted in criminals becoming forensically aware and more careful about leaving behind physical evidence at a crime scene This presents law enforcement with a significant problem how can they detect serial offenders if they cannot rely on physical evidence

Los Angeles Police Department Meltdown James Lasley, 2012-08-08 Once considered among the most respected police departments in the world the LAPD suffered a devastating fall from grace following the 1991 police officer beating of Rodney King and the Los Angeles riots stemming from the officers acquittal in 1992 Unique to the literature of policing management and policy studies *Los Angeles Police Department Meltdown* Police Reform in China Kam C. Wong, 2011-10-11 Sweeping changes have altered the cultural landscape of China This volume provides an insightful glimpse of policing in the midst of such change Beginning with a historical account of police reform in the region since 2000 it discusses the difficulties encountered in trying to understand Chinese policing Demonstrating how old ideologies are increasingly in conflict with the values and lifestyles of a new mentality the book discusses steps that can be taken to improve professionalism The final chapters highlight the importance of understanding the Chinese people culture values and interests in order to truly effectuate successful police reform **Security Governance, Policing, and Local Capacity** Jan Froestad, Clifford Shearing, 2012-12-13

The security governance of South Africa has faced immense challenges amid post apartheid constitutional and political transformations In many cases policing and governmental organizations have failed to provide security and other services to the poorest inhabitants *Security Governance Policing and Local Capacity* explores an

experiment that too The International Trafficking of Human Organs Leonard Territo, Rande Matteson, 2011-10-14
International illicit trade in human organs is on the increase fueled by growing demand and unscrupulous traffickers In order to truly understand the problem of organ trafficking an analysis should take into account the various perspectives that come into play in this multifaceted issue With contributions from international scholars and experts **Cold Cases** James M. Adcock, Sarah L. Stein, 2014-10-29 Because the investigation of cold cases is usually an arduous and time consuming task most law enforcement agencies in the United States are not able to dedicate the resources necessary to support the cold case investigation process However when those cases are fully pursued and prosecuted they often result in convictions and lengthy prison terms Cold Cases Evaluation Models with Follow up Strategies for Investigators Second Edition saves law enforcement time by providing detailed guidelines for determining if a cold case is solvable and if so how to organize manage and evaluate the investigation It also provides techniques for developing investigative strategies to complement the evaluation process and resolve the crime This second edition features a new revised model and methodology for investigating cold cases suitable for all police and public safety agencies large or small domestic or international This new model is more expeditious and convenient for departments that have less manpower and experience in dealing with cold cases It emphasizes the prioritization of cold cases based on the availability of physical evidence and the chances of deriving matches from said evidence and an identified person of interest Additional topics covered in the second edition include How cases go cold Strategies for creating a cold case unit Cold case investigations in a Dutch educational environment a chapter written by members of the Dutch Police Academy New forensic science technologies including DNA CODIS and AFIS Case studies demonstrating advances in suspectology Strategies for effective investigative interviewing Challenges posed by staged crime scenes in cold cases How to craft a cold case evaluation report The expert authors of this book maintain The Center for the Resolution of Unresolved Crimes and conduct training and consulting worldwide Their practical book is designed to help law enforcement agencies resurrect long forgotten cases bringing closure to victims and holding accountable those who are responsible This book is part of the Advances in Police Theory and Practice series **The Crime Numbers Game** John A. Eterno, Eli B. Silverman, 2017-07-27 In the mid 1990s the NYPD created a performance management strategy known as Compstat It consisted of computerized data crime analysis and advanced crime mapping coupled with middle management accountability and crime strategy meetings with high ranking decision makers While initially credited with a dramatic reduction in crime questions quic *UN Peace Operations and International Policing* Charles T. Hunt, 2014-09-15 This book addresses the important question of how the United Nations UN should monitor and evaluate the impact of police in its peace operations UN peace operations are a vital component of international conflict management Since the end of the Cold War one of the foremost developments has been the rise of UN policing UNPOL Instances of UNPOL action have increased dramatically in number and have evolved from passive observation to participation in frontline law enforcement activities

Attempts to ascertain the impact of UNPOL activities have proven inadequate This book seeks to redress this lacuna by investigating the ways in which the effects of peace operations and UNPOL in particular are monitored and evaluated Furthermore it aims to develop a framework tested through field research in Liberia for Monitoring and Evaluation M E that enables more effective impact assessment By enhancing the relationship between field level M E and organisational learning this research aims to make an important contribution to the pursuit of more professional and effective UN peace operations This book will be of much interest to students of peace operations conflict management policing security studies and IR in general

Security in Post-Conflict Africa Bruce Baker, 2009-08-05 Policing is undergoing rapid change in Africa as a result of democratization the commercialization of security conflicts that disrupt policing services and peace negotiations among former adversaries These factors combined with the inability of Africa's state police to provide adequate protection have resulted in the continuing popularity of va

Police Performance Appraisals Serdar Kenan Gul, Paul O'Connell, 2012-09-24 Police performance appraisal is one of the most important components of law enforcement management affecting the quality of the services a department delivers as well as the satisfaction of its employees Therefore it is crucial that the performance appraisal process is conducted in an effective and equitable manner Police Performance Appraisals A Comparative Perspective employs the comparative case study approach to evaluate systems in police departments in two diverse locales Ankara Turkey and Toledo Ohio The study seeks to determine whether there are any common trends or obvious similarities that transcend national and cultural boundaries From this information best practices can be identified to improve the system of any police organization The data from the survey raises a host of issues essential to police management Are traditional or modern appraisal systems more preferable to police personnel Are field and command officers' perceptions of the performance evaluation instruments in their departments similar or do they differ from those of their subordinates Asking these and other critical questions the authors also examine the relationship between the officer's perception of the appraisal system and his or her rank taking into account level of education gender age and years of service Employing both qualitative and quantitative methodologies this study yields important findings and valuable insights for police organizations as to which characteristics an appraisal process should have for the best quality system Lessons learned from this study should provide guidance to future efforts to design better appraisal systems and may also contribute to heightened focus on nationwide assessments of evaluation practices and standards for police organizations
