Pastor,2015-10-09 In the last several years much has been written about growing economic challenges increasing income
inequality and political polarization in the United States Addressing these new realities in America s metropolitan regions
this book argues that a few lessons are emerging first inequity is bad for economic growth second bringing together the
concerns of equity and growth requires concerted local action and third the fundamental building block for doing this is the
creation of diverse and dynamic epistemic or knowledge communities which help to overcome political polarization and to
address the challenges of economic restructuring and social divides The Standard ,1903 **Newsletter** ,1997
