## **Distinctive Home American Institute Architects:**

**The Distinctive Home** Jeremiah Eck, 2006-04-04 Jeremiah Eck believes that distinctive homes are a result of a balance between site floor plan exterior elements and interior details The Distinctive Home is arranged by each of these four key elements with examples of each Eck's tone is accessible and friendly taking the homeowner by the hand and walking them through each element His practical and thoughtful approach to home design will enable the homeowner to articulate exactly what they require in order to create a house that reflects their needs lifestyle and spirit At the end of each chapter Eck profiles a house in detail showing how the four key elements work together to create a truly distinctive home After reading The Distinctive Home readers will not only have a clear picture of what they like but they'll understand and be able to communicate why they like it Eck is a passionate advocate for better designed houses and this book encourages people to rethink the houses they build and create a lasting impression on those who experience them **The Distinctive Home**
