End Time Visions The Doomsday Obsession:

End-time Visions Richard Abanes,1998 Presents defining insights into the ever present obsession with the end of the world made even more profound by the prophetic storm gathering around the new millennium Reviews historical precedents from the Middle Ages and the Renaissance and examines the myriad doomsday prophets that have sprung up in America amid the chaos of the new Russia as well as in many other international movements Publisher s description [The Left Behind Fantasy](#) William Powell Tuck,2010-02-18 The popular Left Behind series by Tim LaHaye and Jerry Jenkins has sold more than 62 million copies since the first volume appeared in 1995 Jerry Falwell pronounced it the most important series of books in the history of modern Christianity Many readers have assumed it gives the true facts about the way the world will end and what will happen to all the people in it But according to real biblical scholarship this series is seriously flawed Based on a misreading of many scriptures including Daniel and the Book of Revelation it has fed a kind of hysteria in the Christian populace that has led many people to reorder their existence in expectation of an impending doom and the sudden unexpected return of Jesus In this book William Powell Tuck carefully and authoritatively refutes the premises and faulty theology of the Left Behind books critiquing them in the light of genuine biblical scholarship and common sense **Pocket**

The Rise and Fall of Dispensationalism Daniel G. Hummel,2023-05-04 A fascinating history of dispensationalism and its influence on popular culture politics and religion In The Rise and Fall of Dispensationalism Daniel G Hummel illuminates how dispensationalism despite often being dismissed as a fringe end times theory shaped Anglo American evangelicalism and

the larger American cultural imagination Hummel locates dispensationalism's origin in the writings of the nineteenth century Protestant John Nelson Darby who established many of the hallmarks of the movement such as premillennialism and belief in the rapture. Though it consistently faced criticism, dispensationalism held populist and briefly scholarly appeal visible in everything from turn of the century revivalism to apocalyptic bestsellers of the 1970s to current internet conspiracy theories. Measured and irenic Hummel objectively evaluates evangelicalism's most resilient and contentious popular theology. As the first comprehensive intellectual cultural history of its kind, *The Rise and Fall of Dispensationalism* is a must read for students and scholars of American religion.

The Prophecy That Is Shaping History Jon Mark Ruthven, Jon Ruthven, 2003. Millions of Jews, Christians, and Muslims believe that a 2,500-year-old prophecy is about to be fulfilled: a global apocalyptic jihad of many nations against the tiny state of Israel, whose recent re-emergence in its traditional land has sparked unrelenting rage and attack. Repeated resolutions passed in the United Nations reflect world-wide and nearly unanimous hostility against the so-called Zionist entity, even to the point of denying its right to exist. Most news media and political analysts seem unaware of the ancient prophecy that not only predicts this apocalyptic war but also amazingly how this prophecy, by Ezekiel chapters 36-44, provides the scenario for numerous best-selling books in both the English-speaking and Muslim worlds. These best sellers not only describe this great conflagration but actually also motivate their

readers to prepare for it *The Prophecy That Is Shaping History* represents a major advance in research and scholarship in examining the historical and contemporary impact of Ezekiel's prophecy on world events. This academic monograph also offers a wealth of new evidence in tracing the identities, origins, and ultimate destinies of the key nations of Ezekiel's prophecy who are seen to participate in what millions believe will be the most horrific battle the world will ever witness.

Trajectory of the 21st Century Lawrence J. Terlizzese, 2009-01-10 *Trajectory of the Twenty first Century* explores what many prophets of the twentieth century such as Oswald Spengler, Paul Tillich, Aldous Huxley, Jacques Ellul, and others have predicted would transpire in the current century. Their vision included an out of control technological system and a return to religious sentiment that will ultimately undermine the system to which it is reacting. This book aims to accurately present their positions and draw certain logical conclusions from them that pertain to the course of history in our time. The book's theme argues that modernity is a secularized version of millennial Christianity which reaches its fullest development in the twenty first century and will regress into what Russian philosopher Nicholas Berdyaev called the new Middle Ages or a new religious period. This will mean the twilight of modern technological society as its values of rationalism give way to a post-rationalist society. Ironically, decline will come through further technological advance. Omnicide threatens through religious world war driven by transcendent values and modern weaponry. Jihadist thinking and posthumanist technology both establish the omnicidal mentality. New technologies such as genetic engineering and artificial intelligence created under millennial inspiration to reach for immortality could potentially bring an end to the human species either through a slow steady obsolescence or through environmental catastrophe. The titanic forces of technological progress and regress are on a direct collision course in the twenty first century.

