Learn Reiki Healing Healing Yourself, Others Around You, 2024-09-09. Reiki is an ancient healing art which channels universal life energy through the hands of a practitioner into the body of a receiver. Because it is a universal God-given power, Reiki belongs to anybody who is ready to receive the gift of healing hands. Anyone, even children, can easily learn it; no special knowledge is needed except the initiation and transmission of power through a Reiki Master. Teacher. Reiki is a Japanese word meaning universal life energy. The universe, the space around us, is filled with endless and inexhaustible energy. It is this universal, pristine, and productive source of power and energy that also keeps us alive. Reiki is this natural healing energy, and it flows through the hands of the Reiki channel in a powerful and concentrated form. We are all born with this universal life energy, but as we go through life, we become less open, and the flow becomes less pure and free. Reiki means universal life energy. Ki is a part of Reiki, and it flows through everything alive, including our own individual vital life energy. Ki is known to Christians as light, to the Chinese as Chi, to Hindus as Prana, and to Kahunas as Mana. It is also called Bioplasma or Cosmic Energy.

Cosmic Ascension Joshua David Stone, 1998-02-01. Cosmic Ascension: Your Cosmic Map Home. Almost all the books on the planet on the subject of ascension are written about planetary ascension. However, because of the extraordinary times in which we now live, in terms of Earth's history, there is a new opening and potentiality to also begin one's cosmic ascension process. This has never before been available. It must be understood, as Vywamus has said,

that in completing our planetary ascension we are no more than one tenth of the way up a ten inch ruler in terms of our cosmic ascension process This includes most of the ascended masters We on Earth who are working to complete our seven levels of initiation must remember that there are 352 levels of initiation to return to the godhead of Father Mother God at the top of creation Most of the Ascended Masters of the entire Spiritual Hierarchy are not beyond the 12th initiation This is not a criticism just a simple statement of fact The question is What lies beyond the next nine tenths of the ruler and how do we achieve our cosmic ascension as well as our planetary ascension which is no small feat in and of itself It is for this purpose that the author was guided to write this book
