**Anderson Cooper** Stephanie Watson, 2007-08-15 This is the engaging biography of a popular TV news anchor whose specialty is covering wars and natural disasters. After starting as a fact checker after graduating from Yale, Anderson Cooper moved overseas to Burma and Vietnam and began using his own video camera to film situations and stories as he encountered them. Over his career, he has covered many global headline events, but it was his coverage of the aftermath of Hurricane Katrina that made Cooper famous. He brought a human face and raw emotion to the coverage, empathizing with the people's anger, fear, and frustration. Within Our Reach Rosalynn Carter, Susan K. Golant, Kathryn E. Cade, 2010-04-27 In *Within Our Reach*, Rosalynn Carter and coauthors Susan K. Golant and Kathryn E. Cade render an insightful, unsparing assessment of the state of mental health. Mrs. Carter has been deeply invested in this issue since her husband, former President Jimmy Carter, campaigned for governor of Georgia when she saw firsthand the horrific dehumanizing treatment of people with mental illnesses. Using stories from her 35 years of advocacy to springboard into a discussion of the larger issues at hand, Carter crafts an intimate and powerful account of a subject previously shrouded in stigma and shadow, surveying the dimensions of an issue that has affected us all. She describes a system that continues to fail those in need, even though recent scientific breakthroughs with mental illness have potential to help most people lead more normal lives. *Within Our Reach* is a seminal, searing, and ultimately optimistic look at how far we've come since Jimmy Carter's days on the campaign trail and how far we have yet to go.

**The Mind of a Journalist** Jim Willis, 2010 What propels an individual into becoming a professional observer and chronicler of society, joining a group that is often targeted for criticism by the general public? Can a journalist really have an objective view of the world and the way it operates, or do journalists

each operate from a specific worldview parts of which are held in common by all journalists Do journalists feel they can become involved in normal social and civic activities or is the world a detached storehouse of ideas for stories Is the journalist most effective on the sidelines of society or in getting involved in the action or taking to the field as a referee or field judge If journalists are so devoted to the ideals of objectivity detachment truth and providing an accurate view of the world why do so many of them leave journalism and move into public relations media consulting and advertising These are just some of the issues explored in *The Mind of a Journalist How Reporters See Themselves Their Stories and the World* For students and would be journalists this book analyzes the rational processes journalists use in defining themselves their world and their relation to that world Written by veteran journalist and noted professor Jim Willis with many observations from working and recently retired journalists from both print and broadcast the goal of the book is to put this discussion of journalist thinking into the classroom alongside discussion of reporting and writing techniques Ultimately the book provides added insights to how journalists think and why they do what they do Features Benefits Included throughout the book are many observations interviews from working journalists at such media outlets as The Los Angeles Times The Boston Globe CNN The Memphis Commercial Appeal WRTV Television in Indianapolis and The Daily Oklahoman A running single story example President s Bush s decision to invade Iraq in 2003 shows how the same story was treated by several different journalist mindsets and thereby examining how these different mindsets defined the issues of truth ethics and legality for this story     Anderson Cooper (EasyRead Super Large 24pt Edition) ,     **Anderson Cooper (EasyRead Super Large 18pt Edition) ,**

Massé,2011-10-06 The role of journalists in covering trauma and tragedy isn't new Witnessing acts of violence destruction and terror has long been the professional responsibility of countless print and broadcast reporters and photographers But what is new is a growing awareness of the emotional consequences of such coverage on the victims their families and loved ones their communities and on the journalists whose job it is to tell these stories Trauma Journalism personalizes this movement with in depth profiles of reporters researchers and trauma experts engaged in an international effort to transform how the media work under the most difficult of conditions Through biographical sketches concerning several significant traumatic events Oklahoma City bombing Columbine school tragedy 9 11 Iraq War the South Asian tsunami Hurricane Katrina students and working reporters will gain insights into the critical components of contemporary journalism practices affecting news judgment news gathering techniques as well as legal and ethical issues Trauma Journalism calls for the creation through ongoing education of a culture of caring among journalists worldwide      **Creating a Freelance Career** Jill Ferguson,2018-09-03 Creating a Freelance Career covers everything anyone needs to know about becoming a freelance writer graphic designer copy editor artist musician or any other creative occupation It includes chapters on how to get started with your career and where to look for work how to write pitch or query letters how to work with contract employers and how to build and sustain your business Lingo necessary for successfully navigating the freelance world is defined throughout Author Jill L Ferguson an experienced freelance professional and educator guides you through finding success in the gig economy discussing how to pursue freelancing with an entrepreneurial spirit Creating a Freelance Career includes examples of what to do and what not to do when pursuing freelance projects and includes perspectives from additional real life professionals who have found success in their fields      Dyslexia and the Journalist Tony Silvia,Suzanne Arena,2021-08-12 For aspiring journalists the challenges of dyslexia can seem insurmountable especially in the face of an

educational system that is ill equipped to help Many with dyslexia and related learning and attention deficit disorders also struggle with low self esteem and emotional health leading to the assumption that they cannot succeed especially in a profession dominated by reading and writing This book profiles famous broadcast journalists who overcame the long overlooked often misdiagnosed learning disability dyslexia to succeed at the highest level Among them are Emmy Award winners including CNN s Anderson Cooper and Robyn Curnow NBC s Richard Engel and ABC s Byron Pitts For students and practicing journalists it is a resource to learn more about dyslexia and how best to approach covering the invisible disability Each of the journalists profiled offer advice into the best practices in researching interviewing writing and presenting issues related to dyslexia

Sarajevo's Holiday Inn on the Frontline of Politics and War Kenneth Morrison, 2016-05-26 Sarajevo s Holiday Inn on the Frontline of Politics and War charts the rich history of the city s famous Holiday Inn hotel Describing in detail the tumultuous events that took place within its walls and in its immediate environs

Blue,2016-08-04 Since six months after landfall Ellen Blue has taught The Church's Response to Katrina It sidesteps disaster response where clearly the church should be involved What was unclear was how leaders in a connectional denomination like United Methodism should decide which churches to merge or decommission after floods destroyed seventy churches and displaced ninety pastors and no one knew how many members would return Katrina gave the church a chance to re make itself without deteriorating structures in no longer thriving neighborhoods Yet as members returned to chaos they sought solace Should the church meet needs for Sanctuary and reassurance or use newfound flexibility to seek justice In Case of Katrina examines leadership strategies and the theological convictions that underlay them during the struggle to decide The larger United Methodist Church controls real estate and the hierarchy had the power to choose Instead they let verdicts spring primarily from congregants and pastors on the ground through a long controversial process Recovery has been entwined with issues of race and class Cooperation among African American and Anglo congregations has birthed vibrant multi racial worship and ministries Yet other prophetic ministry was left undone and it should set the agenda for the next decade