Wayne House, 2019-02-19 With all of the different religions sects denominations and belief systems out there it can be difficult to separate the facts from mere opinion especially if one is relying solely on online sources which may or may not be vetted and which often have an ideological or political slant to them How can we truly understand if we cannot even be sure we are getting the facts straight In this comprehensive resource more than 75 evangelical scholars offer a thoroughly researched guide to Christianity other world religions and alternative religious views including entries on movements theological terms and major historical figures Perfect for pastors students and anyone who wants ready access to information on today's religious landscape

Back to the Future Ralph E. Jr. Bass, Ralph Bass, 2004-07 After embracing the theology of Dispensationalism for thirty three years doubts grew in the author's mind concerning the issues raised by eschatological questions While pastoring he avoided the subject But one day he was asked questions on prophecy that he simply could no longer answer with commitment or conviction It was time to find some real answers This book began as Sunday school lessons to provide those real answers Long after the Sunday school lessons ended the study and the writing continued Not satisfied with Sunday school answers Dr Bass wanted something definitive for his own benefit and the benefit of others This work is an effort to provide that substance that body of learning beyond the Sunday school class for those that demand more much more Feeling that much of what was out there on the subject was sorely wanting Dr Bass envisaged another work from the loyal opposition of the prevailing opinion something written from a deep conviction in the sufficiency and trustworthiness of Scripture yet something far different from the usual offerings This book is the result of the author's quest

Christian

Zionism Stephen Sizer, 2021-09-13 I am glad to commend Stephen Sizer's groundbreaking critique of Christian Zionism. His comprehensive overview of its roots, its theological basis, and its political consequences is very timely. I myself believe that Zionism, both political and Christian, is incompatible with biblical faith. Stephen's book has helped to reinforce this conviction. Rev. Dr. John Stott: I believe Stephen Sizer is one of the most authoritative scholars in the world on the vital issue of Christian Zionism. He is a very important voice speaking out against this destructive movement that is killing us Palestinians through its theology. Canon Naim Ateek: Stephen Sizer's *Christian Zionism: Road Map to Armageddon* is essential reading for any Western evangelical trying to understand the religious dimensions of American support for Israel. Sizer writes as an insider within the church, not as a critic watching from afar. And he shows with exacting clarity how evangelical eschatology has now embedded itself in a modern political ideology. One quick read of this book will change anyone's perspective on the Middle East permanently. Professor Gary M. Burge: Congratulations on *Christian Zionism*. The index alone makes my mouth water since this is the scholarly treatment to counteract the rabid prophecy pack for which I had been searching. I couldn't be happier that this is published. You and I see eye to eye on this issue. Yours is a true prophetic voice so badly needed in the current prophecy frenzy. And when this mania also affects national and international policy, the danger takes on larger proportions. Professor Paul Maier: Stephen Sizer's work on Christian Zionism is the most important and comprehensive on the subject to date and should be read by all students of the Middle East and by Christians concerned about a just resolution to the Palestinian-Israeli conflict. Christian Zionism raises vital theological and political challenges that must be addressed head on by Christians in the West, particularly evangelicals. The impact of this terribly misguided movement is increasingly putting Christians in the Middle East at risk, and it seems a far cry from the witness and message of Jesus Christ. Dr. Donald Wagner: This study of Christian Zionism based on Stephen Sizer's doctoral thesis is of seminal significance. It provides a fascinating survey of the history of Christian Zionism and an in-depth analysis of the theology of this highly important and influential movement. Rabbi Professor Dan Cohn-Sherbok: *Bearing False Witness?* Douglas E. Cowan, 2003-05-30. From Hare Krishna to the Latter Day Saints and from Jehovah's Witnesses to the New Age, religious pluralism in North America presents evangelical Protestantism with significant challenges. Declaring newer religious groups, cults, aberrant sects, and heretical religions the Christian counterculture movement has warned that these groups represent a threat to society. In *Bearing False Witness*, R. Cowan considers the Christian counterculture as a whole, locating it in sociological perspective as an entity distinct from the secular anti-cult. Through his analysis, the author argues that the primary purpose of the counterculture movement is to reinforce and repair the Christian worldview when it appears threatened by the advent of alternative religious traditions. This unique analysis of the Christian counterculture helps explain why conservative Christian responses to competing religious movements have taken the form that they have, in addition to how those responses are carried out. Unlike the anti-cult movement, which is concerned with removing individuals from cults and returning them to their families, the Christian

countercult movement according to the author attempts not only to remove cultists from the negative influences of the cults to which they belong but also to insure that they will join the particular version of Christianity adhered to by the countercultists themselves Beginning with the countercult's early history the author provides an historical account of the movement and its present activities Since the rise of new religious movements the growing interest in religions imported from outside North America and the broadening of the religious marketplace continues to grow understanding the Christian countercult and its presence as a countervailing pressure to these increasingly socioreligious dynamics becomes ever more important

The Politics of Apocalypse Dan Cohn-Sherbok, 2006 Pervading culture and politics alike Christian Zionism is the fastest growing religious movement in Christianity today with current believers thought to exceed five million in the US alone Proposing a literal reading of the bible it states that a Jewish return to the Holy Land is a requirement for the Second Coming and inevitable Armageddon Promoting common interests between Israel and the Christian World and possessing many well moneyed advocates Christian Zionism has a far reaching influence in today's world In this illuminating book professor and rabbi Dan Cohn-Sherbok traces the transition of Christian Zionism from Puritan times to the present examining the ever increasing role of Armageddon in its belief structure and studying its deep rooted sway on both the Middle East peace process and the American political system Covering Hal Lindsey's books and his invitations to White House Seminars Cohn-Sherbok inspects the growth of the movement and its quintessential role as a political lobbying force invaluable to anyone who seeks a greater understanding of the interplay
