

Comparison and contrast of two restaurants

The two restaurants that I would be comparing and contrasting are in opposite directions from 3221 Enterprise Way, Miramar, FL 33025. Restaurant A is fifteen minutes drive from the school and is situated on the way of going to my home. It is situated in a busy market area. Whereas restaurant B is around twenty-five minutes drive from the school and is situated in a place, away from the hustle and bustle of city life.

The ambience of the both the places is as contrasting as the locations and surroundings in which they are located. Restaurant A is very elegantly designed and has glass table tops and bright colored chairs. It has an elaborate menu, which consists of mostly continental dishes. The waiters of this restaurant are very well behaved but since this place is occupied with lots of customers, they are always rushing from one table to another. Due to this restaurant's popularity and large customer base, there is a great time gap between placing the order and food delivery on the table. If one is alone, then there are chances of getting bored while waiting for food. From outside this place is beautifully decorated but lack of enough parking spaces is a major disadvantage. The food is excellent but slow service kills the excitement of visiting this place.

However this place is also a great time pass because at any given time one gets an opportunity to observe different kinds of people. Once my friend and I visited this restaurant in the busy afternoon hours. We were very hungry and it would have been difficult to pass our time, waiting for the food to arrive. But one incident engrossed our attention so much that the twenty minutes of wait did not seem much to us. Two middle-aged women, sitting on different tables had ordered the same thing. The waiter got confused as to which woman had placed the order first. In this confusion he brought the food to the woman who had placed the order after the other one. Looking at this the other woman started to scold the waiter. The waiter tried to politely beg his pardon for the mistake he had committed. The woman did not want to let away the matter so easily. She demanded that since the woman who got the food first had not started eating, the food should be brought to her table. That woman did not want this to happen. Both of them started quarrelling with each other, much to the amusement of other customers. The two of us enjoyed this incident very much and had nearly forgotten about our hunger amongst so much of commotion.

Though it takes more time to reach Restaurant B than Restaurant A, quick service of this place, makes up for more time wasted on travelling when compared to time taken to reach restaurant A. I generally visit these restaurants after school, so the days on which I visit restaurant B, means covering double distance to reach home. Since restaurant B specializes in my favorite cuisine – Chinese, travelling double distance is worth it. The charge of both the places for a fulfilling meal is nearly equal.
