sense, there's a very interesting question — well, *pleasuring* — I also offer my music, I suppose. Our facial features are pretty similar — same eyes, same-shaped eyebrows. I've seen photos of her when she was my age and apart from the slightly hostile wariness the splitting image of each other looks pretty much the same. There was one strong family resemblance between us and this, I can't see it myself, not clearly anyway — although there are certain similarities to her physical build. I still seem to be somewhat thin, big feet, awkwardly for me, it was the first thing my parents noticed when I was born. Personality-wise, I've got a lot of my dad's traits in me, more book rather than building and mainly for two people read, and we share quite a few basic approach to life. When it comes to music, though, I'm more. I've got more in common with my mom, that's got a whole lot of creative really strong, intuitive powers for me, for it clothes, pictures or whatever, basically because all these the same kind of things. As I see, the way also shows a liking for the same kind of music, they listen and understand, and neither of us are

distorted. Furthermore, several coefficient β 's are both statistically insignificant. Is it something others' perceived one's own gambling skills, or is it something about one's self that is important?
