Visualizing Sensuous Suffering and Affective Pain in Early Modern Europe and the Spanish Americas ,2018-01-03 Visualizing Sensuous Suffering and Affective Pain in Early Modern Europe and the Spanish Americas is a trans cultural collection of studies on visual treatments of the phenomena of suffering and pain in early modern culture Ranging geographically from Italy Spain and the Low Countries to Chile Mexico and the Philippines and chronologically from the fourteenth to the eighteenth centuries these studies variously consider pain and suffering as somatic emotional and psychological experiences From examination of bodies shown victimized by brutal public torture to the sublimation of physical suffering conveyed through the incised lines of Counter Reformation engravings the authors consider depictions of pain and suffering as conduits to the divine or as guides to social behaviour indeed often the two functions overlap

No Peace Without Prayer Timothy Wright,2013-11-07 Abbot Timothy Wright proposes sowing a small seed from which might grow a greater respect between the world s two largest religions Christianity and Islam Indeed he believes that the seed has already been planted Christians give unique value to their revealed Scriptures as the Word of God Muslims speak of the Qur an as God speaking to them In *No Peace without Prayer* Wright presents the case for developing this faith in the Word of God to establish groups of Christians and Muslims dedicated to sharing their respective Divine Word in ways that enhance the other This is not a tussle for converts but a way into greater mutual understanding under the eye of the God who communicates this Word to create a new shared memory Such is a work of prayer a prayer that could lead to greater peace The key word says Wright is partnership arising from their shared belief in the One God creator of the universe communicating with the human world and merciful to the repentant

The Oxford Handbook of Ezekiel Corrine Carvalho,2023-09-22 The current state of scholarship on the book of Ezekiel one of the three Major Prophets is robust Ezekiel unlike most pre exilic prophetic collections contains overt clues that its primary circulation was as a literary text and not a collection of oral speeches The author was highly educated the theology of the book is dim and its view of humanity is overwhelmingly negative In *The Oxford Handbook of Ezekiel* editor Corrine Carvalho brings together scholars from a diverse range of interpretive perspectives to explore one of the Bible s most debated books Consisting of twenty seven essays the Handbook provides introductions to the major trends in the scholarship of Ezekiel covering its history current state and

emerging directions After an introductory overview of these trends each essay discusses an important element in the scholarly engagement with the book Several essays discuss the history of the text its historical context redactional layers text criticism and use of other Israelite and near eastern traditions Others focus on key themes in the book such as temple priesthood law and politics while still others look at the book s reception history and contextual interpretations including art Christian use gender approaches postcolonial approaches and trauma theory Taken together these essays demonstrate the vibrancy of Ezekiel research in the twenty first century

Hearing Homophony Megan Kaes Long, 2020-04-28

The question of tonality s origins in music s pitch content has long vexed many scholars of music theory However tonality is not ultimately defined by pitch alone but rather by pitch s interaction with elements like rhythm meter phrase structure and form Hearing Homophony investigates the elusive early history of tonality by examining a constellation of late Renaissance popular songs which flourished throughout Western Europe at the turn of the seventeenth century Megan Kaes Long argues that it is in these songs rather than in more ambitious secular and sacred works that the foundations of eighteenth century style are found Arguing that tonality emerges from features of modal counterpoint in particular the rhythmic phrase structural and formal processes that govern it and drawing on the arguments of theorists such as Dahlhaus Powers and Barnett she asserts that modality and tonality are different in kind and not mutually exclusive Using several hundred homophonic partsongs from Italy Germany England and France Long addresses a historical question of critical importance to music theory musicology and music performance Hearing Homophony presents not only a new model of tonality s origins but also a more comprehensive understanding of what tonality is providing novel insight into the challenging world of seventeenth century music

