Martinez,Junko Yokota,Charles Temple,2017-04-18 Much of teachers attention these days is focused on having students read closely to ferret out the author s intended meaning and the devices used to convey that meaning But we cannot forget to guide students to have moving engagements with literature because they need to make strong personal connections to books of merit if they are to become the next generation of readers literate people with awareness of and concern for the diversity of human beings around them and in different times and places Fortunately guiding both students personal engagement with literature and their close reading to appreciate the author s message and craft are not incompatible goals This book enthusiastically and intelligently addresses both imperatives first surveying what is gained when students are immersed in literature then celebrating and explicating the main features of literature students need to understand to broaden their tastes and deepen their engagement at the same time they meet external standards then presenting a host of active methods for exploring all major genres of children s books and finally presenting suggestions for interdisciplinary teaching units grounded in literature Created by noted leaders in the fields of children s literature and literacy the book is enlivened by recurring features such as suggested reading lists issues for discussion links to technology and annotations of exemplary books      **The Catholic Library World** ,2002      *Infusing Technology in the 6-12 Classroom* Valerie Morrison,Stephanie Novak,Tim Vanderwerff,2022-08-24 6 12

teachers will discover how to integrate the tech requirements found within today's academic standards into their everyday curriculum. Perhaps your district provides current technology development for staff on a regular basis and has instructional coaches to help teachers infuse technology into their curriculum to meet various academic standards. But in reality, most districts don't have this kind of support. In this book, the second in a two-book series, you'll learn how to shift your instructional practice and leverage technology to meet today's curriculum education standards for grades 6-12. This book doesn't cover every 6-12 national standard but identifies the standards with a technology component and provides resources and lessons to help you teach those standards effectively. This book includes Classroom-tested lesson ideas in English language arts, math, science, and social studies mapped to ISTE and tech-related standards to support college and career readiness. Lists of technology-embedded college and career readiness standards for each grade level along with practical ideas and up-to-date resources, apps, software, and websites that can be used in meeting these standards. Suggestions for addressing roadblocks to incorporating technology in the classroom. Ways to incorporate staff development and parental support at the school level. Access to a companion website with information on the tools referenced in the text. With the implementation of these strategies, you'll help your students become self-directed and critical readers, writers, and thinkers so they're better prepared for the future. *Communicator*, 1999 Engaging Young Readers L. Robert Furman, 2022-08-26

This book features practical reading strategies for elementary students with a focus on how technology can be used to improve the skills of a wide range of readers. Educators must be able to engage with readers at every level. They must also be able to evaluate where each student lies on the continuum and improve students' skills to bring them to the appropriate level. Engaging Young Readers is a beginner-level guide focusing on developmental reading strategies for elementary students at all stages with guidance on how to use technology to improve the skills of beginning readers, struggling readers, reluctant readers, enriched readers, and English Language Learners (ELLs). Topics covered include Using music as an instructional tool, Choral reading and read-alouds, Graphic organizers, Dramatic learning and literature circles, Writing workshops, and much more. This book gives teachers the strategies and technology they need to meet their students where they are in their reading ability so they can move forward in their personalized skill development. **Children's Software & New Media Review**, 2004 Infusing Technology in the K-5 Classroom Valerie Morrison, Stephanie Novak, Tim Vanderwerff, 2022-08-24