Rewriting the Word "God" Romana Huk, 2025 Innovative poetry philosophy theology and new sciences converge in the project of rewriting the

word God In *Rewriting the Word God* Romana Huk examines the substantive connections between innovative poetry of the last century and contemporary theology and philosophy Along the way we encounter ten poets who have without abandoning their inherited or chosen faith traditions radically rethought conceptualizations of divinity human ontology and the real From the startlingly proto phenomenological encounters with nature by Gerard Manley Hopkins to the post deconstructive pursuit of oracular speech in Fanny Howe these poets have found inspiration in a wide range of sources from ancient religious texts to modern philosophical movements But what unites them is their willingness to continually change experiment and challenge the status quo both in their religious beliefs and their poetic practice Huk shows how these poets have used their work to explore ultimate questions of life and death meaning and purpose and the relationship between humans and materiality humans and other humans which for these poets sheds light on humanity s relationship with the divine She also highlights the ways in which they have engaged with social and political issues in their poetry to speak out against injustice and oppression *Rewriting the Word God* is a thought provoking and inspiring work that will challenge current perceptions of both religion and poetry from new positions at the intersection of faith art philosophy science literary theory and culture

Ezekiel's Sign-Acts Tyler D. Mayfield, Penelope Barter, 2024-11-04 The Ezekiel passages describing the instructions for and dramatization of divine messages Ezekiel 3 5 12 24 37 are among the most bizarre in the Hebrew Bible The prophet is commanded to embody his message of judgment to Jerusalem and these actions clarify the oracles they surround Yet these sign acts are frequently overlooked within Ezekiel studies which tend to focus on the book s strange visions and controversial oracles This volume addresses the growing diversity in approaches in Ezekiel studies by inviting international senior and junior scholars to focus on the texts concerning Ezekiel s sign acts It aims to redirect scholarly attention to these often ignored texts which stand so central to understanding the nature of prophecy as well as the overall book of Ezekiel

Pentecostal Hermeneutics Lee Roy Martin, 2013-09-19 In *Pentecostal Hermeneutics* A Reader Lee Roy Martin brings together fourteen significant publications on biblical interpretation along with a new introduction to Pentecostal hermeneutics and an extensive up to date bibliography on the topic Organized chronologically these essays trace the development of Pentecostal hermeneutics as an academic discipline The concerns of modern historical criticism have often stood at odds with Pentecostalism s use of Scripture Therefore over the last three decades Pentecostal scholars have attempted to identify the unique characteristics and interpretive practices of their tradition and to offer

constructive proposals for a Pentecostal hermeneutic that would be critically valid and at the same time be consistent with the Pentecostal ethos and conducive for the continued development of the global Pentecostal movement Contributors include Rickie D Moore John Christopher Thomas Jackie David Johns Cheryl Bridges Johns John W McKay Robert O Baker Scott A Ellington Kenneth J Archer Robby Waddell Andrew Davies Clark H Pinnock and Lee Roy Martin A Rhetorics of the Word George Pattison, 2019-11-28 A Rhetorics of the Word is the second volume of a three part philosophy of Christian life It approaches Christian life as expressive of a divine calling or vocation The word Church ekklesia and the role of naming in baptism indicate the fundamental place of calling in Christian life However ideas of vocation are difficult to access in a world shaped by the experience of disenchantment The difficulties of articulating vocation are explored with reference to Weber Heidegger and Kierkegaard These are further connected to a general crisis of language manifesting in the degradation of political discourse Arendt and the impact of new communications technology on human discourse This impact can be seen as reinforcing an occlusion of language in favour of rationality already evidenced in the philosophical tradition and technocratic management New possibilities for thinking vocation are pursued through the biblical prophets with emphasis on Buber's and Rosenzweig's reinterpretation of the call of Moses Saint John and Russian philosophies of language Florensky to Bakhtin Vocation emerges as bound up with the possibility of being name bearers enabling a mutuality of call and response This is then evidenced further in ethics and poetics where Levinas and Hermann Broch The Death of Virgil become major points of reference In conclusion the themes of calling and the name are seen to shape the possibility of love the subject of the final part of the philosophy of Christian life A Metaphysics of Love
